

KSJT –FM San Angelo, Texas & KPTJ –FM San Angelo, Texas

Problems (Issues) & Programs List

September Q3 2023

Both stations are locally managed and involved in the community daily. The two stations serve the community by providing information on local events, changes within our community and creates awareness on issues within the city.

We have live/local DJ's who broadcast:

AM - News, charity fundraisers, school menus, garage sales, hiring, and community bulletin board.

PM – New, weather, live interviews informing on a topic such as politics

Problems that have been identified by company management include:

1. Homeless issue and the leading causes
2. Water contamination issue
3. Growing inflation rates and San Angelo businesses closing

Programs aired to address issues

1. PSA's announcing programs that can provide assistance with rent and utilities
2. Keep the community informed about the water boil notice
3. Promoting resources such as the SBDC to help small businesses with financial issues

Both stations also air weekly church programming for a total of six hours per station.

Most PSA's are provided by the Ad council or recorded within our studio.
