

KSJT –FM San Angelo, Texas & KPTJ –FM San Angelo, Texas

Problems (Issues) & Programs List

October 2020 Q3

Both stations are locally managed and involved in the community daily. The two stations serve the community by providing information on local events, changes within our community and creates awareness on issues within the city.

We have live/local DJ's who broadcast:

AM - News, charity fundraisers, school menus, garage sales, hiring, and community bulletin board.

PM – New, weather, live interviews informing on a topic such as politics

Problems that have been identified by company management include:

1. Coronavirus mandates
2. Election 2020
3. Voting

Programs aired to address issues

1. Promoting the city council meetings, and the state mandates and press conferences
2. Running PSA's on the importance of voting
3. Promoting the upcoming debates

Both stations also air weekly church programming for a total of six hours per station.

Most PSA's are provided by the Ad council or recorded within our studio.
