

KSJT –FM San Angelo, Texas & KPTJ –FM San Angelo, Texas

Problems (Issues) & Programs List

September 2022 Q3

Both stations are locally managed and involved in the community daily. The two stations serve the community by providing information on local events, changes within our community and creates awareness on issues within the city.

We have live/local DJ's who broadcast:

AM - News, charity fundraisers, school menus, garage sales, hiring, and community bulletin board.

PM – New, weather, live interviews informing on a topic such as politics

Problems that have been identified by company management include:

1. Political promotions/voting
2. Local voting issues and ordinances
3. Problems and issues with local pet shelters
4. Continued issue with staffing in businesses

Programs aired to address issues

1. Announcing information on where to register to vote
2. Announcing live about different issues that will be on local ballot
3. Promotion pet adoption and how to support local pet shelter
4. Program to announce job listings and companies looking to hire

Both stations also air weekly church programming for a total of six hours per station.

Most PSA's are provided by the Ad council or recorded within our studio.
