Section I. Issues

The Townsquare Binghamton radio stations listed here have identified the following significant issues facing our community in this quarter:

- A. COVID-19 Health/ Safety.** With rapidly changing circumstances locally surrounding the coronavirus pandemic, there is a need for a wide array of information concerning mental, physical, economic and cultural health of the community, families and individuals.
- B. Economic/ Employment Issues.** Numerous reports continue to show challenges attracting and maintaining sustainable economic drivers and jobs in the region with the Southern Tier often coming in near the bottom of lists of economic recovery with challenges made even worse by a total shutdown of the economy in response to the pandemic.
- C. Crime/ Criminal Justice.** Local law enforcement agencies report the region is struggling with crimes fueled by substance abuse, a proliferation of telephone and internet scams and other attempts to profit off fears from the pandemic.
- D. Culture/Arts/Education.** Area schools and family advocates say there is a need for support of cultural and artistic opportunities and other events affording families quality and educational time together, especially with schools and other educational facilities closed due to the pandemic.
- E. Poverty/Food Insecurity.** The Food Bank of the Southern Tier and the Community Hunger Outreach Warehouse (CHOW) report increased demand for services as the family economic dynamics change as a result of the coronavirus pandemic while the Brome County Safe Housing Task Force reports the serious lack of low to mid income housing stock that is affordable and safe.
- F. Religion/Charity Work.** Churches and other faith-based organizations are reporting increased interest and a need for emotional support during trying times of social upheaval and illness.
- G. Black Lives Matter/ Diversity/ Women's Issues** In the aftermath of national incidents of racial bias, there is an increased focus locally on the makeup of the community, policing and services focused on certain ethnic and cultural groups.

Section II. Responsive Programming
