1st commercial:

My parents raised their six kids with love and the values of faith, family, service and responsibility. What we didn't always have was health insurance. So for years, my brilliant brother Walter with undiagnosed and untreated bi-polar disorder. For him, our love and support couldn't beat drug addiction and bad choices. So he's been in and out of prison and most Georgians have a Walter in their lives. My name is stacy Abrams and I'm running for governor to serve everyone, even those who's stumbled. As house democratic leader, I worked across the isle to help Georgia lead the way on criminal justice reform. As governor, I'll continue to work to decriminalize poverty and increase re entry program. I'll expand Medicaid so more Georgians have access to mental health and substance abuse programs. I'm the only candidate with real plans to dismantle mass incarceration, stop the school to prison pipeline and help those who've serve their time have the opportunity to thrive. It's the smart thing and the right thing to do for Georgia. Read my plans at stacy abrams dot com. Paid for by stacy Abrams for governor.
