# January-March 2021 Quarterly Issues and Program Reports for WMKY, Morehead State Public Radio

The top issues covered by WMKY News during the last three months include a total of 1,232 stories with sound. By category, those stories include:

Arts/Culture: 300

Government: 236

Education: 107

Economics: 112

Health: 221

Police and Fire: 51

Legal/ Courts: 63

Human Services: 44

Environment: 35

Transportation: 23

Agriculture: 12

Weather/ climate: 31

Housing: 4

Minority/ Women: 9

This quarter's numbers reflect a gradual return to normal as the COVID-19 pandemic becomes less deadly and vaccinations continue to expand.

We have seen an increase in stories which are arts/ culture related this quarter with an expansion of sports coverage this winter.

The numbers also reflect increasing trend in the number of Government-related stories, as more regulations are being introduced by political leaders and the 2021 legislative session took place during this quarter.

Legal and court stories remain steady as county courts reopen and cases progress.

Issues to be of importance to WMKY News in the next quarter, April-June 2021, will include Health and Education as we understand the impact of the global pandemic; a localization of the changes made by the Biden Administration; and a relaunch of community event coverage as they are planned throughout the spring and the beginning of summer.
