We have the policies posted on our intranet/employee portal, and new employees are required to review and sign off on them. Additionally, our EEO statement is included in every job posting for the Station, which reads:

TEGNA Inc. is a proud equal opportunity employer. We are a drug-free EEO employer committed to a diverse workforce. We encourage and consider all qualified candidates regardless of race, color, religion, national origin, sex, age, marital status, personal appearance, sexual orientation, gender identity, family responsibilities, disability, enrollment in college or vocational school, political affiliation, veteran status or genetic information. To monitor our progress, we regularly pull and review reports which include the EEO public file new hire report, promotions report and workforce profile reports. We discuss during dept. head meetings on a regular basis our progress and share additional thoughts and ideas towards growing a more diverse workforce at WHAS11. TEGNA's unit leadership is evaluated using

various key performance indicators (KPIs) that encompass specific objectives and benchmarks. These KPIs are measured using Equal Employment Opportunity (EEO) metrics to ensure fairness and inclusivity in the workplace. Notably, failure to meet the expected performance targets in this category will result in zero payout of the incentive pay.

On a quarterly basis, the Group HR Director and Human Resource Business Partner thoroughly review the Workforce Profile Data Report to ensure that all employees are given equal opportunity without any discriminatory effects related to pay, benefits, seniority practices, promotions, selection techniques, or tests. In addition, HR closely works with the talent acquisition team to ensure that the hiring process remains impartial and unbiased. 5	6/27/2022	Establishment of a mentoring program	<p>This station is participating in TEGNA Inc.'s Producer-In-Residence ("PIR") Program. TEGNA Inc. established this PIR Program to train and provide experience to college graduates interested in a career in broadcasting/producing. The PIR Program affords each selected PIR the opportunity to gain real-life experience as a Producer. Each PIR attends an initial one-week training boot camp followed by a two-year placement as a Producer in one of TEGNA's stations. After a nation-wide search, TEGNA Inc. selects the PIR's, completes their initial training and then assigns each PIR to one of 15 stations participating in the PIR Program. The selected PIRs fulfill a 2-Year contract as a full-time employee with full compensation and benefits. The 2-year position provides the PIR on-the-job training, education, experience and resources that will become invaluable in this industry. The PIR will receive regular feedback on performance, consistent corporate training and check-in on progress. At the end of a successful two-year Program the contract period ends and the PIR has 2-years of on-the-job experience. While there is no guarantee of continued employment for the PIRs, at the end of the contract period the PIR may be offered an opportunity for retention and promotion to a Producer.</p>	1	Producer in Residence
