INITIATIVES

The employment unit engaged in the following broad outreach initiatives in accordance with various elements of FCC Rule 73.2080(c)(2):

*Established an **internship** program designed to assist members of the community to acquire skills needed for broadcast employment.*

WDVX established an internship program with The University of Tennessee College of Communications and Information, located in Knoxville. We currently have one UT student in our internship program. The numbers of student interns vary with their schedules and availability. We've had one or two interns per semester since Spring 2009. In 2009-2010 reporting period we've had a total of five. We also reconnected with Hardin Valley Academy, which sends us their top broadcast production and journalism students. We currently have one intern, a senior with HVA, who will be with us January through April 2010.

*Participated in **job banks, internet programs**, and other programs designed to promote outreach generally (i.e., that are not primarily directed to providing notification of specific job vacancies).*

WDVX participates in Internet programs sponsored by the University of Tennessee and the Knoxville Arts and Culture Alliance. The Arts and Culture Alliance sends member organizations a monthly e-newsletter which we contribute to. The UT online system matches area employers with students interested in employment. Resumes are submitted via an online system directly to development@wdvx.com. We have received 24 resumes from UT "Hire A Vol" program describing our programming and work, and filled

two intern type positions from this source.

*Participated in **scholarship** programs designed to assist students interested in pursuing a career in broadcasting.*

WDVX participated in YouthWorks last summer. A college-bound broadcasting student funded by this program worked for WDVX during the summer of 2009.
