Community Charity Education Mental Health	Clementine Ranch	Mike chats with Co-Owner Lindsey Armstrong. In September of 2020 the idea of Clementine Ranch started becoming a reality. Rob and Lindsey's goal was the ranch would be a place of compassion, life, and creativity—one that combines their love of animals, a vegan lifestyle, and music. The future of the ranch would not only include the animal sanctuary, but also an organic greenhouse and a state-of-the-art recording studio for bands to create their art in. Things starting moving much sooner than expected and on October 2, 2020 Lindsey and Rob made it public that they had taken over an existing animal sanctuary.
