On June 25, 2015, an administrative assistant at WSPA-TV undertook to remove unnecessary material from the Station's online public file. As shown in the attached PDF, the assistant mistakenly deleted timely-filed Issues/Programs Reports germane to the current license period. The same day, the deleted reports were re-uploaded to the online public file.

I certify that despite the Reports showing an upload date of June 25, 2015, the Reports were timely prepared and uploaded to the Station's online public file.
