Compliance Report

Jodi Aguirre, under penalty of perjury, certifies as follows:

This is the Compliance Report, as required by Paragraph 15(c) of the *Consent Decree* dated October 20, 2021, between the Media Bureau and River Rat Radio, LLC (“RRR”). (See File No. DA 21-1313, POL-101521-19841964.) The Compliance Report is in the form of a spreadsheet for KPKR(FM), Parker, Arizona (Facility No. 170952) (“Station”).

The Compliance Report provides data about requests that the Station received for the purchase of broadcast time by, or on behalf of, legally qualified candidates for public office or which communicate a message relating to any political matter of national importance. The compliance report: (1) provides data about such requests that the Station received for ads broadcast during the three-month period preceding the general election on November 8, 2022, and (2) is being submitted to the Bureau by December 9, 2022.

Pursuant to the Consent Decree, RRR’s counsel prepared a “Political/Issue Compliance Manual” and distributed it to RRR’s management personnel on November 9, 2021. I have personal knowledge that RRR: (i) has established and implemented the Compliance Plan; (ii) has utilized the operating procedures since the implementation of the Compliance Plan; and (iii) is not aware of any additional instances of noncompliance with the terms and conditions of the Consent Decree.

Pursuant to Section 1.16 of the Commission’s rules, 47 C.F.R. § 1.16, I certify under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Executed as of the date first written above.

Jodi Aguirre, Chief Compliance Officer
