Education, Remediation of Poverty, Pandemic Information	Center for Disease Control	October 1 - TFN, 2020	COVID-19, or Novel Coronavirus, is a new respiratory virus. The symptoms of COVID-19 are fever, cough, difficulty breathing, and severe respiratory illness. Symptoms may appear in as few as 2 or as many as 14 days. If any of these apply to you, call your medical provider. To prevent the spread of COVID-19, wash your hands with soap and water, avoid touching your face with unwashed hands, avoid contact with people who are sick, disinfect frequently touched surfaces, stay home when you are sick, and cough or sneeze into a tissue or sleeve. More information available at cdc.gov		
Education, Remediation of Poverty, Pandemic Information	Alzheimer's Foundation of America	October 1 - December 31	If you're caring for someone with Alzheimer's disease, the Alzheimer's Foundation of America's Helpline is open seven days a week to answer questions about caregiving during the Coronavirus outbreak, ways to keep your loved one safe, what to do at home and more.
