

## WYBE-CD Children's Programs and Commercials Fourth Quarter 2016

Much of the children's programming airing over WYBE-CD is original and produced by the station. Episodes of Mark! My Words do not include more than 5.25 minutes of commercial advertising per each half-hour on weekends or more than 6 minutes of commercial advertising per each half-hour on weekdays. Episodes of these programs often include public service or educational announcements during station breaks. Episodes of programs not produced by WYBE-CD are designated by the producers as being in compliance with children's programming requirements, including limitations on commercial advertising. WYBE-CD regularly certifies in children's programming reports that its programs comply with limitations on commercial advertising.
