- E. **Black Enterprise Report** 3:02 March 25, 2006
Hosts: Darryl Dennard & Stephanie Elam
Topic: For sale by owner promises to save you big money, but selling your property by yourself has some disadvantages.

2. **GOVERNMENT AND GOVERNMENT RESPONSIBILITIES**

- A. **News at 9PM** 3:11 January 24, 2006
Reporter: Steve Sanders, WGN-TV
Topic: Ripping up the Ryan Expressway
A new year and a new project with the Dan Ryan Expressway being cut in half! The new phase of a three year long reconstruction project on the Ryan starts Mach 1st.

- B. **News at 9PM** 3:45 February 7, 2006
Reporter: Jackie Bange, WGN-TV
Topic: Threat on the Net
It used to be that children would express their thought in a diary, or to their closest friends. Now, they're being published on the internet for everyone to see. Sometimes those thoughts are violent, and when they're published, the police may get involved.

3. **EMPLOYMENT**

- A. **Adelante Chicago** 10:50 January 28, 2006
Guests: Dr. Juan Andrade, President, United States Hispanic Leadership Institute; Alejandra Silva, Volunteer, U.S.H.L.I.
Topic: 24th Annual National Conference of the United States Hispanic Leadership Institute
The U.S.H.L.I. or United States Hispanic Leadership Institute National Conference is a unique venue that allows vendors to meet consumers, universities to recruit students, unions to meet prospective members, constituents to meet national policymakers, and public and private sector employers to network with prospective employees.
- B. **Black Enterprise Report** 7:75 January 28, 2006

- B. **News at 9PM** 4:50 March 14, 2006
 Reporter: Allison Payne, WGN-TV
 Topic: Missing Women of Color
 We all know the stories of Laci Peterson, Chandra Levy and Natalee Holloway. All white women who disappeared. Their stories have been

covered non-stop on national news. And yet every, thousands of women of color go missing, too. Their stories often get some local news coverage, but rarely, if ever, make national headlines. Is it cultural bias? Racism? An oversight? What's behind the missing coverage of missing women of color? Their faces are familiar. And so are their stories. But why do we know everything about some and virtually nothing about others.

C. **People to People** 13:35 March 16, 2006

Guest: Cupcake Brown, Attorney, Author, "A Piece of Cake"

Topic: A woman's story of courage and overcoming adversity. Her name is Cupcake Brown and she shares a powerful story of her early years as a gangbanging, drug addicted prostitute, to her current career as a lawyer.

D. **News at 9PM** 3:30 March 20, 2006

Reporter: Steve Sanders, WGN-TV

Topic: Video Moms

What if you could reduce crime, ease the strain on your prisons and keep families together through one of the toughest times they could possibly face? What if you could do it without spending a lot of money or putting a strain on the taxpayer? It's a program that uses technology and compassion to cross all kinds of boundaries. And that includes distance, bars and barbed wire.

- C. **News at 9PM** 2:24 January 4, 2006
 Reporter: Dina Bair, WGN-TV
 Topic: Weight and The New Year
 Perhaps you've seen the heart rate charts on the health club treadmills or stationary bikes. Have you wondered how your target heart rate could be the same as someone who exercises more than you or someone who just started an exercise routine? The fact is, it shouldn't and until you find a map to your true zone you won't reap the rewards of your workout.
- D. **News at 9PM** 2:11 January 11, 2006
 Reporter: Dina Bair, WGN-TV
 Topic: Angina
 In tonight's medical watch, restoring blood flow to the heart and eliminating heart pain. We first told you about this procedure last year, doctors attempting to cure angina or chest pain by increasing the flow of blood and oxygen to the heart. Sounds complicated and a little scary, but an injection directly into the heart muscle can sharply improve a patients chance of survival.
- E. **Noon News** 5:00 January 23, 2006
 Reporter: Micah Materre, WGN-TV
 Topic: Glaucoma
 January is National Glaucoma Awareness Month. A very risky disease that is one of the leading causes of blindness. Joining us today to talk about the importance of eye care is Dr. David Palmer.
- F. **News at 9PM** 3:39 February 1, 2006
 Reporter: Dina Bair, WGN-TV
 Topic: Eat Away Pain
 It's not just about filling up to feel good, this is a specific diet packed with foods you have to avoid. And when we followed a woman in pain who tried the diet, she found with each meal she started to heal.
- G. **New at 9PM** 1:49 February 15, 2006
 Reporter: Dina Bair, WGN-TV
 Topic: Jaw Bone Death
 The drugs are used for people with osteoporosis or those battling bone

cancers. And while they may be efficacious for those conditions, they work differently in the jaw bone causing it to die. And there's little doctors can do, since the disease Renae Henkins has is not curable. It's called Bisphosphanate Osteonecrosis. She got it while battling breast cancer that had spread to her bones.

H. News at 9PM 1:49 February 23, 2006
Reporter: Dina Bair, WGN-TV

Topic: Kidney Swap

The story would have been simpler if husband and wife were a match. But two men needed new kidneys and their wives were not a match, they were still willing to donate a kidney as long as they knew they'd get one for their loved one in return. Today that happened.

I. News at 9PM 1:43 March 6, 2006
Reporter: Dina Bair, WGN-TV

Topic: Joints

We're talking about joint replacements: knees, hips, shoulders. If they work well, doctors want to see why. So they've asked recipient's to donate their replacement back after they die. A donation that may not save lives, but will improve the livelihood of others.

J. News at 9PM 2:15 March 7, 2006
Reporter: Dina Bair, WGN-TV

Topic: Women and Cancer

22-Thousand people who never smoked are diagnosed with lung cancer every year. In non-smokers, it is generally a different type of cancer and sadly often discovered way too late.

K. Adelante Chicago 12:80 March 11, 2006

Guests: Ald. Ricardo Munoz, 22nd Ward; Frank Aguilar, Former State Rep.;
Carmen Velasquez, Executive Director, Alivio Medical Center

Topic: What local lawmakers are doing to help undocumented children who may have a medical crisis.

Ana Esperanza was only 16 but she became the face of undocumented children in need of healing care when hospitals here in Chicago refused to replace her failing liver because of Medicaid limitations. A hospital in Miami gave her a new liver that just simply did not last. Ana died last month, and after her death, lawmakers are hoping that laws will be changed so that undocumented immigrants who need an organ transplant will not have to suffer as much as Ana did. Alderman Ricardo Munoz

from the city's 22nd Ward, former state representative Frank Aguilar and Carmen Velasquez, Executive Director of Alivio Medical Center joined us to talk about this issue.

- L. News at 9PM 3:23 March 24, 2006
Reporter: Dina Bair, WGN-TV
Topic: Fire Safety

She's the same girl we introduced to you in another story when she had breathing problems and needed a lung transplant. An update on her story, and information everyone needs to know to protect themselves. "I had lit a candle in my room it was a brand new candle and I was in a rush to leave and I forgot to blow it out." A simple mistake. A tiny candle and soon huge loss for the Satcher family.

- M. Noon News 1:56 March 30, 2006
Reporter: Micah Materre, WGN-TV
Topic: Chewing Gum Weight

On the Medical Watch: Something to chew on. What if chewing gum could help you lose weight, reduce stress and increase concentration? That's what one of the world's leading makers of confections is hoping to be true. The Wrigley Company is calling on scientists around the globe to study whether the act of chewing a stick of gum can lead to a healthier lifestyle.

6. DRUGS AND ALCOHOL

- A. Adelante Chicago 24:45 January 14, 2006
Guests: Teri Marshall, Director of Communications, Prevention First; Ed Negrón, Recovering Meth User
Topic: A campaign to warn people about the danger of Methamphetamines

Methamphetamine is a devastating drug that quickly leads to addiction and to long term health problems. The Director of Communications at Prevention First and a recovering Meth user joined us to talk about this ongoing drug abuse problem and to offer some advice as well as some help.

- B. News at 9PM 2:20 January 18, 2006
Reporter: Dina Bair, WGN-TV
Topic: Addicts

Battling addiction, the fastest growing population of addicts needs special help to overcome their dependency. Nearly 20% of all women

will have a dependency on alcohol or drugs at some time in their lives. Now a woman in recovery talks about the challenges and the keys to successfully beating addiction. "I was a party girl. It was fun. It didn't really have a lot of consequences. What started as fun, turned into frustration when I realized at 31, I needed to drink. I started drinking alone and pretty much it just wasn't fun anymore, but I couldn't stop."

7. **HOUSING/HOMELESS**

A. **News at 9PM** 2:44 January 20, 2006
Reporter: Steve Sanders, WGN-TV

Topic: Hospice

Helping kids deal with grief can be a complex issue and finding materials on the issue can also be difficult. A group from the Calumet Area has written a book and developed a program especially for children.

B. **News at 9PM** 3:01 February 27, 2006
Reporter: Juan Carlos Fanjul, WGN-TV

Topic: Return to Ocean Springs

It was the deadliest hurricane since 1928. It's devastation was the costliest ever in the U.S. Katrina's winds of destruction came on shore August 29th, 6 months ago. No one can forget the deadly flooding in New Orleans and the storm surge destruction in Biloxi and Gulfport, but certainly most people forgot or simply didn't know what happened in nearby Ocean Springs, Mississippi. Lisa Bridwell and John Mass left Ocean Springs just hours after Katrina struck and headed to John's hometown of Chicago. They went on WGN News pleading with viewers to help their small town that had been seemingly forgotten. Chicagoan's

opened up their hearts by the truck load, donating everything from water, to bleach, to food.

- C. **Adelante Chicago** 25:20 March 25, 2006
 Guests: Carlos Hernandez Gomez, Political Reporter, CLTV; Juan Rangel, C.E.O., United Neighborhood Organization; Billy Lawless, I.C.I.R.R.; Robert Klein Engler, Rep Illinois Minuteman Project

Topic: A look back at the primary elections and the influence of the Latino community in the electoral process. Also the controversial bill H.R. 4437

Record low turn out, new ways of casting ballots, and the late returns made for a nerve-racking primary election on Tuesday. How important

was the Latino vote in these elections? CLTV Political Reporter Carlos Gomez Hernandez and Juan Rangel, the CEO of United Neighborhood Organization helped us sort it all out. Also on the show H.R. 4437 a controversial bill that basically demands the government deport all "Illegal" immigrants. This bill has angered many of those in Chicago's Latino community, forcing tens of thousands to take to the streets earlier this month in protest of this bill. On the show Robert Klein Engler a representative of the Minuteman, explained why the organization supports the bill and Billy Lawless representing the Illinois Coalition for Immigrant and Refugee Rights explained why he is against the bill.

- E. **Black Enterprise Report** 3:02 March 25, 2006
Hosts: Darryl Dennard & Stephanie Elam
- Topic: For sale by owner promises to save you big money, but selling your property by yourself has some disadvantages.

2. **GOVERNMENT AND GOVERNMENT RESPONSIBILITIES**

- A. **News at 9PM** 3:11 January 24, 2006
Reporter: Steve Sanders, WGN-TV
- Topic: Ripping up the Ryan Expressway
- A new year and a new project with the Dan Ryan Expressway being cut in half! The new phase of a three year long reconstruction project on the Ryan stats Mach 1st.

- B. **News at 9PM** 3:45 February 7, 2006
Reporter: Jackie Bange, WGN-TV
- Topic: Threat on the Net
- It used to be that children would express their thought in a diary, or to their closest friends. Now, they're being published on the internet for everyone to see. Sometimes those thoughts are violent, and when they're published, the police may get involved.

3. **EMPLOYMENT**

- A. **Adelante Chicago** 10:50 January 28, 2006
Guests: Dr. Juan Andrade, President, United States Hispanic Leadership Institute; Alejandra Silva, Volunteer, U.S.H.L.I.
- Topic: 24th Annual National Conference of the United States Hispanic Leadership Institute
- The U.S.H.L.I. or United States Hispanic Leadership Institute National Conference is a unique venue that allows vendors to meet consumers, universities to recruit students, unions to meet prospective members, constituents to meet national policymakers, and public and private sector employers to network with prospective employees.
- B. **Black Enterprise Report** 7:75 January 28, 2006

- B. **News at 9PM** 4:50 March 14, 2006
Reporter: Allison Payne, WGN-TV
Topic: Missing Women of Color
We all know the stories of Laci Peterson, Chandra Levy and Natalee Holloway. All white women who disappeared. Their stories have been

covered non-stop on national news. And yet every, thousands of women of color go missing, too. Their stories often get some local news coverage, but rarely, if ever, make national headlines. Is it cultural bias? Racism? An oversight? What's behind the missing coverage of missing women of color? Their faces are familiar. And so are their stories. But why do we know everything about some and virtually nothing about others.

C. **People to People** 13:35 March 16, 2006

Guest: Cupcake Brown, Attorney, Author, "A Piece of Cake"

Topic: A woman's story of courage and overcoming adversity. Her name is Cupcake Brown and she shares a powerful story of her early years as a gangbanging, drug addicted prostitute, to her current career as a lawyer.

D. **News at 9PM** 3:30 March 20, 2006

Reporter: Steve Sanders, WGN-TV

Topic: Video Moms

What if you could reduce crime, ease the strain on your prisons and keep families together through one of the toughest times they could possibly face? What if you could do it without spending a lot of money or putting a strain on the taxpayer? It's a program that uses technology and compassion to cross all kinds of boundaries. And that includes distance, bars and barbed wire.

- C. **News at 9PM** 2:24 January 4, 2006
Reporter: Dina Bair, WGN-TV
Topic: Weight and The New Year
Perhaps you've seen the heart rate charts on the health club treadmills or stationary bikes. Have you wondered how your target heart rate could be the same as someone who exercises more than you or someone who just started an exercise routine? The fact is, it shouldn't and until you find a map to your true zone you won't reap the rewards of your workout.
- D. **News at 9PM** 2:11 January 11, 2006
Reporter: Dina Bair, WGN-TV
Topic: Angina
In tonight's medical watch, restoring blood flow to the heart and eliminating heart pain. We first told you about this procedure last year, doctors attempting to cure angina or chest pain by increasing the flow of blood and oxygen to the heart. Sounds complicated and a little scary, but an injection directly into the heart muscle can sharply improve a patients chance of survival.
- E. **Noon News** 5:00 January 23, 2006
Reporter: Micah Materre, WGN-TV
Topic: Glaucoma
January is National Glaucoma Awareness Month. A very risky disease that is one of the leading causes of blindness. Joining us today to talk about the importance of eye care is Dr. David Palmer.
- F. **News at 9PM** 3:39 February 1, 2006
Reporter: Dina Bair, WGN-TV
Topic: Eat Away Pain
It's not just about filling up to feel good, this is a specific diet packed with foods you have to avoid. And when we followed a woman in pain who tried the diet, she found with each meal she started to heal.
- G. **New at 9PM** 1:49 February 15, 2006
Reporter: Dina Bair, WGN-TV
Topic: Jaw Bone Death
The drugs are used for people with osteoporosis or those battling bone

cancers. And while they may be efficacious for those conditions, they work differently in the jaw bone causing it to die. And there's little doctors can do, since the disease Renae Henkins has is not curable. It's called Bisphosphanate Osteonecrosis. She got it while battling breast cancer that had spread to her bones.

H. News at 9PM 1:49 February 23, 2006
Reporter: Dina Bair, WGN-TV

Topic: Kidney Swap

The story would have been simpler if husband and wife were a match. But two men needed new kidneys and their wives were not a match, they were still willing to donate a kidney as long as they knew they'd get one for their loved one in return. Today that happened.

I. News at 9PM 1:43 March 6, 2006
Reporter: Dina Bair, WGN-TV

Topic: Joints

We're talking about joint replacements: knees, hips, shoulders. If they work well, doctors want to see why. So they've asked recipient's to donate their replacement back after they die. A donation that may not save lives, but will improve the livelihood of others.

J. News at 9PM 2:15 March 7, 2006
Reporter: Dina Bair, WGN-TV

Topic: Women and Cancer

22-Thousand people who never smoked are diagnosed with lung cancer every year. In non-smokers, it is generally a different type of cancer and sadly often discovered way too late.

K. Adelante Chicago 12:80 March 11, 2006
Guests: Ald. Ricardo Munoz, 22nd Ward; Frank Aguilar, Former State Rep.;
Carmen Velasquez, Executive Director, Alivio Medical Center

Topic: What local lawmakers are doing to help undocumented children who may have a medical crisis.

Ana Esperanza was only 16 but she became the face of undocumented children in need of healing care when hospitals here in Chicago refused to replace her failing liver because of Medicaid limitations. A hospital in Miami gave her a new liver that just simply did not last. Ana died last month, and after her death, lawmakers are hoping that laws will be changed so that undocumented immigrants who need an organ transplant will not have to suffer as much as Ana did. Alderman Ricardo Munoz

from the city's 22nd Ward, former state representative Frank Aguilar and Carmen Velasquez, Executive Director of Alivio Medical Center joined us to talk about this issue.

- L. News at 9PM 3:23 March 24, 2006
Reporter: Dina Bair, WGN-TV
Topic: Fire Safety

She's the same girl we introduced to you in another story when she had breathing problems and needed a lung transplant. An update on her story, and information everyone needs to know to protect themselves. "I had lit a candle in my room it was a brand new candle and I was in a rush to leave and I forgot to blow it out." A simple mistake. A tiny candle and soon huge loss for the Satcher family.

- M. Noon News 1:56 March 30, 2006
Reporter: Micah Materre, WGN-TV
Topic: Chewing Gum Weight

On the Medical Watch: Something to chew on. What if chewing gum could help you lose weight, reduce stress and increase concentration? That's what one of the world's leading makers of confections is hoping to be true. The Wrigley Company is calling on scientists around the globe to study whether the act of chewing a stick of gum can lead to a healthier lifestyle.

6. DRUGS AND ALCOHOL

- A. Adelante Chicago 24:45 January 14, 2006
Guests: Teri Marshall, Director of Communications, Prevention First; Ed Negrón, Recovering Meth User

Topic: A campaign to warn people about the danger of Methamphetamines

Methamphetamine is a devastating drug that quickly leads to addiction and to long term health problems. The Director of Communications at Prevention First and a recovering Meth user joined us to talk about this ongoing drug abuse problem and to offer some advice as well as some help.

- B. News at 9PM 2:20 January 18, 2006
Reporter: Dina Bair, WGN-TV
Topic: Addicts

Battling addiction, the fastest growing population of addicts needs special help to overcome their dependency. Nearly 20% of all women

will have a dependency on alcohol or drugs at some time in their lives. Now a woman in recovery talks about the challenges and the keys to successfully beating addiction. "I was a party girl. It was fun. It didn't really have a lot of consequences. What started as fun, turned into frustration when I realized at 31, I needed to drink. I started drinking alone and pretty much it just wasn't fun anymore, but I couldn't stop."

7. **HOUSING/HOMELESS**

A. **People to People** 24:50 January 21, 2006

8. **FAMILY**

A. **News at 9PM** 2:44 January 20, 2006
Reporter: Steve Sanders, WGN-TV

Topic: Hospice

Helping kids deal with grief can be a complex issue and finding materials on the issue can also be difficult. A group from the Calumet Area has written a book and developed a program especially for children.

B. **News at 9PM** 3:01 February 27, 2006
Reporter: Juan Carlos Fanjul, WGN-TV

Topic: Return to Ocean Springs

It was the deadliest hurricane since 1928. It's devastation was the costliest ever in the U.S. Katrina's winds of destruction came on shore August 29th, 6 months ago. No one can forget the deadly flooding in New Orleans and the storm surge destruction in Biloxi and Gulfport, but certainly most people forgot or simply didn't know what happened in nearby Ocean Springs, Mississippi. Lisa Bridwell and John Mass left Ocean Springs just hours after Katrina struck and headed to John's hometown of Chicago. They went on WGN News pleading with viewers to help their small town that had been seemingly forgotten. Chicagoan's

opened up their hearts by the truck load, donating everything from water, to bleach, to food.

ADELANTE CHICAGO
REEL #AC-39
RECORD DATE: 03-09-06
AIR DATE: 03-11-09

HOST: JUAN CARLOS FANJUL
PRODUCER: VICKY THOMAS
DIRECTOR: P.J. KRUSCHEL

SHOW TOPICS: What local lawmakers are doing to help undocumented children who may have a medical crisis. Also, information on how parents can protect their children from the dangers of the internet.

SUMMARY: Ana Esparza was only 16 but she became the face of undocumented children in need of health care when hospitals here in Chicago refused to replace her failing liver because of Medicaid limitations. A hospital in Miami gave her a new liver that just simply did not last. Ana died last month, and after her death lawmakers are hoping that laws will be changed so that undocumented immigrants who need an organ transplant will not have to suffer as much as Ana did.

Alderman Ricardo Munoz from the city's 22nd ward, former state representative Frank Aguilar and Carmen Velasquez Executive Director of Alivio Medical Center joined us to talk about this issue. Also on the show, the mixture of children and the internet can be dangerous; Michael Sullivan Deputy Bureau Chief of the High Tech Crimes Bureau for the State of Illinois and Officer Raimond Ranne of the Chicago Police Department gave us some tips on how parents can protect their children from internet dangers.

B2 9 MISSING WOMEN OF COLOR-MON4 DEMO

Duration: 4:50

[Anchor:ALLISON] {***ALLISON***}

[TAKE: MON4]

WE ALL KNOW THE STORIES OF LACI PETERSON, CHANDRA LEVY,
AND NATALEE HOLLOWAY-- ALL WHITE WOMEN WHO DISAPPEARED--
THEIR STORIES COVERED NON-STOP ON NATIONAL NEWS.

AND YET EVERY YEAR, THOUSANDS OF WOMEN OF COLOR GO
MISSING, TOO.

THEIR STORIES OFTEN GET SOME LOCAL NEWS COVERAGE-- BUT
THEY RARELY, IF EVER, MAKE NATIONAL HEADLINES.
IS IT CULTURAL BIAS? RACISM? AN OVERSIGHT?

[TAKE FS

~~NUMBER: 295]~~

WHAT'S BEHIND THE MISSING COVERAGE OF MISSING WOMEN OF
COLOR?

TAKE PKG:

NAT POPS OF LARRY KING, NANCY GRACE, ETC. OF LACI, NATALEE, CHANDRA COVERAGE.

Nancy/greta special projects 9:51:13 - "mystery surrounding"

Nancy/greta special projects 1:43:00 - "she never made it"

Larry king - "important lingering story deserves more attention"

TRACK:

THEIR FACES ARE FAMILIAR. AND SO ARE THEIR STORIES. BUT WHY DO WE KNOW EVERYTHING ABOUT SOME AND VIRTUALLY nothing ABOUT OTHERS?

~~(Show file of chandra, jonbenet, natalee, laci, lori)~~

(BRING MUSIC UNDER)

TRACK (TERRY BATES SPECIAL GFX TREATMENT WITH PHOTOS):
ARDENA CARTER WAS A GRADUATE STUDENT AT THE UNIVERSITY OF GEORGIA, ON HER WAY TO THE LIBRARY WHEN SHE WENT MISSING. DAPHNE JONES NEVER MADE IT TO HER AFTERNOON WAITRESSING SHIFT AT AN UPSCALE NEW ORLEANS RESTAURANT. EVELYN HERNANDEZ WAS JUST DAYS FROM GIVING BIRTH TO HER SECOND CHILD WHEN SHE DISAPPEARED IN SAN FRANCISCO. AND RIGHT HERE IN OUR OWN BACKYARD, 22-YEAR-OLD TYESHA BELL VANISHED WITHOUT A TRACE FROM HER APARTMENT IN AURORA...LEAVING THE TELEVISION ON, CANDLES BURNING AND TWO SMALL CHILDREN BEHIND. (STAGE THIS AND SHOOT)

TAKE SOT LORNA SMITH @ 3:19 -

I CALLED HER CELL PHONE AGAIN, AND IT WAS, SOMETHING IS NOT RIGHT. SOMETHING. IT WAS THE WEEKEND OF MOTHER'S DAY. (BUTT TO: 4:07) - AT THAT POINT I THINK MY HEART MIGHT HAVE HIT THE BOTTOM OF MY FOOT. BECAUSE I KNEW SOMETHING WAS WRONG.

TRACK:

TYESHA'S MOTHER LORNA SMITH REPORTED HER MISSING TO THE POLICE, THEN BEGAN CONTACTING THE LOCAL MEDIA. (ADD NAT POP OF morning show COVERAGE on server) BUT HER DAUGHTER'S CASE DIDN'T GET THE SAME KIND OF COVERAGE AS OTHER MISSING WOMEN.

(LORNA SMITH SOT) 14:18 - (WHY DO YOU THINK TYESHA'S STORY DIDN'T GET THAT MUCH ATTENTION? DO YOU THINK IT'S A RACIAL ISSUE?) YES. I BELIEVE IT WAS BECAUSE SHE WAS BLACK.

TRACK:

LORNA SMITH ISN'T THE ONLY ONE. TRIBUNE COLUMNIST DAWN TURNER TRICE WROTE A COLUMN ABOUT OUR FASCINATION WITH SO-CALLED DAMSELS IN DISTRESS...WHITE WOMEN WHO, FOR WHATEVER REASON, COMMAND THE MEDIA'S ATTENTION. (pdf of column on server)

(NAT SOT DAWN: 10:26)

I just had Natalee Holloway overkill!

TRACK: TRICE SAYS THE DISPARITY IN COVERAGE MAY NOT BE OUTRIGHT RACISM...IT MAY BE OUR **EXPECTATIONS** THAT ARE BIASED.

TRACK: SOME, LIKE PROFESSOR AVA GREENWELL AT THE MEDILL SCHOOL OF JOURNALISM, ARGUE THAT BIAS IS INHERENT IN ALL OF US.

(SOT AVA GREENWELL, NORTHWESTERN UNIVERSITY)

1:42-1:55

we see the media tends to cover those stories they're most comfortable with, and when you look at who manages the newsrooms, they tend to be male and they tend to be caucasian.

STANDUP:

INDUSTRY EXPERTS SAY MINORITIES MAKE UP JUST 22 PERCENT OF TELEVISION NEWSROOMS ACROSS THE COUNTRY. AND THAT'S WHERE SOME CRITICS SAY THE PROBLEM **STARTS**...LOCALLY. THEY ARGUE THAT NETWORK AND CABLE NEWS OUTLETS DON'T HEAR ABOUT THESE STORIES UNLESS THEY'RE BIG NEWS IN LOCAL MARKETS FIRST.

TRACK:

BUT WHEN 21-YEAR-OLD ILLINOIS STATE UNIVERSITY STUDENT OLAMIDE ADEYOYE VANISHED FROM NORMAL IN OCTOBER, WE DEVOTED NEARLY **40** MINUTES TO HER CASE. THAT'S 80 STORIES IN LESS THAN THREE MONTHS. BUT OLAMIDE NEVER BECAME A HOUSEHOLD NAME LIKE CHANDRA, LACI OR NATALEE.

Add nat pop of coverage somewhere in here.

Nat pop from greta/grace on server - 3:27:15 - can the case of natalee holloway be solved?

TRACK:

WE CONTACTED REPRESENTATIVES FROM CBS, ABC, NBC, FOX NEWS AND CNN. NO ONE AGREED TO SIT DOWN FOR AN INTERVIEW ON THIS SUBJECT.

BUT THIS FORMER NETWORK FIELD PRODUCER HAS PLENTY TO SAY. TED ELBERT SPENT 34 YEARS WORKING FOR NBC NEWS. HE SPOKE OUT ABOUT THIS ISSUE YEARS AGO WHEN COVERING THE CASE OF A MISSING WHITE WOMAN IN NORTH DAKOTA...AND GOT CALLED OUT ON IT BY HIS BOSSES. BUT HE'S STILL TALKING.

(SOUNDBITE: 17:40)

IT IS OFFENSIVE WHEN YOU DON'T SEE THAT THERE IS FAIRNESS IN COVERAGE. AND PARTICULARLY THE RACE SITUATION IS STILL SO IMPORTANT AND SO OVERLOOKED AND SO AVOIDED BY SO MANY NEWSPAPERS AND STATIONS AND SO ON, AND THEY HAVE TO START COVERING IT MORE FAIRLY.

TRACK: LORNA SMITH HAS LONG SINCE STOPPED BLAMING THE MEDIA. NOW SHE'S JUST GRATEFUL FOR ANY CHANCE TO TELL TYESHA'S STORY-- AND SHE'S PRAYING SHE'LL FINALLY LEARN WHAT HAPPENED TO HER DAUGHTER.

LORNA SMITH/MOTHER OF MISSING WOMAN

26:54 - IT'LL OVERTAKE ME IF I DWELL ON IT. SO I DON'T DWELL ON TYESHA. OR THINK BAD, NEGATIVE THINGS. I THINK EVERYTHING POSITIVE. AND HOPE THAT IF SOMEONE DO KNOW, THAT THEIR HEART WILL BE SOFTENED AND THEY WILL COME FORWARD ONE DAY. AND I PRAY IT WON'T BE 20 YEARS FROM NOW. I HOPE IT WILL BE IN MY TIME.

[Anchor:ALLISON] {***ALLISON***}

[TAKE: ONCAM]

MEDIA EXPERTS RECOMMEND THAT FAMILIES DEALING WITH A MISSING LOVED ONE TURN THE HEAT UP TO GET THEIR STORIES COVERED, MAKE REPEATED PHONE CALLS, EMAILS, WEBSITES, FAXES.. WHATEVER THEY CAN DO TO KEEP THE STORY ALIVE AND ON THE AIR.

[TAKE VO] {***ALLISON/VO***}

WE WANT TO HEAR YOUR FEEDBACK ABOUT THIS STORY AND THIS ISSUE.

GO TO OUR WEBSITE AT WGN TV DOT COM AND SEND US YOUR COMMENTS IN THE SPACE ON THE RIGHT.. WE'LL READ SOME OF THEM ON THE AIR TOMORROW NIGHT AT NINE.

ALSO-- TUNE INTO OUR RADIO PARTNERS AT V-103 TOMORROW STARTING AT 2 PM FOR MORE DISCUSSION OF THIS ISSUE.

[TAKE: 2 SHOT] {***ALLISON***}

AND A SPECIAL THANKS TO LORNA SMITH FOR OPENING HER HEART AND HER HOME TO TELL US ABOUT TYESHA...STEVE, SHE ALSO LOST A SON, TYESHA'S BROTHER, EARLIER THIS YEAR, LORNA, OUR PRAYERS ARE WITH YOU.

PERHAPS YOU'VE SEEN THE HEART RATE CHARTS ON THE HEALTH CLUB TREADMILLS OR STATIONARY BIKES.

HAVE YOU WONDERED HOW YOU'RE TARGET HEART RATE COULD BE THE SAME AS SOMEONE WHO EXERCISES MORE THAN YOU OR SOMEONE WHO JUST STARTED AN EXERCISE ROUTINE.

THE FACT IS IT SHOULDN'T AND UNTIL YOU FIND A MAP TO YOUR TRUE ZONE YOU WON'T REAP THE REWARDS OF YOUR WORKOUT.

[TAKE SOT

NAME: NATS

AT: 9:39]

this is going to go over your nose and then right under your chin ...

(TRACK)

NOT YOUR TYPICAL EXERCISE ATTIRE. BUT KRISTIN KELLY IS ON A MISSION.

[TAKE SOT

AT: 17:51]

KRISTAN KELLY/O2 I just had my fifth baby which means I don't have a ton of time but I need to get back into shape and I thought the best way to do it was probably the most efficient way which is to get the O2 test and really make every workout count.

(TRACK)

SO ON THIS DAY KRISTAN TAKES THE TIME FOR AN INTIAL O2 ASSESSMENT.

[TAKE SOT

AT: 13:27]

NATS: the measurement we're taking with the mask is the oxygen carbon dioxide exchange.

(TRACK)

THOSE MEASUREMENTS COMBINED WITH HEART RATE PROVIDE A "MAP" OR METABOLIC ASSESSMENT PROFILE." FROM THERE TRAINERS CAN TELL A PATIENT HOW LONG THEY SHOULD TRAIN AND AT WHAT INTENSITY EACH WEEK.

[TAKE SOT

AT: 25:50]

Teresa Lendino, Personal Trainer, O2 Coordinator, Lifetime Fitness: the black line is symbolizing the fat utilization. it's giving us the threshold again, that ceiling for fat burning, not overall ceiling, is 160. that aerobic base where she is most effective at utilizing oxygen and thus burning fat is at 127.

[TAKE SOT

AT: 6:59]

they are training smarter not harder.

(TRACK)

THEY ARE THE PEOPLE WHO KNOW WHEN THEY ARE BURNING FAT FOR FUEL AND WHEN THEY ARE ACTUALLY WORKING TOO HARD BURNING MUSCLE INSTEAD OF FAT. THEY ARE ATHLETES LIKE LANCE ARMSTRONG. AND NOW THEY ARE REGULAR FOLKS WHO HAVE A NEW TOOL AT THEIR FINGERTIPS.

[TAKE SOT

AT: 28:54]

Darcy Mouton/O2 CLIENT: the testing indicated there were some areas in my fitness profile that could use some improvement.

(TRACK)

EVEN THOUGH SHE WORKED OUT 3-4 TIMES A WEEK, DARCY MOUTON HAD REACHED A PLATEAU. THEN SHE FOLLOWED HER MAP... TAKING TIME IN EACH OF FIVE PERSONAL ZONES... IT GUIDED HER TO A 35 POUND WEIGHT LOSS IN JUST 12 WEEKS.

[TAKE SOT

AT: 31:15]

I had to ratchet down my intensity level a little bit and increase the duration of my workout in order for my muscles to learn to burn fat more effectively.

[TAKE SOT

AT: 6:00]

Mark Thom, Senior Director Fitness Research and Development, Lifetime Fitness: if you are just getting on a treadmill or just getting on a bike, you're just guessing at the kind of results you are going to get. with heart rate training you know the results you are going to get.

[TAKE SOT
AT: 30:48]

I was doing something that was working finally.

(TAG)

THE O2 TEST IS NOT CHEAP. BETWEEN 130 AND 150 DOLLARS FOR THE INITIAL ASSESSMENT AND THEN 80-100 FOR RE-EVALUATION. CLIENTS GET A SIX PAGE REPORT WITH A PRESCRIPTION FOR WEIGHT LOSS, MUSCLE BUILDING AND HEART TRAINING. ON THE MEDICAL WATCH. DINA BAIR. WGN

(DINA)

WE FIRST TOLD YOU ABOUT THIS PROCEDURE LAST YEAR -- DOCTORS ATTEMPTING TO CURE ANGINA OR CHEST PAIN BY INCREASING THE FLOW OF BLOOD AND OXYGEN TO THE HEART.

SOUNDS COMPLICATED AND A LITTLE SCARY... BUT AN INJECTION DIRECTLY INTO THE HEART MUSCLE CAN SHARPLY IMPROVE A PATIENTS CHANCES OF SURVIVAL.

[TAKE SOT

AT: 2:25]

DONALD SCHRAMM/ANGINA PATIENT: they got me as stable as they could but the areas that they were going to have to work in the heart were getting so narrow that it was getting to be very difficult to do anything further.

(TRACK)

TWO QUADRUPLE BYPASS SURGERIES... AND EVERY SIX MONTHS ANGIOPLASTY TO RE-OPEN CLOGGED ARTERIES. THERE WERE FEW OPTIONS LEFT FOR DONALD SCHRAMM TO RESTORE BLOOD FLOW TO THE HEART AND RELIEVE PAIN.

[TAKE SOT

AT: 2:23]

DR. TIMOTHY SANBORN/EVANSTON NW HEALTHCARE/HEAD CARDIOLOGY: primarily it is a life style limiting problem in that they may only be able to walk a few feet before they suffer chest pain. when chest pain is prolonged than you can have heart damage or a heart attack.

(TRACK)

SO CARDIOLOGIST DR. TIMOTHY SANBORN TRIED GENE THERAPY IN HOPES OF FINDING A MORE PERMANENT FIX.

[TAKE SOT

AT: 3:45]

I wasn't having the kind of pain in my chest that I was experiencing during my daily commute.

(TRACK)

COULD HE BE ON THE ROAD TO RECOVERY? FINALLY? AND SO EASILY?

[TAKE SOT

AT: 4:59]

this seemed like a rather simple way to go.

(TRACK)

DOCTORS THREADED A CATHETER INTO THE HEART WHERE THEY DELIVERED DNA INJECTIONS TO ENCOURAGE THE BODY TO PRODUCE A GROWTH FACTOR, VEG-F.... WITH THE SOLE PURPOSE OF HELPING GROW NEW BLOOD VESSELS.

[TAKE SOT

AT: 12:02]

where we have seen a defect, lack of perfusion or blood flow to the heart muscle, it's actually improved after the therapy.

(TAG)

IT MAY TAKE UP TO THREE MONTHS TO SEE THE BENEFITS. AND THERE IS A RISK INJECTION INTO THE HEART MUSCLE WILL TRIGGER AN IRREGULAR HEARTBEAT OR CAUSE A LEAKAGE OF BLOOD AROUND THE HEART. BUT SO FAR THOSE COMPLICATIONS HAVE BEEN RARE AND THE BENEFITS REMARKABLE. ON THE MEDICAL WATCH. DINA BAIR.

YOU CAN'T MEASURE IT WITH A SPECIFIC MEDICAL TEST... CAN'T CHART IT AGAINST OTHER PATIENTS, BUT WHEN YOU ARE IN PAIN YOU KNOW HOW BAD IT IS.

[TAKE SOT

your body aches all the time.

(TRACK) (GENERIC VIDEO OF DOCTOR'S OFFICES)
YET ALL OF THE DOCTORS FRANCEE KNACHBAR WENT TO COULDN'T PUT THEIR FINGER ON A CAUSE OR A CURE.
SO SHE SUFFERED, FOR 15 YEARS!

[TAKE SOT

FRANCEE KNACHBAR/CHRONIC PAIN PATIENT: I was taking probably four Tylenol every couple of hours cause my body ached so bad and nothing was helping.

(TRACK) (PILLS/TAKING BLOOD)
POPPING PILLS DIDN'T WORK. SO FRANCEE GAVE BLOOD IN AN EFFORT TO FIGURE OUT WHAT WAS WRONG.

[TAKE SOT

the doctor's offices called and and said your blood looks amazing, everything looks great, your cholesterol is low. You look great.

(TRACK)
BUT SHE STILL FELT AWFUL. THEN SHE WENT TO A NUTRITIONIST.

[TAKE SOT
AT: 5:19]

Bonnie looked at my blood results and literally she said, well your protein is bad, your sodium's bad, you're lacking magnesium. I mean she just went through list by list of what was wrong and the doctors thought it's perfect.

(TRACK)
DR. BONNIE MINSKY KNEW SHE WAS A PERFECT CANDIDATE FOR THE PAIN-FREE DIET.

[TAKE SOT
AT: 1:00:26]

DR. BONNIE MINSKY: Yes, you can limit the pain. Because there's two big issues with pain. Too much acid in the body and too much inflammation.

[TAKE SOT
AT: 4:38]

so we want to asses whether food relationships or missing, key nutrients could improve the situation.

(TRACK) (GRAPHIC LIST)
THE DIET IS SPECIFIC AND STRICT... AIMED AT ELIMINATING ALL COMMON PAIN TRIGGERS. THAT MEANS NO EXCESS SUGAR OR CARBOHYDRATES, NO GRAINS OR ACIDIC FOODS, NO YEAST PRODUCING FOODS OR ARTIFICIAL COLORS OR SWEETENERS. NO PRESERVATIVES. NO FRIED FOODS, NO TRANS FATS, & NO SOFT DRINKS.

[TAKE SOT
AT: 7:53]

the first time when I went to the grocery store it took me two and a half hours, just to try to find the right thing.

NATS: I can have the rice dream.

(TRACK)
BUT WILL ALL THIS EFFORT MAKE HER DREAM OF BEING PAIN-FREE COME TRUE?

[TAKE SOT
AT: 10:47]

I just want to feel like a normal human being.

(TRACK)

TWO DAYS INTO THE DIET. NO CHANGE. ONE WEEK...

[TAKE SOT

still kinda tired and a little achy. Not sleeping great at night.

(TRACK)

THEN CAME THE TWO WEEK MARK.

[TAKE SOT

Then all of a sudden it was just like - I had energy. I was sleeping well. Um, no body aches.

CINDY DOOLEY KNOWS THE JOY AND SURPRISE WHEN THE PAIN FREE DIET BEGINS TO MAKE YOU FEEL BETTER. SHE FOLLOWED THE FOOD PLAN THREE YEARS AGO TO RELIEVE ARTHRITIS SYMPTOMS.

[TAKE SOT
AT: 2:00:49]

cindy dooley: my hands were so swollen and my wrists and my toes and my feet hurt so much that I couldn't even drive.

(TRACK)

MEDICATIONS DID HELP, BUT CINDY DIDN'T WANT TO TAKE STEROIDS INDEFINITELY.. SHE KNEW SHE *COULD* LIVE WITH THE DIET... WHAT SHE FOUND IS, she's living better!

[TAKE SOT
AT: 2:52]

dooley: by the end of the month I was totally pain-free and the next month I got pregnant.

(TRACK)

A NEW BABY AND A NEW LEASE ON LIFE.. SHE KNOWS WHAT FOODS TO AVOID PEARS, TOMATOES, COFFEE... AND WHICH ONES SHE CAN NOW ENJOY.

[TAKE SOT
AT: 6:55]

dooley: The diet itself, it's only about a month. And it's challenging to do that. But it's not challenging to balance

right now, what I'm doing.

(track)

francesc is still trying to figure it out. OF *ALL* THE THINGS SHE CUT OUT, WHAT WAS THE MOST HARMFUL. NOW COMES THE TIME TO SLOWLY ADD FOODS BACK INTO HER DIET.

[TAKE SOT

AT: 3:51]

so far I've added back oatmeal - been fine. Red meat has been fine. Um, yesterday I added back corn and I seem to be okay.

[TAKE SOT

AT: 5:34]

everyone has different reactions. Some people have wheat and dairy and that's it. Some people have salicylic acid, nothing else.

[TAKE SOT

AT: 8:25]

So we look at it, we don't care if it's an allergy, we don't care if it's an intolerance. If it's producing pain and you reduce it or stay away from it, you're going to be free of the pain.

THE DRUGS ARE USED FOR PEOPLE WITH OSTEOPOROSIS OR THOSE BATTLING BONE CANCER.

AND WHILE THEY MAY BE EFFICACIOUS FOR THOSE CONDITIONS, THEY WORK DIFFERENTLY IN THE JAW BONE CAUSING IT TO DIE.

[TAKE SOT
AT: 47:51]

NATS: there is still some bone in there that doesn't look healthy, it doesn't look alive.

(TRACK)

AND THERE'S LITTLE DOCTORS CAN DO, SINCE THE DISEASE RENAE HENKIN HAS IS NOT CURABLE. IT'S CALLED BISPHTOSPHANATE OSTEONECROSIS.

SHE GOT IT WHILE BATTLING BREAST CANCER THAT HAD SPREAD TO HER BONES.

[TAKE SOT
AT: 9:17]

RENAE HENKIN/PATIENT: I started getting a tooth ache. and it felt like I had a loose tooth. and they thought perhaps my crown wasn't secure and so they kept drilling the tooth and I said no there is still pain.

(TRACK)

THE PAIN IS DUE TO BONE DEATH IN RENAE'S JAW... ALL CAUSED BY THE drugs SHE WAS TAKING TO STOP THE SPREAD OF CANCER TO HER BONES.

[TAKE SOT
AT: 52:51]

DR. MARK STEINBERG/LOYOLA UNIVERSITY MEDICAL CENTER/CHIEF ORAL & MAXILLOFACIAL SURGERY: they could have gum problems like periodontal disease, they could have cavities and problems with the nerve of the tooth, the pulp of the tooth.

(TRACK)

AND BACTERIA IN THE MOUTH WILL CAUSE INFECTION... that is what doctors try to get under control.

[TAKE SOT
AT: 1:25]

NATS: the jaw bone looks dark and black because it has no blood supply and it's infected with bacteria. so all these

areas are dead necrotic bone.

[TAKE SOT
AT: 55:24]

our basic goal is to eliminate the infection. I always tell my patients you'll always have exposed bone in your mouth but we'd like to get rid of the infection, make you comfortable and remove the pain.

(TRACK)

IN SOME CASES SURGEONS NEED TO REMOVE THE DEAD BONE AS WELL. BUT WHAT ABOUT REMOVING THE POSSIBILITY OF THIS HAPPENING IN THE FIRST PLACE. DOCTORS SAY GOOD DENTAL HYGIENE IS THE KEY.

[TAKE SOT
AT: 55:46]

before people take bisphosphonates it's advised that they see their dentist and have any infected teeth treated.

(TAG)

EVEN IF A PATIENT STOPS TAKING THE MEDICATION NOW, IT STAYS IN THE BONE FOR 10 YEARS. THAT'S WHY PREVENTING PROBLEMS BEFORE TAKING THE DRUGS IS CRITICAL... BECAUSE FOR MANY BISPHOSPHONATES ARE CRITICAL TO PROTECT BONE AND STOP THE SPREAD OF CANCER IN THE REST OF THE BODY. ON THE MEDICAL WATCH. DINA BAIR. WGN NEWS.

HOST: JUAN CARLOS FANJUL
PRODUCER: VICKY THOMAS
DIRECTOR: P.J. KRUSCHEL

SHOW TOPICS: What local lawmakers are doing to help undocumented children who may have a medical crisis. Also, information on how parents can protect their children from the dangers of the internet.

SUMMARY: Ana Esparza was only 16 but she became the face of undocumented children in need of health care when hospitals here in Chicago refused to replace her failing liver because of Medicaid limitations. A hospital in Miami gave her a new liver that just simply did not last. Ana died last month, and after her death lawmakers are hoping that laws will be changed so that undocumented immigrants who need an organ transplant will not have to suffer as much as Ana did.

Alderman Ricardo Munoz from the city's 22nd ward, former state representative Frank Aguilar and Carmen Velasquez Executive Director of Alivio Medical Center joined us to talk about this issue. Also on the show, the mixture of children and the internet can be dangerous; Michael Sullivan Deputy Bureau Chief of the High Tech Crimes Bureau for the State of Illinois and Officer Raimond Ranne of the Chicago Police Department gave us some tips on how parents can protect their children from internet dangers.

02:40 I chew gum instead of eating something. I do chew gum when I'm hungry

04:15 when I'm studying I'm constantly chewing gum. it keeps me concentrating

10:42 it's like an unconcscious relaxant. it gets rid of nervous energy perhaps

(TRACK)

Perhaps. But now the largest maker of gum products, like Juicy Fruit, Double mint, Extra and Orbit, wants to know for sure.

Kelly McGrail, Senior director, corporate relations, wrigley co

21:54 there is some very intriguing new research that indicates health and wellness benefits behind chewing gum that we haven't considered before.

(TRACK)

That research indicates chewing gum may increase blood flow to the brain and increase our ability to concentrate. But what about weight loss? Wrigley also wants to know if chewing gum can help suppress appetite.

12:15 what I've heard from my patients is that when they chew gum they are not eating as much as they normally would so they are replacing extra calories with the act of chewing gum

05:43 if you are chewing on something like gum its a lot better than chewing on a piece of cake or ice cream

(TRACK)

In the next year the Wrigley Company plans to support studies in the U.S., United Kingdom and Asia. All in an effort to learn the true health benefits of a product fifty percent of us use daily.

15:16 the act of chewing itself may be beneficial for alleviating stress it's just like somebody who would use
