This year's Fiestas Puertorriquenas are about to begin in the heart of the Puerto Rican community, Humboldt Park.

This is the story of a few good men in Iraq reaching out the hand of charity to those in need here. They are fighting for their lives overseas, yet at the same time “keeping tabs” on America’s neediest children. A little taste of home for the men of the second 224th aviation battalion delta company. They work in the sweltering heat of the Iraqi desert. Then one day as Sgt. Robert Martin was popping open his drink, a big idea popped into his head for the tiny piece of aluminum. Sgt Robert Martin/U.S. Army 2/224 Aviation Battalion: we had all these pop tabs so I went onto google and googled pop tabs and that’s when the Ronald McDonald charity came up. Sgt. Martin had never had a sick child or knew anyone personally who benefited from the charity. But he knew he had to help. He gathered his fellow soldiers for a new mission. In their 12 hour days spent repairing UH-60 Black-hawk army helicopters, they would each tear off the can tabs and save them. The act may not save lives, but it does change them.

This is the story of a few good men in Iraq reaching out the hand of charity to those in need here. They are fighting for their lives overseas, yet at the same time "keeping tabs" on America's neediest children. A little taste of home for the men of the second 224th aviation battalion delta company. They work in the sweltering heat of the Iraqi desert. Then one day as Sgt. Robert Martin was popping open his drink, a big idea popped into his head for the tiny piece of aluminum. Sgt Robert Martin/U.S. Army 2/224 Aviation Battalion: we had all these pop tabs so I went onto google and googled pop tabs and that's when the Ronald McDonald charity came up. Sgt. Martin had never had a sick child or knew anyone personally who benefited from the charity. But he knew he had to help. He gathered his fellow soldiers for a new mission. In their 12 hour days spent repairing UH-60 Black-hawk army helicopters, they would each tear off the can tabs and save them. The act may not save lives, but it does change them.

This year's Fiestas Puertorriquenas are about to begin in the heart of the Puerto Rican community, Humboldt Park.

This is the story of a few good men in Iraq reaching out the hand of charity to those in need here. They are fighting for their lives overseas, yet at the same time “keeping tabs” on America’s neediest children. A little taste of home for the men of the second 224th aviation battalion delta company. They work in the sweltering heat of the Iraqi desert. Then one day as Sgt. Robert Martin was popping open his drink, a big idea popped into his head for the tiny piece of aluminum. Sgt Robert Martin/U.S. Army 2/224 Aviation Battalion: we had all these pop tabs so I went onto google and googled pop tabs and that’s when the Ronald McDonald charity came up. Sgt. Martin had never had a sick child or knew anyone personally who benefited from the charity. But he knew he had to help. He gathered his fellow soldiers for a new mission. In their 12 hour days spent repairing UH-60 Black-hawk army helicopters, they would each tear off the can tabs and save them. The act may not save lives, but it does change them.

And a missing chapter in Mexican History, we'll explore the African presence south of the border.

Also, according to the National Victim Center one in three girls and one in six boys are sexually abused before the age of 18. IT MIGHT BE THE MOST EXPENSIVE PARKING TICKET YOU'LL EVER GET.. AND IF OUR CAMERAS ARE THERE, ONE OF YOUR MOST EMBARRASSING MOMENTS. THE FINE FOR ILEGALLY PARKING IN A HANDICAPPED SPACE IS NOW AS MUCH AS 500 DOLLARS IN ILLINOIS.. AND WORSE, YOU COULD TEMPORARILY LOSE YOUR DRIVERS LICENSE.

[TAKE: MON 4] {***STEVE***}

IT'S A MUCH TOUGHER, NEW LAW THAT TOOK EFFECT THIS YEAR.. BUT SOME ABLED BODIED DRIVERS AREN'T GETTING THE MESSAGE. THAT'S WHAT WE FOUND OUT, RIDING ALONG WITH SECRETARY OF STATE POLICE AND SUBURBAN COPS.

(TRACK)
(BRIEF NAT OF DOWNTOWN NOISE?)
PARKING IS AT A PREMIUM DOWNTOWN.
SOMETIMES THE ONLY SPOTS AVAILABLE
ARE those SET ASIDE FOR DISABLED
MOTORISTS.

{traffic shots, from tape 2 parking scofflaw tape, 2:19:46,
2:30:50, 2:40:36 (woman pulling out of spot)}

(TRACK)
BUT UNLESS YOU'RE THE REGISTERED OWNER OF ONE
THESE PLACARDS OR OWN DISABLED LICENSE PLATES,
IT'S ILLEGAL TO PARK IN ONE OF THOSE SPACES.
{placard shot tape 1 ps, 2:19:27 or 2:16:37 or 2:33:26}
{disabled license plate, tape 1, 2:19:08}
{tape 3, 3:03:04, nice low shot of handicapped sign}
{tape 2, 2:25:58 pan to parking sign}
(TRACK)

WE JOINED FOUR POLICE OFFICERS
FROM THE SECRETARY OF STATE'S OFFICE
DURING A RECENT STING IN THE LOOP.
TWO WERE UNDERCOVER.

{tape 2, 2:50:09 officer walks by, undercover officers
flashes starbadge 2:32:03}

(TRACK)
THE MOST PREVALENT ABUSE THEY FIND
IS BY THOSE WHO USE A PLACARD
BELONGING TO SOMEONE ELSE- USUALLY A DISABLED
FAMILY MEMBER. AND WHEN THAT DISABLED PERSON
IS SOMEWHERE ELSE, THAT'S ILLEGAL.

{tape 3 ps tape, 2:59:14, Sgt. Nelson Velazquez}
one of the most common excuses you get here is I just
dropped my father off at the
doctor's office a block away or I'm here to pick up a
prescriptions for my mother or father.
Or I just borrowed the car, I didn't know the placard was on
the mirror.

(TRACK)

IT WASN'T LONG BEFORE THEY NABBED A
PARKING SCOFFLAW WHO admitted THE PLACARD
SHE WAS USING BELONGED TO A FRIEND.

{tape 2. 2:25:35}

{officer velasquez sound tape 2, 2:24:42}
the person who was issued the placard by the secretary
of state's office they must be present.

THE WOMAN WAS FINED \$180 FOR THE UNAUTHORIZED
USE OF A HANDICAP PLACARD. WE
ASKED HER WHY SHE PARKED THERE.

{tape 2, 2:30:26 }

"I was running an errand for a friend of mine's mother."

Who's placard was that?

A friend of mine's mother.

Did you know that was illegal?

All I know is that I was doing an errand for her.

{car pulls away}

(TRACK)

A DISABLED MOTORIST WE TALKED TO
SAID HE SEES IT ALL THE TIME: ABLE-BODIED PEOPLE
PARKING IN SPOTS SET ASIDE FOR THE DISABLED.

{Bob Ness/Disabled Motorist, tape 3 ps. Tape 3:12:09}

I see people that park that can jump out of the car and go
running

into the store because its convenient, but that's taking his
spot away from me.

(TRACK)

OUR NEXT STOP WAS EVERGREEN PARK, JUST
ACROSS THE BORDER FROM CHICAGO'S SOUTH SIDE.
LAST YEAR OFFICER TOM OSTROWSKI
CONFISCATED 125 PLACARDS FROM PEOPLE
WHO WERE MISUING THEM.

{tape 2 ep, steve and cop walk towards camera, 1:05:28:13}
{evergreen park officer tom ostrowski }

a lot of people claim ignorance. But I think a lot of them
are lazy, they borrow somebody's placard.

{cutaway, vo at 9:48:10 then continue audio at 2:02}

it really displaces the truly handicapped people that are circling like a wagon train trying to find a handicap space. That's very disturbing.

{tape 1 ep, 33:17}

Can I get a complaint number for a handicapped parking violation.

{tape 2 ep, 48:19}

you know you're breaking the law right?
(flashframe?)

You're taking a handicapped space that a handicapped person needs. If your husband is at home you don't need to be talking a handicapped space.

(STEVE STANDUP) (I COULD DO THIS ANYWHERE)
REMARKABLY, THE STORY WAS THE SAME WITH ALMOST EVERY
SCOFFLAW I SPOKE WITH: "I WAS RUNNING AN ERRAND FOR MY
DISABLED FRIEND OR FAMILY MEMBER.. USING THEIR PLACARD"

{steve confronts. 53:24}

what's the story here, what happened?
I come to sam's to get my husband some vitamins
{get cutaway of officer writing ticket and pickup here}
I said i'm just going to run back in there and run right
back out.

You know you can't do that?

I know now.

(TRACK)

OFFICER OSTROWSKI COMES UP BIG ON
THIS DAY. HE WRITES UP THREE MORE
MOTORISTS WHO IMPROPERLY PARK IN
DISABILITY PARKING SPACES.

(TRACK)

IN SKOKIE, WE TAGGED ALONG WITH POLICE
OFFICER JOHN MOERSFELDER.
LAST YEAR SKOKIE ISSUED ABOUT FIVE HUNDRED
TICKETS TO PEOPLE PARKING ILLEGALLY IN
HANDICAPPED PARKING SPACES OR MISUSING

THE DISABLED PLACARDS.

{skokie tape 1, 12:11}
hi sir. Just making sure placards are being
used properly

AFTER A FEW CIRCLES AROUND THE
MALL, HE NOTICES A CAR ILLEGALLY PARKED
IN THE (STRIPED?) ACCESS AISLE THAT IS ADAJCENT TO
MANY HANDICAPPED PARKING SPACES.
THAT IS ILLEGAL.

{tape 1, 26:27, woman}
I didn't have time. There was no parking
and I decided to park in the middle.

{officer in car 29:45}
she told me she didn't know she couldn't park
in the striped are in the middle of a handicap
spot.

(TRACK)
OFFICER MOERSFELDER
EXPLAINED WHY YOU CAN'T PARK
IN THE STRIPED AREA.

{tape 1, 33:56}
they need extra space because they might
need to get into a wheelchair or take
a walker out of the car.

WE ASKED OFFICER MOERSFELDER WHY PEOPLE
IGNORE THE POSTED SIGNS AND CONTINUE TO ABUSE
DISABLED PARKING SPACES.

{skokie tape 1, 1:39}
they see it as an easy thing to abuse,
run into the store for a little bit come back
out and think they got away with something.

[Anchor:STEVE] {***STEVE***}

[TAKE: ONCAM]

THE SECRETARY OF STATE'S OFFICE ESTIMATES AS MANY AS FIVE PERCENT OF DISABLED PARKING PLACARDS ARE COUNTERFEIT. THESE ARE JUST A FEW PHONY PLACARDS THEY'VE CONFISCATED.

[TAKE: 2 SHOT]

JACKIE, THIS OWNER OF THIS ONE EVEN HAD IT PROFESIONALLY PRINTED. HE ENDED UP LOSING HIS DRIVERS LICENSE FOR A YEAR.

[Anchor:JACKIE] {***JACKIE***}

WHAT ARE POLICE DOING NOW TO STOP THIS??

IT LOOKS LIKE A DIALYSIS MACHINE. BUT WITH ULTRAFILTRATION BLOOD PASSES FROM A PORT IN THE PATIENT'S NECK OR GROIN THROUGH A DEVICE WHERE WATER AND SALT ARE REMOVED. THEN BLOOD IS RETURNED TO THE PATIENT.

[TAKE SOT
AT: 2:06]

William Cotts, Cardiologist, Northwestern Memorial Hospital: THE IDEA BEHIND THE ULTRAFILTRATION DEVICE IS THAT WE FEEL, AND THERE IS SOME EVIDENCE OF THIS, THAT IT CAN GET BLOOD OFF MORE QUICKLY THAN DIURETICS IN MANY CASES SO IT CAN GET BLOOD OFF EASIER.

[TAKE SOT
AT: 3:07]

THE LEFT SIDE OF THE HEART PUMPS BLOOD THROUGH THE AORTA TO THE BODY, THE RIGHT SIDE OF THE HEART PUMPS BLOOD TO THE LUNGS. EITHER SIDE OF THE HEART CAN FAIL.

(TRACK)

WHEN THE HEART FAILS THAT'S WHEN FLUID BACKS UP INTO THE BODY AND LUNGS. IT'S A CONDITON THAT CAN BE LIFE-THREATENING. BUT THE DEVICE ISN'T JUST FOR TRANSPLANT PATIENTS. IT CAN BE USED TO SAFELY REMOVE EXCESS FLUID FROM PATIENTS SUFFERING FROM ACUTE HEART FAILURE.

[TAKE SOT
AT: 2:27]

THE ADVANTAGE OF IT AMONG MANY MODALITIES USED TO REMOVE

FLUID IS IT DOESN'T APPEAR TO SIGNIFICANTLY DECREASE
SOMEBODY'S BLOOD PRESSURE.

NAT SOUND - Dr. Scott Miller & ALEX LEIGHTON - PROSTATE
PATIENT

T-1-09:12

Dr. Miller:" So, you're ready?

Alex:" I'm ready.

Miller:" Questions?

Alex:" Nah. Let's go for it.

Miller:" I'm going to take really good care of you.

Alex:" I'm sure you will. ..10 sec.

JORDAN:" Urologist, Dr. Scott Miller and his patient Alex Leighton are heading to surgery. Miller, the same doctor I had, is about to remove Alex's cancerous prostate gland. But instead of opening him up, with a long incision running from the navel to the pubic bone, Dr. Miller will make 5, dime-sized holes in Alex's abdomen, where he will insert and guide the robot arms to remove the prostate gland. 23 sec.

T-1--09:50

Miller:" You'll be ready to go tomorrow. You'll be ready to go. 5sec.

Jordan:" That's right. Alex will go home the next day; just as I did. We'll show you Alex leaving, later. 6 sec.

T-1-16:21

But first Alex has a date with a robot -- a three-armed, computer driven-machine that is actually controlled and manipulated by Dr. Miller after he makes the 5-tiny holes in Alex's abdomen. 12 sec. 58 sec.

NAT SOUND - "Bring over the robot.."

JORDAN:" Covered in sterilized plastic, the arms are inserted into long plastic tubes which allow different hands to be attached to the arms, as needed - scissors, retractors, clamps or suture needles. And when Miller moves his hand an inch, the computer reduces his movements inside the body to centimeters. 20 sec.

T-1-13:56

MILLER:" These are the view finders. I put my head into this space and we're then able to see the inside of the body through 2 separate cameras giving us a stereo view of the inside of the body." 10 sec.

JORDAN:" Plus what he sees is enlarged -- magnified 10 times bigger than normal. To him, scissors look like hedge clippers but they are the size of a fingernail. 10 sec.

T-3-06:26

MILLER:" The 3-D visualization is incredible. It is like a little one of me being inside the body." 7 sec.

JORDAN:" And because the nerves and blood vessels - that control bladder function and erections -- appear so large, Miller can clearly see how to avoid them so that men can resume their old lifestyles. 10 sec. 1:55 sec.

T-3-09:50

Miller:" And within weeks, often, will have return of normal or close to normal sexual and urinary function." 7 sec.

T-1-27:28 (Shows the instrument punching through wall"
Jordan:" As you can see from the camera inside the body, there is hardly any bleeding. Years ago men having a prostatectomy would routinely have to receive blood transfusions. But, with the da Vinci robot in the hands of a skilled surgeon, blood loss is minimal. 15 sec.

JORDAN:" Almost an hour later, the prostate is cleanly dissected away from the bladder. Miller then inspects the gland to make sure he has gotten it all, the way he wanted to. 10 sec

T-2-47:00

Miller:" I take a peek at it to make sure I have extra tissue, which I do. Make sure my margins look nice - I actually see fibers on that. And, we bag it." 10 SEC.

JORDAN:" Sealed in a plastic baggie, the prostate will be removed through one of the tiny holes in the abdomen and
