SOT t2 00 44 17 Larvell Watkins
I have a purpose now in life.

TRACK: Twenty one year old Larvell (Lar-vell) Watkins had what most would define as a difficult childhood. From four years old on, he lived in and out of foster care. In his teen years, he lived in and out of jail. Then he had a son.

SOT t2 00 42 33 Larvell Watkins/Graduate of UCAN's STAR Program
I don't want him to go through what I've been through 35// as he gets older I want him to look at me as a positive-role model.

TRACK: Helping him find the tools to become a positive role model, Larvell immersed himself into the STARS Program. STARS stands for Striving To Achieve Realistic Success. It's part of Uhlich Children's Advantage Network -or UCAN. Claude Robinson is the Vice President of Youth Development with UCAN and co-creator of STARS. He says they work on giving kids -who've been involved with DCFS - hope to help them to see beyond their past.

SOT t2 01 00 15 Claude A. Robinson/UCAN Vice President of Youth Development
And to try and build on that so that their future is not held hostage by their past.

TRACK: Most of the kids who are part of the program have suffered some type of abuse or neglect. Many have also NOT had a consistent education- while being moved from home to home. June Eichelberger (Ike-el Burger) says many of the youth who "age out" of the system, after being wards of the state, do not do well as adults.

SOT t-2 00 45 35 June Eichelberger/UCAN Youth Development Coordinator
Many of them go into situations that brought them into the system in the first place, perhaps drug abuse or something like that - and so they don't have the skills that they need to go out and seek employment or viable opportunities.

TRACK: Which brings us back to Larvell. He's now a graduate of the STARS Program, an active father and he works as a paid Teen Parent Service Network Mentor.

SOT t2 00 40 25 Larvell Watkins/Graduate of UCAN's STAR Program

I work with guys who have some type of extensive trauma history.

All I can do is continue to move forward and actually use what I've been through and where I come from as an extra push.

SOT t-3 01 11 00 Jane Boal/WGN-News

UCAN makes a great difference in the community through a variety of programs including education, transitional teen services, clinical and counseling services and foster care.

(NAT SND PROGRAM)

TRACK: UCAN'S STAR Program is one of Chicago's Very Own, for helping young people find a way to use their history as an excuse to succeed.

{***STEVE***}

FOR THE PAST FOUR YEARS, HIGH SCHOOL KIDS HAVE BEEN BUILDING WOODEN TOYS TO SELL ... TO RAISE MONEY FOR LESS FORTUNATE CHILDREN WHO MIGHT NOT OTHERWISE RECEIVE WHAT THEY WANT FOR CHRISTMAS.

{***ALLISON ***}

WGN'S JANE BOAL WENT TO MEET SOME OF THE KIDS MAKING TOYS THIS YEAR.

THEY'RE CHICAGO'S VERY OWN.

TRACK: Students in this wood shop class are learning valuable skills other than the obvious fine woodworking trade they'll be graded for at the end of the year.

~~SOT t1 00 13 00 Scott Hart/Executive Director Mooseheart Child City and School~~

Much more than academics is being taught here.

TRACK: This is the forth year that St. Charles East High School students have been making and auctioning off wooden toys.

~~SOT t1 00 18 53 Robert Miller/ Principal St. Charles East High School~~

and the money and the proceeds that we get from our auction we go out and buy toys for the children at Mooseheart School.

TRACK: Robert Miller is the schools principal who runs the program. He acts as auctoneer, shopper and hand delivers them as Santa clause with the real elf's along side.

(Robert Miller/SANTA NAT Snd VHS Tape) Okay, and do I hear one hundred dollars?

TRACK Cont: As a child Miller says he remembers Christmas as a melancholy time since his father was an orphan who was never adopted.

~~SOT T1 00 20 45 Robert Miller/ Principal St. Charles East High School~~

Because he remembers Christmas as when he got nothing- when he was in foster homes and received not one toy.

TRACK: Back in the busy wood shop class Dan Nikolich (Nick-Oh-Litch) and Bill Diamond construct a rocking chair. Diamond says the Toys for Tots program is the reason he's in the class for the 3rd year. (nat snd) Like the other toy makers he also helps with the auction and hands out toys to the kids at the residential home.

SOT t2 00 28 19 Bill Diamond/St Charles East Junior
They're sitting there and then they're really happy because they finally get what they want - that they've been waiting for.

TRACK: Since October more than 100 students have been working on their wooden toys; games, connecting trains, (t2 00 32 14) collapsible wooden reindeer, sleds, perfect airplanes, foosball tables, dart boards, benches, beds, stools and more.

(nat snd)

TRACK: Scott Hart is Mooseheart's Executive Director where children receive the gifts.

SOT t1 00 13 03 Scott Hart/Executive Director Mooseheart Child City and School
and when you're teaching those life lessons of generosity on how to give back how to think of other people this is especially important obviously at the holiday time but throughout the year.

TRACK: Chicago's Very Own in St. Charles - because in the end, students are learning more than the craftsmanship of designing and making toys - they're learning how to build a smile.

<mos>9 WINTER WEATHER FORECAST-PKG 3:00</mos>

~~((nats- wind and cold snow~~

LOVE IT OR HATE IT, HERE IT COMES.

...Getting stranded... the power going out.
...I love winter. It's my favorite season.
...The weather changes at any moment. It could snow at any time now.

WINTERS HERE TOUCH LIVES. THEY'RE SO MUCH A PART OF LIFE IN CHICAGO, EVEN POLITICIANS TAKE THEM SERIOUSLY.

~~Nats-file applause~~

~~[Notes: SUPER at :20-25: 1979/Chicago City Hall]~~

IN EFFECT, MOTHER NATURE TEAMED UP WITH JANE BYRNE IN 1978 - '79 TO CAPTURE THE CITY'S TOP OFFICE AFTER A SERIES OF CRIPPLING DECEMBER AND JANUARY SNOWSTORMS MADE IT CLEAR THE CITY THAT WORKS, IN THAT CASE, DIDN'T!

Natsot file-guy teeing off

WINTERS SINCE THEN HAVE BEEN GETTING Milder. IN FACT, OUR NUMBERS SHOW DRAMATIC WARMING. IN THE 1970'S CHICAGO'S AVERAGE WINTER TEMPERATURE WAS JUST 24.9 DEGREES. WINTERS OF THE EIGHTIES WARMED TO 26.8 DEGREES. AND BY THE NINETIES, WINTER TEMPS WERE UP A STUNNING FIVE DEGREES.

Nats-warm winter

IT'S THE MOST DRAMATIC WINTER WARMING OBSERVED HERE IN MORE THAN A CENTURY OF RECORD KEEPING. AND IT'S A PROCESS STATE CLIMATOLOGIST JIM ANGEL HAS BEEN TRACKING CLOSELY.

[Notes: SUPER 1:09-1:14 Jim Angel, Ph.D./State Climatologist]

JIM ANGELPHD/ STATE CLIMATOLOGIST

"One of the outstanding features is the last 20-30 years we have a trend towards milder winters so less snowfall, warmer

temperatures, fewer days below zero."

WHAT IS A NORMAL WINTER ANYWAY? BY INTERNATIONAL AGREEMENT, NORMALS ARE ACTUALLY 30 YEAR AVERAGES AND THEY'RE UPDATED EVERY TEN YEARS.

Nats cardinal singing

THE CURRENT SET OF NORMALS COVERS THE PERIOD FROM 1971-2000... WHICH INCLUDES THOSE BRUTAL WINTERS OF THE 70'S. THAT MEANS CURRENT NORMALS MAY BE ON THE HIGH SIDE FOR SNOWFALL AND THE LOW SIDE FOR TEMPERATURES.

nats-cold and wind rain from Champaign

FALL HAS BEEN ABNORMALLY COOL AND WET. AT FIRST GLANCE THIS SEEMS AN OMINOUS SIGN...

JIM ANGEL: "There's not a whole lot of connection between the fall and winter weather."

DR. ANGEL SAYS FORECASTERS *HAVE BEEN MONITORING OCEAN WARMING CONNECTED WITH EL NINO OFF SOUTH AMERICA.
[Notes: SUPER 2:02-2:06 Courtesy: NASA-TV]

IN THE PAST, THAT'S BEEN SHOWN TO BE SO IMPORTANT GOVERNMENT FORECASTERS ARE BASING A LOT OF *THIS WINTER'S OUTLOOK ON IT.

"The National Weather Service is calling for an increased chance of above normal temperatures and below normal precipitation. They don't give a snowfall forecast but if you look between the lines warm temperatures drive precipitation conditions that usually means less snowfall."

A MILD WINTER WOULD LOWER HEATING COSTS... REDUCE TIME ON SNOW CLOGGED EXPRESSWAYS... AND CUT ROAD REPAIRS. BUT FOR THOSE WHO PLOW SNOW OR RUN SKI RESORTS, IT'S NOT A FORECAST YOU WANT TO HOLD TRUE.

Nats-yodeling skier

BUT KEEP THIS IN MIND.... A WINTER CAN FINISH WARMER THAN NORMAL OVERALL... BUT STILL INCLUDE SPELLS OF RECORD SNOW

AND COLD.

"I think we'll probably see some interesting weather and if I had to bet money on it I would say we'll see it in December."
