KFBW  
 Quarterly Issues/Programs List

KFBW provides its listeners with programming and public service announcements that address issues of concern to our local community. Among the issues determined to be of most concern to the community during the preceding calendar quarter were:

1. How is the pandemic affecting employment and people leaving their jobs.
2. Are hospitals meeting their goals of being nonprofit?
3. Update Washington state's carbon reduction and climate change plans.
4. What is radon, what's the risk and how to residents know if their house or apartment is affected?
5. What concerns are there about who gets your data about online activities?
6. What protections are there against human trafficking and what's being done to reduce it?
7. Should inmates be allowed to vote?
8. Emailing doctors became commonplace during the pandemic, but has it become too much for doctors?
9. Update the state of COVID-19, RSV and other respiratory infections.
10. How much of a problem is labor trafficking in Oregon, what are the causes and what's the legislature consider doing about it?
