"I Hear America Singing"	American Public Media	9/4	6:00p	59:00:00	The view of one's life's work has taken on different meanings in societies and eras across the world. From servant and slavery systems of old, to the industrial revolution, to labor unions and the gig economy, our idea of work is ever-changing. As in all aspects of our culture, music has been a part of work every step of the way. Today, both the advent of remote-work and the emerging question of universal basic income are creating new paradigms and discussions about the meaning of work. Join Cantus for I Hear America Singing, a joyful examination of the role work has played in our lives in years past and how work might evolve into the future.
