Program	Date	Time	Issue(s)	Summary	Length
SRN News	7/1/2021	Top of Hour Newscast	Employment	Unemployment is lower than ever since the beginning of the pandemic.	0:30
My Money Life	7/1/2021	6:02 PM	Finances	Far too many people make the big mistake of hoarding money instead of giving it away. They refuse to respond to the needs of others, even when opportunities are clearly presented. Paradoxically, research indicates that lower-income people are more willing to share than people with considerable means.	2:00
Parent Minute	7/1/2021	2:02 PM	Parenting	How many times have you said "you did great!" to your son or daughter—when it WASN'T true? I struggle with it. Are we lying to them? Some soccer leagues give kids trophies even when they lose EVERY game. Professionally, I hate it when somebody tells me how great I did when I know I was terrible. What's the answer? Ephesians tells us to speak the truth in love.	1:00
SRN News	7/2/2021	Top of Hour Newscast	Employment	Employers added 850,000 jobs this month, showing that the pandemic's effect is coming to an end.	0:30
My Money Life	7/2/2021	6:02 PM	Transportation Finances	Turo is a car rental company whose inventory belongs to personal car owners. It's like an Airbnb for cars. Typically hosts earn \$10,000 per vehicle annually after paying a commission for insurance that's arranged through the company. It offers models you'd never find at mainstream car rental agencies. Now, the company is not perfect. I've read some pros and cons. It grew rapidly and had some issues to address, but the model is unique and some people have benefitted greatly.	2:00
Parent Minute	7/2/2021	2:02 PM	Youth Parenting	If you're a parent, you've probably heard that a MILLION times, right? Kids are just selfish. Actually, we can be, too. Unfortunately, our Western culture has turned many kids (and adults, for that matter) into an entitlement society. My own daughter gets trapped in it sometimes. How can we help our kids get out of it? GIVE THEM A JOB. No, not child labor—chores. Make them EARN the money to buy things.	1:00
Weekend Connection	7/3/2021	4:02 PM	Health Issues Healthcare	Dr. David Kim is the founder and CEO of the Beacon Christian Community Health Clinic in Stanton Island, New York. He joins us again to continue his discussion about common thyroid disorders and the effectiveness of their treatment. He also discusses the unique treatment model that he employs in New York.	15:00

SRN News	7/5/2021	Top of Hour Newscast	Streets & Hwys Civil Liberties	Even while the search-and-rescue continues in Miami, litigation begins for potential negligence causing the damage.	0:30
My Money Life	7/5/2021	6:02 PM	Cost of Living	Chuck Bentley from Crown Financial Ministries: So are you losing sleep due to money troubles? Feeling alone and overwhelmed with the burden of financial difficulties? Our online budget coaching program can put you on the road to financial freedom. We've all made financial mistakes. Now is a great time for a fresh start.	2:00
SRN News	7/6/2021	Top of Hour Newscast	Natural disasters	Hurricane Elsa is hitting Key West with heavy winds and rain.	0:30
My Money Life	7/6/2021	6:02 PM	Elderly Finances	A recent poll found that more than one-third of Americans are unprepared for retirement. One third of American's don't have retirement savings and a significant percentage of the population simply can't afford to retire. So, know your options, educate yourself and seek wise counsel. Don't allow confusion or lack of knowledge to intimidate or deter you from starting to save. Begin saving as early as possible.	2:00
Parent Minute	7/9/2021	2:02 PM	Technology	One of the most challenging roles we have as parents is to control the one-eyed monster lurking in your home—our TVs and our mobile devices. We wouldn't think of introducing our kids to an endless parade of murderers, thieves, adulterers, and drunks, would we? But, our TVs, computers, and smartphones make this happen hour after hour, day after day in most American homes. As parents, we simply can't allow unsupervised access 24/7. We've got to put limits on it and ENFORCE them. If we can't control how our kids use technology, put it away for a few weeks so you can wean yourselves away from it. Or take the ultimate step and slay the monster altogether. As the bumper sticker reads, "Kill your TV before it kills you."	1:00
Weekend Connection	7/10/2021	4:02 PM	Crime/Law & Order Family Parenting	Carol Kent discusses prisoners and their families	15:00
Unshackled!	7/11/2021	11:00 PM	Youth	As a child, Sharon Arinaitwe experienced rejection from those closest to her, and her rebellious spirit led her astray. However, because of missionaries faithfully responding to God's call to share the gospel, Sharon's life changed.	28:00
My Money Life	7/12/2021	6:02 PM	Natural disasters Finances	A record number of Americans say that their primary financial regret since Covid-19 is "not saving enough for emergencies." A financial plan could have prepared people for the unexpected, but in my years of counseling couples, many can't seem to get there or stay consistent. Most couples don't take the time necessary to work on their finances. They spend lots of time together dating or courting, but too often they ignore their financial future. Everyone needs to set aside time to plan, write it down, and then faithfully implement it.	2:00
SRN News	7/12/2021	Top of Hour Newscast	Crime/Law & Order	President Biden is meeting with top officials to discuss the nation's rampant increase in crime.	0:30

These issues were derived from careful observation of a cross-section of various local media including newspaper, radio, and television reports among others. Local citizens were also informally polled and their opinions were considered in the compilation of this list.

The issues in this report have been addressed in the programs listed as well as through our regularly scheduled programs, newscasts, and public service announcements. This report has been prepared by the staff of the Bible Broadcasting Network.

Program	Date	Time	Issue(s)	Summary	Length
My Money Life	7/13/2021	6:02 PM	Employment	Chuck Bentley recalls: "Years ago, one of my sons was so frustrated with his boss that he wanted to quit his job. I counseled him to stay. My son listened to my advice and learned the financial benefit of relationships. Burning bridges is life altering. There's no turning back to the way things used to be. Once something is said or done, the "burn" can permanently scar. Consider the consequences. Don't react in anger. Don't gossip. Conduct yourself in ways that you won't regret. You never know who people know and their future role in your life. So, treat others as you would want to be treated."	2:00
SRN News	7/13/2021	Top of Hour Newscast	Natural disasters	The west doesn't have enough rain while the east has too much.	0:30
My Money Life	7/14/2021	6:02 PM	Housing Finances	Considering a reverse mortgage? Reverse mortgages allow people over age 62 to borrow against the value of their home. They're complicated and expensive. There is the risk of losing your house. A Home Equity Conversion Mortgage is the most common, but all have financial implications.	2:00
My Money Life	7/15/2021	6:02 PM	Finances	Track and analyze your spending. Then create and keep a tight budget. You'll see where you're most vulnerable. Stop unnecessary spending so you can build an emergency fund. Brainstorm ways to improve your income. Do you own your own home? Refinance it if you can lock into a lower rate and stay in your home long enough to justify the cost. Do you have credit card debt? Call the company and request a lower rate. Transfer balances, but take fees into account. Do you have investments? Are you retired? Know your risk tolerance and possibly adjust your portfolio.	2:00
SRN News	7/15/2021	Top of Hour Newscast	Employment	Unemployment cases down 26,000 last week which is the lowest post-pandemic levels so far.	0:30
Unshackled!	7/18/2021	11:00 PM	Alcoholism Depression	Cecelia Cotlan thought her life would get better with a brand-new start. But as new beginning after new beginning failed, he was left searching and despairing. Until finally her despair led her to a most unexpected place.	28:00
My Money Life	7/20/2021	6:02 PM	Marriage	Chuck Bentley: "I've counseled many couples whose problems often boil down to 3C's: correcting, controlling and criticizing. A correcting spouse is one who always sees and points out faults. Correcting is necessary in parenting young children but not in marriage. It demonstrates a lack of acceptance and a lack of respect. Controlling leads to a breakdown in respect and love. The controlled spouse experiences emotions from worthlessness and depression to anxiety and fear. Criticizing attacks character. It immediately puts the receiver in a defensive mode. When correcting, controlling or criticizing occurs in your marriage, bitterness sets in and hearts will harden."	2:00
SRN News	7/21/2021	Top of Hour Newscast	Natural disasters	Ashes from fires in Oregon have spread ashes clear across the USA to the East Coast, causing a type of haze.	0:30

My Money Life	7/22/2021	6:02 PM	Consumer Protection	Fraud erupted when the greedy sought money from the Paycheck Protection Program last year. The PPP was created to help small businesses during Covid, but Tens of thousands of loans went to ineligible businesses. Propublica reported in May that seven million dollars of Loans went to hundreds of fake farms.	2:00
Parent Minute	7/23/2021	2:02 PM	Family	Sometimes a person's passion for providing for his or her family can get in the way of simply spending time with the kids.	1:00
My Money Life	7/23/2021	6:02 PM	Finances	This zany dramatic comedy "You Can't Take it With You" from 1936 reminds us of an important point – that having a meaningful life depends more on how we live than on what we have, as Crown's founder, the late Larry Burkett, illustrates.	2:00
Conference Pulpit	7/27/2021	9:00 PM	Pornography	Rose Colon speaks to "The Lie of Ponography".	45:00
Parent Minute	7/27/2021	2:02 PM	Parenting	According to a study by Professor Jean Twenge and other researchers, today's young people are more narcissistic than ever. They not only value themselves more than others—they just don't care about anybody else.	1:00

SRN News	7/29/2021	Top of Hour Newscast	Streets & Hwy's	The senate passed a bipartisan infrastructure bill worth 1.2 trillion dollars over the next 8 years.	0:30
SRN News	7/29/2021	Top of Hour Newscast	Health Issues	COVID 19 concerns still are at large looming over the Olympic Games.	0:30

Weekend Connection	7/31/2021	4:02 PM	Finances	Brian Kluth is the National Director for the National Association of Evangelicals' Financial Health Initiative. He also heads up the National Bless Your Pastor Campaign. He discusses the lack of adequate stewardship teaching at most churches that results in insufficient financial support for many pastors. Brother Kluth goes on to introduce his campaign to encourage and engage Christians to be a blessing to their pastors.	15:00
My Money Life	8/2/2021	6:02 PM	Economy	Decentralized finance, or Defi, is a system of financial products that bypass traditional banks or brokerages. They're open to anyone through a public decentralized blockchain network. Proof of identity is unnecessary in transactions between buyers, sellers, lenders, and borrowers. Instead of working through a company or institution, people deal with software. The removal of centralized intermediaries is how Defi technology works.	2:00
Parent Minute	8/2/2021	2:02 PM	Family	Greg Yoder: You think your kids are just inquisitive and precocious. But some call them busy. Others obnoxious. But the reality is when your kids are invited to somebody's house and they trash a room in 60 seconds, there may be a discipline issue. Practice at home. Encourage your kids to get out one toy at a time. Or restrict them to certain toys.	1:00
My Money Life	8/3/2021	6:02 PM	Religious Liberties/Discrimination	Is economic freedom possible without religious freedom? A recent study by a research professor revealed that religious liberty is a prerequisite to economic freedom. The professor used a sample of more than 140 countries over 20 plus years. The results show that improvements in religious liberty pre-date improvements in economic freedom. The study shows that the freedom to worship God as we choose is declining in many developed nations. In the past ten years, it dropped nearly 30% in the U. S. The logical conclusion to the study is that if we lose religious freedom then economic freedom will soon follow.	2:00
My Money Life	8/4/2021	6:02 PM	Finances	Advice from Chuck Bentley: I recommend saving a maximum of 15 months of your annual income in a risk-free account that's accessible without penalty. Since savings accounts aren't paying much interest, you may only want to keep 3-6 months there while putting the rest in liquid assets. Keep one month of cash on hand at home.	2:00
SRN News	8/6/2021	Top of Hour Newscast	Employment	Unemployment decreased to 5.4% for the month of July. Almost a million jobs were added.	0:30

My Money Life	8/9/2021	6:02 PM	Health Issues	Health professionals recommend that adults spend a minimum of 2 ½ hours of moderate aerobic exercise and muscle strengthening each week. This reduces the risk of certain diseases and improves sleep and mood - not to mention lowering stress and anxiety.	2:00
Building Blocks for the Family	8/12/2021	2:30 PM	Youth	Dewey Bertolini speaks on the subject of Christian dating.	28:00
My Money Life	8/12/2021	6:02 PM	Consumer Protection	Advice from Chuck Bentley: Don't be an easy target for home title fraud. Learn ways that you can protect yourself. Thieves love to commit home title fraud beginning with identity theft. Carefully check your bank statements and your mail with caution. Never open suspicious emails from mortgage companies that aren't yours. Review your credit reports on a regular basis.	2:00
My Money Life	8/13/2021	6:02 PM	Housing	Newsmax reported that during April, U.S. home prices jumped the most in more than 30 years. If you're looking to buy, things may be turning your direction. Realtor.com shows that time-on-market is beginning to increase on some properties. With an increased supply, we may see prices moderate, although a broad price decline is unlikely right now.	2:00

My Money Life	8/18/2021	6:02 PM	Cost of Living	Covid pushed millions of young adults back home. The Pew Research Center reported that in July of 2020, 52% of young adults resided with one or both of their parents. That surpassed the number recorded during the Great Depression. Young people left college campuses, lost jobs, had debt, or needed to save money to pay their bills.	2:00

My Money Life	8/19/2021	6:02 PM	Finances	Chuck Bentley: Have you ever wished you could just make a little more money? A few extra thousand dollars would pay off that debt or create a nest egg for retirement. Just a little more and all of your money problems would just disappear! Well none of those things are bad. More income can be a blessing, and getting out of debt and saving for retirement are great accomplishments, but these things alone won't solve your problems. They only deal with the symptoms of your money issues, not the root causes.	2:00
Parent Minute	8/20/2021	2:02 PM	Cost of Living	A recent study by researchers at Washington University School of Medicine in St. Louis suggests if you're poor, your children are more likely to suffer from depression and not do as well in school. The report says the stress of being poor is the cause, creating real brain connectivity issues.	1:00
My Money Life	8/20/2021	6:02 PM	Cost of Living Finances	Chuck Bentley: If you run a business, you understand the sense of ownership that's required to make it successful, but one day, you'll have to put the reins into someone else's hands.	2:00
Weekend Connection	8/21/2021	4:02 PM	Youth Family	Talked with Katie Leigh from "Adventures in Odyssey" about her testimony and life journey as a voice actor.	15:00
My Money Life	8/23/2021	6:02 PM	Finances	Covid has revealed the importance of having an emergency fund. Here are a few of my suggestions: Every dollar counts. Compare banks to see who offers the best rates. Take advantage of sign-up bonuses. Maintaining a minimum balance and making direct deposits can eliminate existing bank fees.	2:00
My Money Life	8/24/2021	6:02 PM	Cost of Living	Chuck Bentley: Someone recently confided that in giving so much money away, he had neglected his own family. If giving interferes with the ability to manage your home, extend hospitality, and provide for your family, examine if you're giving too much elsewhere.	2:00
Parent Minute	8/24/2021	2:02 PM	Youth	Modern day dating probably isn't for your son or daughter. Physical expectations are too high. Hearts are given away like we do favors for our next door neighbor. What am I encouraging my daughter to do? Only date those you consider marrying. In fact, I advocate courting: "Under the protection, guidance, and blessing of parents or mentors, the couple concentrates on developing a deep friendship that could lead to marriage."	1:00

Conference Pulpit	8/26/2021	9:00 PM	Marriage	Speaker Henry Brandt, who earned a doctorate from Cornell University in marriage and family relations speaks on the subject "Restoring Harmony in Marriage".	45:00
My Money Life	8/26/2021	6:02 PM	Stress Technology	People experience loneliness when going through financial stress. They wrongly identify as failures and tend to withdraw from the very people who could help them. Social media adds to the stress. It creates anxiety to see the happiness and success of others while one's own world is falling apart. It multiplies the pain when feeling like a failure. Financial stress is not uncommon. It takes humility to open up about it, to seek and receive help	2:00
Parent Minute	8/27/2021	2:02 PM	Family	Greg Yoder discusses the problems of being a single mom and how to overcome those problems.	1:00

Five time-wasters include: scrolling through social media, playing on phones or games, watching TV, sitting in traffic and constantly checking the phone.	2:00
Parent Minute	9/1/2021	2:02 PM	Media	What parent would allow their kids to hang out with the people we see in TV or the movies, let alone invite them into our homes. What about the ideals they're being exposed to in school, with neighborhood friends, or on social media or the internet? How do we help our kids make wise choices? First we expose them to the Truth. Parent Minute	9/3/2021	2:02 PM	Adoption	Greg Yoder: The last thing your adopted child wants to be associated with is a stray dog or cat. As a dad of a "chosen" daughter, I cringe at comments I hear from well meaning friends and family. I read a story recently about someone using the stray dog story to try to help their daughter understand adoption. That's NOT a good way to explain it. It's more like this: God loves us. We didn't earn it. He chose us. Then, he adopted us as sons and daughters.	1:00
My Money Life	9/3/2021	6:02 PM	Cost of Living	Chuck Bentley: one of the best examples you can set for your children is to free yourself from credit card debt.	2:00

Program	Date	Time	Issue(s)	Summary	Length
My Money Life	9/7/2021	6:02 PM	Technology Consumer Protection	Bankrate.com warns home buyers to protect themselves from fake title and escrow companies. Here's how they work. They set up a website that looks like the company with whom you're working. Their spoofing tactics are easily overlooked: like phone numbers, websites or email addresses that are just one digit off. You follow their instructions and in an instant, they withdraw funds from some offshore account. You're left with nothing. So never send money without verifying instructions with a live person from a phone number listed on your original documents.	2:00
My Money Life	9/8/2021	6:02 PM	Elderly Consumer Protection	Loan flipping occurs when a predatory lender persuades a homeowner to refinance a mortgage multiple times, often borrowing more each transaction. Here are a few of them: Bait-and-Switch scams involve advertising a different property from the real one. Phantom Rentals are fake listings. Hijacked Ads occur when a fake landlord posts ads for a real property but with different contact information. This happens when 'for sale' listings are re-listed as rentals.
