Be Someone

In 2008, Orrin C. Hudson, whose methods were inspired by the game of chess, founded Be Someone, which is a 501 (c) (3) nonprofit organization that uses numerous tools, including the game of chess, to promote self-esteem, responsibility, and analytical thinking among children in underserved communities. The mission of Be Someone is to build character, hope, and inspiration so that kids can set and achieve lifetime goals, realize their full potential, and Be Someone. “Making Every Move Count” refers to the belief that success in chess and success in life require the same fundamentals, including concentration, self-esteem, problem solving skills,

Be Someone teaches kids the practical skills and techniques to overcome obstacles in life, illustrated through the best and most intellectual visual aid: the chessboard.

We had Orrin Hudson in the studio to talk about Be Someone and how the organization is making a difference in the Atlanta community. Through our conversation, we found that he was contributing to a growing problem in such a unique way. In school, kids are hammered with books, and they learn in such a predetermined way. Through chess, Be Someone is truly engaging with the kids and changing lives. This is a great benefit for the community in and around Atlanta.

SafeRide America

Their mission is to pro-actively prevent all types of impaired driving and to assist children that have been orphaned or injured by impaired driving crashes. By offering to drive people AND their cars for them for about the same price as a taxi addresses goal #1 and their “pay us later” policy for SafeRide Service addresses goal #2.

Yes, they do charge a fee for their designated driver services, but will provide a service, no questions asked, if someone does not have the money to pay for our designated driver services. All they ask anyone to do if they do not have money for the fee is to simply “pay us later”.

You can repay them with your time as a volunteer, paying for your fare later, and/or tell others about their services.

We had Michael Ryne in the studio to discuss this safe alternative to get you home. Even with the rise of ride-share services like Uber and Lyft, some people want the convenience of having their vehicle with them during a night out. The mission of SafeRide is for people to have that convenience with an option to them home safely.

Chris 180

CHRIS 180 has been at the forefront of behavioral health and child welfare service delivery since 1981 when the organization was first established as Georgia CHARLEE (Children Have All Rights-Legal, Educational, and Emotional) to fill a gap in services for children and youth with behavioral and emotional challenges who were not thriving in foster homes and needed small, specialized group homes. In 1986, the organization recognized another gap in services and created Georgia’s first independent living program to help youth aging out of foster care. Then in 1992, Georgia CHARLEE became *CHRIS Homes* representing the core values of Creativity, Honor, Respect, Integrity, and Safety.

CHRIS 180 helps children, young adults, and families through mental health counseling at the CHRIS Counseling Center; group homes for abused and neglected children in foster care; adoption services; a Drop-In Center for homeless young adults; permanent supportive housing program for single and parenting youth, ages 17-24, who are homeless or have aged out of the foster care system; in-home programs; and re-entry programs that work to strengthen families. CHRIS 180’s holistic approach enables children, youth, and families to change the direction of their lives and become self-sufficient, contributing adults despite challenging circumstances.

Habitat for Humanity

Habitat for Humanity works in more than 70 countries — we have helped more than 46 million people improve their living conditions since 1976.

Habitat works together with families, local communities, volunteers and partners from around the world so that more people are able to live in affordable and safe homes. Our advocacy efforts focus on policy reform to remove systemic barriers preventing low-income and historically underserved families from accessing adequate, affordable shelter.

Wholesome Wave Georgia

Founded in 2009, Wholesome Wave Georgia (WWG) believes that all Georgians should have access to healthy, wholesome, and locally grown food. In Georgia, more than 1.7 million people are considered food-insecure and receive federal nutrition assistance (SNAP/Food Stamp) benefits. The excessive cost and low accessibility of fresh foods leave these 1.7 million with limited options to feed their families. Food insecurity is linked to poverty, obesity, and other diet-related illnesses.

Friends to the Forlorn Pitbull Rescue

Friends to the Forlorn Pitbull Rescue, Inc. is a volunteer-based 501 (c)3 rescue and community outreach organization. Their mission is to promote responsible Pitbull ownership, provide breed education, combat pet overpopulation, fight unfair legislation, find qualified homes for sound Pitbull-type dogs and other dogs in need in Georgia, and help people and animals within the community. Jason Flatt, owner, and founder of FTTFPR has appeared on this show several times. Pitbull's have a stigma attached to them that Mr. Flatt has dedicated his life to changing. His passion has had many bumps in the road by certain legislation. He keeps his rescue dogs in his personal home and takes care of all their needs. He explains his entire process in the interview and benefits our community through education potential dog owners.

GOHS – Child Passenger Safety

Their number one goal is to reduce the number of fatalities and injuries and to provide highway safety data and fact-based analyses that will assist communities and safety advocates in implementing effective programs that will change high-risk driving behavior and increase safety on our streets and highways.

The history of GOHS follows that of highway safety in the USA. In 1966, 50,894 people were killed in motor vehicle crashes in the U.S. and the rate of fatalities per 100 million miles of travel was 5.5. It was projected that, over a 9-year period, the number of fatalities would increase to 100,000 a year if Congress did not do anything to address the problem. Taking heed of these dire predictions, Congress

enacted the Highway Safety Act of 1966. This legislation created a unique partnership among federal, state, and local governments to improve and expand the nation's highway safety activities. The Highway Safety Act of 1968 required governors to be responsible for the administration of the federal highway safety program in each state. The governor, through delegation of powers, had the authority to designate a Governor's Highway Safety Representative to administer the federally funded highway program.

Live Healthy and Thrive Youth Foundation

Live Healthy & Thrive Youth Foundation, Inc. (LHTYF) is a charitable, tax exempt, 501c3 non-profit organization. Their work serves as the conduit to develop a closer affiliation between children of today and the community-at-large through outreach and educational programs. Live Healthy & Thrive Youth Foundation is committed to providing youth with the educational tools they need to live healthier, more balanced lifestyles.

What an amazing organization. They are doing so much to help the children in our community. According to the Centers for Disease Control, obese youth are more likely to have risk factors for cardiovascular disease, such as high cholesterol or high blood pressure. In a population-based sample of 5- to 17-year-olds, 70% of obese youth had at least one risk factor for cardiovascular disease. Obese adolescents are more likely to have pre-diabetes, a condition in which blood glucose levels indicate an elevated risk for development of diabetes.

Disease researchers at the Centers for Disease Control and Prevention (CDC) made the prediction that one in three children born in the United States in 2000 will develop type 2 diabetes sometime in their lifetime unless they get more exercise and improve their diets. Approximately 1 in 3 children in the US may have borderline or high cholesterol, according to a new study recently presented at the American College of Cardiology's 63rd Annual Scientific Session. Of these children, 30% (4,709) were found to have high cholesterol (200 mg/dL or more) in line with definitions from the National Cholesterol Education Program.

Sandy Springs Fire Department

Sandy Springs Fire Department has a state-of-the-art first response system for medical emergencies. Below are links to learn more about the services provided to the community. The Sandy Springs Fire Department offers several programs to share fire prevention strategies and provide safety education through enjoyable interactive activities.

They love to celebrate children's birthdays, too! We spoke with Chris Campbell, Community Affairs office for the Sandy Springs Fire Department about safety tips for preventing fire and staying safe. Most people think they will not be a victim of a fire. We use so many products, especially around the holiday time, that make us more susceptible to this danger.

Whether it be trees with numerous lights, fireplaces, wood-burning stoves, heaters, etc., we must take the necessary precautions of having all these inspected before use.

LIVING TREE CHARITIES

Living Tree Charities, Inc. is a 501(c)(3) Nonprofit Organization founded to cultivate & connect community organizations and service minded people. They use their hands, minds, and creativity to cultivate the heart of the volunteer to better impact community organizations. Their passion is for people to know more about themselves individually and to use whatever unique gifts they must impact community organizations and the world around them. They embrace the three C's to better serve the community. Create means working with organizations to create service-related opportunities for volunteers.

Cultivate means to partner with dynamic organizations to cultivate a more meaningful experience. Connect is to connect individuals and groups with local service opportunities that merge their talents with their passions to serve. They envision a world where every organization and individual will discover their ability to make a difference by serving and utilizing their talents to strengthen communities across the globe. Chris Gamble, Development Director for Living Tree Charities, spoke with us about his passion for this type of service. He wanted to create an organization that helps place individuals in charities according to their interests.
