Issues/Programs

2ND QUARTER/2023

## **Quarterly Issues Program List**

## **KLYA**

## Second Quarter 2023 (1 April to 30 June)

The following is a listing of some of the significant issues responded to KLYA, YANKTON, SD, along with the most significant programming treatment of those issues for the period of 1 April to 30 June. The listing is by no means exhaustive. The order in which the issues appear does not reflect any priority or significance. All times are Pacific.

- 1. MINISTRY
- 2. EMPLOYMENT
- 3. EDUCATION
- 4. MENTAL HEALTH
- 5. ADDICTION
- 6. FAMILY ISSUES
- 7. TECHNOLOGY
- 8. FAITH
- 9. HEALTHCARE

Issue	Program	Date	Time	Duration	Description of Program
Veterans	Closer Look	4/2/23	7:00pm	18min	Disabled Vets Skydive, Drive Racecars with Ranger Road "A lot of our veterans especially door kickers and guys that have been through a lot of stuff in the military we don't want charity," explains Mikhail Venikov, former MMA fighter, veteran of 2nd Ranger battalion and founder of Ranger Road. "We put together fun events that vets can partake in and not feel like a charity case." No arms? No legs? No problem! "Whether you're an amputee, double amputee, triple amputee, you're paralyzed, our skydiving, our scuba, our car races they are all adaptive capable." In fact, the leaders and trainers at RR events are themselves disabled vets. "Our skydiving program manager, he's an 82nd airborne guy, double amputee." "Maybe it's difficult for the average person to understand they've seen a lot been through a lot some of their friends and family members maybe, their brothers and sisters they served with never made it back and so there are underlying things that need to be addressed." Ranger Road strives to provide a space and a place for hurting men and women to ask for help. "We try to assist and get with those veterans and address those disabilities and those needs the best we possibly can."
Sports – Special Needs	Closer Look	4/2/23	7:19pm	14min	Iowa Mom Helps Kids with Special Needs Play Sports, Have Fun Melissa Clarke-Wharff wanted her son Jack who is disabled to have fun like other kids his age. So, Melissa began Can Play, an organization that lets kids with health and special needs issues play sports and have lots of fun. "These kids all deserve to play and be active just like anybody else." Melissa says families are often told how their kids will not be able to do certain things. But with Can Play, they show kids they 'can do it,' no matter what. "You can do this, stay strong," says Jack. He reminds others even he had bad days, but to keep working hard at what they do and to "never give up."
Homelessness	Local Closer Look	4/2/23, 4/30/23, 5/28/23	7:33pm	20min	Talked with Jesse Bailey, Executive Director of Pathways Shelter for the Homeless in Yankton; they've been serving the immediate needs of homeless individuals and families since 1994. Bailey explains that their clients are just like us, often dealing with several problems at once and then can't get ahead again. Pathways caseworkers work to find long-term solutions that include long-term housing.

Public Safety	Closer Look	4/16/23	7:00pm	30min	Be Safer at Work or Church, Thoughts on Security You see trouble, you hear it – now believe it. "Trust your intuitionyou know when a situation is different," says Hector Alvarez, an expert in workplace security with more than 25 years of experience in threat assessment. "One of your best bets for surviving these incidents is thinking about it before it happens." Preparation is key says Mindi Russell, exec. dir. of the Law Enforcement Chaplaincy of Sacramento. "Instead of, 'it will never happen here,' have the mindset that if something happens, this is what we'll do." Mindi Russell advises asking yourself 'what if?' in advance of crisis to avoid a fearful freeze. She is the executive director of the Law Enforcement Chaplaincy of Sacramento and also trains the public in situational awareness. "When they walk into a room, walk into a concert, when they walk into a movie theatre, glance around. What looks out of place? What is the behavior you pick up?" People will 'seem off' if they intend harm. They will show their intentions in odd posture, by keeping their hand in their pockets, or adjusting their waistband, facing strongly to one side, not looking at you. "Stop looking for bad guys: start looking for bad behavior." Russell specializes in helping churches develop effective security plans.
Addiction	Closer Look	4/23/23	7:00pm	30min	Kids Fooled by Fentanyl, Rx Fakes Kids are getting pills that look like Xanax or Percocet online or in the locker room. Often laced with fentanyl, these deadly drugs can be 100x stronger than morphine. "It's terrifying," says Pat Aussem of the Partnership to End Addiction. Ed Ternan, co-founder of Song for Charlie lost his college-aged son to one pill and now helps other parents warn their children. "We still say 'just say no' but we spell it K. N. O. W. because many of these young victims are dying from taking a substance they didn't ask for.'

Technology	Closer Look	4/30/23	7:00pm	29min	Don't Click That Link! Be CyberSmart
					You scroll social media and spot spam. Emails shout 'click here!' from an inbox full of tricks. Modern cybercriminals
					commit considerable time and talent to hacking your life.
					"Every person, every business has something a cyber bad
					guy would want," says Darren Mott, cybersecurity expert
					and host of The CyburGuy podcast. As a retired FBI agent,
					Mott warns that believing that is the first step to avoiding
					scams. "They are looking to gain from our naivete online, human error and things like that." The answer? Be
					cybersmart. A full "90% of the cases I worked at the FBI
					were due to this kind of social engineering or phishing,"
					says Mott, adding that senior citizens are their favorite
					targets. Callers, texters or emailers will pose as a
					grandchild who needs money fast. Another favorite phish
					is the 'tech support' email claiming your credit card was charged for something like Norton anti-virus software or
					an Amazon package. Multi-factor authentication and
					strong passwords – meaning 13 characters or more – will
					eliminate a lot of this problem," Mott explains. Avila
					advises even the smallest mom n'pop businesses to invest
					in cybersecurity like the insurance they buy for company vehicles."
Special	KLOVE's	April 2023	4 per	60sec	Special Olympics Athlete Kaitlin Dykes Takes Part in The
Olympics	Positive	, .p 2020	week,	00300	Polar Plunge
, .	People		16 total	Podcast	Each year in February and March, thousands of people all
	News			5.07min	around the nation jump into freezing cold waters to raise
	Podcast				awareness for Special Olympics in an event called the
	with on-air 60sec				"Polar Plunge." Kaitlin Dykes, a Special Olympics athlete from Chesapeake, Va., is incredibly brave. As a Special
	promo for				Olympics athlete for the past ten years, Kaitlin recently
	podcast				jumped into the freezing cold ocean as part of the
					organization's annual Polar Plunge. "It's very cold. We all
					go to the beach and have some fun. I go all the way in the
					water, under the water and high-five all the divers," Kaitlin said. Kaitlin loves God and the Special Olympics "because"
					everyone is welcomeall ages and all abilities and all the
					special gifts that God gives us." Kaitlin participates in
					several Special Olympics events including basketball,
					softball and soccer. She says participating in Special
					Olympics events and fundraisers like the Polar Plunge give
					her a chance to shine the light of Jesus. "I always wanted to be a missionary. I thought being a missionary means
					that you have to go somewhere but I realized that I am a
					missionary. God used me right where I'm ateverywhere I
					go," Kaitlin said.

Entertainment –	KLOVE's	April 2023	4 per	60sec	Cartoons About Faith, People & Life: Respected Cartoonist
Faith	Positive		week,		Joe McKeever
	People		16 total	Podcast	For decades, pastor and cartoonist Joe McKeever has
	News			20.58min	visited churches to share the message of Christ. Often, he
	Podcast				will meet and greet, take the time to draw portraits, and
	with on-air				talk about Jesus while he's sketching. At some sittings, Joe
	60sec				will do literally dozens of portraits, sometimes dedicating
	promo for				two hours to be sure no one is left out. "I just sit in the
	podcast				corner and draw people." Besides his in-person church
					work, Joe has been doing cartoons and editorial cartoons
					for years. It's very likely you've seen some of his
					professional work on sites like Baptist Press. And Joe is
					aware that his cartoon work gets 'borrowed' quite a bit by
					other media sources and just regular folks on social media.
					And that doesn't bother him one bit. As a matter of fact,
					that fits into his guidance from God, who told him, "I'm to
					encourage people with these." If people re-post his
					cartoons, all the better. t age 82, Joe and his wife, Bertha,
					still drive to churches that invite him. Most people would
					consider the age 82 some years past what retirement age
					would be, so why does Joe keep working? "Because that's
					what God called me to be." As a pastor with more than 40
					years' experience, a masters and a doctorate, Joe often
					gets private email questions from pastors about situations
					they're up against and Joe offers his wisdom.

Games	Positive	May 2023	week,	Dodoost	Music Is a Training Ingredient
	People		16 total	Podcast	Despite a serious vision issue, Deborah Chucoski is training
	News			10.48min	for triathlon and is aiming at taking part with Team USA in
	Podcast				the Paris 2024 Paralympic Games. At age 15, "I was
	with on-air				diagnosed with Stargardt's. That's a degenerative disease
	60sec				– and over time I'm just continuing to lose more and more
	promo for				of my central vision." But that didn't keep her from
	podcast				competing in track & field during her days at Cedarville
					University. After graduation in 2007, she became active in
					triathlon until it became clear her sight limitations were
					dangerous for solo swimming and cycling. There were
					some bike wrecks. And that led Deborah to stop
					competitive sports altogether. Fast-forward. Now married
					and a mother of two, Deborah has been inspired by her
					husband to return to competitive athletics. This time in
					the Paralympics.

Communication	KLOVE's Positive People News Podcast with on-air 60sec promo for podcast	April and June 2023	4 per week, 16 total	60sec  Podcast 15.43min	The 'Lost Art of Letter Writing' - Patti Garibay Encourages Girls to Discover Real Friends  American Heritage Girls founder Patti Garibay is giving young girls a chance to connect the old-fashioned way — by becoming pen pals. "It's just a beautiful way to have a memory and also to have great communication with someone that they don't even know." Garibay says girls are used to a lot of disappointment, especially through negative interactions on social media. But the AHG Pen Pal program gives them a chance to foster meaningful and lasting relationships. "It is a wonderful way for likeminded girls to really foster relationship and that's doing the old-fashioned handwritten letters that are sent to each other," says Garibay. She says writing letters to each other is "a beautiful way to have a memory and also to have great communication with someone that they don't even know." Garibay believes there's something special about writing a letter to someone you care about. She says there's "sort of a blessing there, there's a focus that takes time and means 'you are worth it, you are special."
Healthcare – Childhood Issues	Closer Look	5/7/23	7:00pm	15min	Tackle Childhood Obesity at Home, Church and School Millions of American kids suffer words like chubby or chunky – or fat – to describe their young bodies. The COVID-19 lockdowns only worsened already alarming levels of childhood obesity, as the CDC found the BMI (body mass index) in children ages 2-19 years old increase nearly doubled during the pandemic. Excess weight weakens growing muscles and joints and can lead to juvenile diabetes or even trigger life-threating asthma. "Prevention is what we really want, right?" says Geri Henchy, Director of Nutrition Policy at the Food Research and Action Center (FRAC). "We want kids to be in environments that are not obesogenic; where they're gonna get healthy meals, where there isn't a lot of junk food, where they have activities that's really gonna make a difference for kids."
Family Issues	Closer Look	5/7/23	7:15pm	15min	Teens Aged Out of Foster Care Get Help From 'Dream Makers' Without family and often lacking lifeskills, former foster kids become homeless adults by the thousands, turning to drugs and crime on the streets just to survive. "Every statistic you hear that is going bad in the United States, a lot of them link back to the foster care system and those kids just not being taken care of." Dream Makers steps in to link aged-out foster kids with practical assistance by connecting them with the generosity of strangers. "It totally up to the community to fulfill the dream." The young adult with a need fills out an application to ask for things that teens with families could easily get from a mom or dad: like money for work clothes, or a laptop for school, or maybe a used car — but Melton says the most common dream request from these youth by far is — food.

Childhood Issues	Closer Look	5/14/23	7:00pm	15min	Children in foster care often arrive at a new placement with just the clothes on their backs. Cathy Hamilton founded San Antonio Threads to give brand-new clothes to older youth(12yrs-21yrs) who have no family to take them shopping. "I've had kids say things like 'old clothes have bad memories; new clothes have good memories thank you for the fresh start."
Animal Safety	Closer Look	5/14/23	7:15pm	15min	Nearly 200 elderly horses get free hay and healthcare at Old Friends Farm in Georgetown. Current residents include famous thoroughbreds Silver Charm and Touch Gold, but also others, not famous, but whose owners could no longer care for them. "We owe it to them," says farm founder and caretaker Michael Blowen. "These horses are to Kentucky what the automobile is to Detroit."
Natural Disaster	Closer Look	5/21/23	7:00pm	27min	Convoy of Hope Springs into Action: 2023 Update Convoy has been very busy so far this year. Devastating tornado outbreaks slammed several U.S. states. "Convoy is now working long-term to get people what they need appliances, furniture, roofs whatever it is." The ministry sent aid and comfort when twin earthquakes in Turkey and Syria drove 2.6 million people into tents near the rubble of their homes. Convoy continues to care for war refugees in Ukraine and those who have fled to neighboring countries. Convoy is also committed to an ongoing effort to feed children in global famine. The Children's Feeding program provides meals in 33 countries for more than 500k+ hungry kids.
Veterans	Closer Look	5/28/23	7:00pm	18min	Disabled Vets Skydive, Drive Racecars with Ranger Road No arms? No legs? No problem! "Whether you're an amputee, double amputee, triple amputee, you're paralyzed, our skydiving, our scuba, our car races they are all adaptive capable." In fact, the leaders and trainers at RR events are themselves disabled vets. "Our skydiving program manager, he's an 82nd airborne guy, double amputee." Participation in these events can bring a soldier camaraderie and a renewed sense of purpose towards mental health and healing.
Special Needs – Sports	Closer Look	5/28/23	7:18pm	14min	Melissa Clarke-Wharff wanted her son Jack who is disabled to have fun like other kids his age. So, Melissa began Can Play, an organization that lets kids with health and special needs issues play sports and have lots of fun. "These kids all deserve to play and be active just like anybody else." Jack suffered six strokes when he was just 8 years old, which left his left him with cognitive delays, partial paralysis and 'limited ability to play.' Can Play gives kids like Jack "a place that they can come, be themselves, learn about their bodies and what their bodies can do."
Homelessness	PSA	5/29/23 – 6/11/23	spots, 8 times each day	15sec	"Everyone deserves a home. A family in hard timesa man or woman on the street. Pathways Shelter for the Homeless provides shelter programs and financial assistance programs to break the cycle of homelessness. Go to "Yankton Pathways dot org".

Economy	Closer Look	6/4/23	7:00pm	29min	Food Prices, Fight Inflation from Your Fridge Food costs more these days. COVID-19 shutdowns drove up the price of labor, fertilizer and fuel needed to move crops from farms to factories to stores and eventually to your kitchen. What can you do? Should you panic buy? Comparison shop? Billie Wright checks in with Assoc Prof. Joe Balagtas at Purdue University and Jordan Page, lifestyle blogger and mom of 8 for proven tips on cutting
Mental Health – Ministry	Closer Look	6/11/23	7:00pm	30min	your grocery bill.  Pastor Burnout, Caring for Your Leader's Soul Surveys in 2021 found a sharp rise in the number of church leaders who have seriously considered leaving full- time ministry, citing debilitating stress, anxiety, or depression. Rafael Sierra talks with Savannah Kimberlin of Barna Group and K-LOVE's Pastor Randy who says rest and other self-care should be a guilt-free part of your life as a spiritual leader.
Addiction	Closer Look	6/18/23	7:00pm	13min	Gambling, Suicide Risk and Addiction Recovery Gambling addiction is a leading cause of suicide in the United States. The thrill of the bet buries vulnerable gamblers deep in debts matched only by their secret shame. But stats prove you can win recovery, as 2 outta 3 people who seek treatment are able to stop. Rafael Sierra talks with Derek Longmeier of Problem Gambling Network of Ohio and Keith Whyte of the National Council on Problem Gambling. Need to talk? Call the National Problem Gambling Helpline: (800) 522-4700.
Faith	Closer Look	6/18/23	7:13pm	17min	Faith Of Her Father - Baby Jessica's Dad The unlikely rescue of Baby Jessica from a well back in 1987 remains one of the world's most watched news stories of all time. There were "multiple miracles," says her father Chip McClure, "more than you can countGod's hand was evident." In the days and months after, the family received thousands of calls and truckloads of mail from all over the world, people in personal distress who were encouraged by the McClure's faith and the good news of Jessica's rescue. K-LOVE's Jack Church talks to Chip.

Healthcare	Closer Look	6/25/23	7:00pm	30min	Dawn-Marie Perez, executive director
ricaltricare	Closel Look	0,23,23	7.00piii	30111111	of StandUpGirl.com says their site stands ready to help.
					"Our mission is to have these girls be able to find life-
					affirming information through us and then we connect
					them with pregnancy centers in their neighborhood."
					Quick response is essential. "If you go google the word
					'abortion' right now there are millions of websites that are
					gonna come up. Our goal is to have StandUpGirl show up
					on that first page of their google search." How? "We
					spend close to \$10K a month through advertising on
					internet search engines so that if a woman is out there
					looking for information even if she's searching for
					information about abortion she finds StandUpGirl."
					What does she find when she clicks the link? "We have
					thousands and thousands of stories from girls who have
					been in that situation [unplanned pregnancy] – we have
					built this community of women to help and guide each
					other with light, hope and courage, that these young
					women would choose life for their baby." In partnership
					with Heartbeat International, CareNet and Birthright,
					StandUpGirl.com uses a geolocator to point web-visitors
					to one of 2,200 pro-life pregnancy centers closest to their
					home. Girls from as far away as Africa and Asia also get
					connected to local help.

			1	Dadaat	BJ and Robin McCoy weren't on their church's recent
	People		16 total	Podcast	mission trip to Guatemala, but when members of the
	News			8.59min	mission team returned to tell them about a special need in
	Podcast				Guatemala, the McCoys felt called to uproot everything
	with on-air				they've known and start fresh in Central America.
	60sec				Their move requires that they leave behind their current
	promo for				jobs (BJ has worked for the state of Kentucky as an
	podcast				environmental scientist and Robin has been a high school
					principal) and start work at the Christian Academy of
					Guatemala, a school that "exists to support the missionary
					community in Guatemala by providing a biblically-based,
					quality English education to prepare lives for Christian
					service." BJ said. "We are selling everything we ownour
					house, our vehicles, our boat, our cat (laughter) and our
					family is headed to serve at the Christian Academy of
					Guatemala." Their young children, Scout and Jay and
					excited about the move. Will language be a problem?
					Robin says, "I feel like this is one way that God really
					prepared our family is I was actually a high school Spanish
					teacher before I became an administrator." The McCoys
					are in awe of the way God's hand is on this adventure.
					"It's almost a daily occurrence of we're just amazed at how
					He's put things in place and allowed things to happen,"
					Robin said. The family plans to leave the United States on
					July 11, and will stay the entire school year. They're asking
					for prayer as they head out on this new adventure.

Education Positive People News Podcast News Podcast With on-air 60sec promo for podcast  Madagascar Aiming to be a "Stepping Stone" for the Community A young entrepreneur is using 3D printers to create chear school campuses in rural Madagascar. It takes just \$40,00 and 18 hours to build a "Thinking Hut," as they're called, and founder of the project Maggie Grout is aiming to get the cost even lower before handing the reins over to loca professionals. GNN previously reported on Maggie Grout' idea in 2021 during the pandemic. It was then that she an a San Francisco architect came up with the idea of making them honeycomb-shaped so that additional modules could be added seamlessly. And indeed, the first completed campus is called the "Honeycomb." Madagascar is one of the most challenging places in Africa to develop, but also the most opportune owing to a lack cany armed conflicts and a government welcoming of foreign workers. But extreme poverty, lack of infrastructure, terrible roads, and a delicate, priceless natural ecosystem all pose challenges to anyone seeking to implement large-scale development projects. Instead, Grout brought her 3D printers over in a single shipping container and has now printed a school in the town of Fianarantsoa, a city in south-central Madagascar with 200,000 people. "From that first project, I really learned how to streamline the logistics," Grout told Fast Company. "I learned how to bravailable materials. And then I learned how to work in harmony with the local people." Employment	KLOVE's	June 2023	4 per	60sec	People With Autism Find Employment Thanks to Parents
	Positive		week,		Seeking Inclusivity
	People		16 total	Podcast	Patrick Bardsley cofounded a business, with two moms,
	News			6.28min	that fills a unique gap in employment. "Our mission is to
	Podcast				employ people on the autism spectrum. And about 60% of
	with on-air				our integrated workforce are individuals on the
	60sec				spectrum." Spectrum Designs is a nonprofit business
	promo for				based in Long Island. Bardsley says they find employees a
	podcast				number of different ways. And there are many advantages
	Podistin				to employing those on the autism spectrum. "Spectrum
					Designs has benefitted greatly from having all kinds of
					minds solving different kinds of problems in our
					workplace." Bardsley says the business got its start
					, ,
					because, "necessity's the mother of all invention." He
					explains there was little in the way of employment
					opportunities once those on the spectrum graduate high
					school. Some of the best moments, according to Bardsley,
					are when employees get that first paycheck. He describes,
					"You can see it in their eyes. That it's so much more than
					that piece of paper with some dollars on it. It's more about
					self-worth and structure and routine and friendships and
					relationships and independence and choice of where to
					spend your money."
