Gray Television Licensee, LLC
Children's Programming Reports – Amendment

Gray Television Licensee, LLC ("Gray"), licensee of television station WABI-TV, Bangor, ME (the "Station"), submits this amendment to the Children's Programming Reports ("Report") for Q3 2018 and Q4 2018 (File Nos 61473, 65062).

In the Q3 2018 Report, the Station reported that three programs were preempted on September 1, 2018. The Station indicated that promotional efforts were not made for this preemption. Upon review of the Station's records, it was determined that these preemptions were for breaking news, and therefore not required to be made good.

In the Q4 2018 Report, the same three preemptions were listed again. The Station has determined this was a typographical error. The preemption reports automatically prefill from the previous quarter, and these reports were mistakenly not deleted.
