Re: **Closed Captioning For Internet Programming Certification**

FCC rules require video programming distributors to caption programming delivered using IP if it was shown on television with captions.

1. The following programming satisfies the required caption quality standards.

OR

2. It is **EXEMPT** from the closed captioning for internet programming requirements pursuant to the Federal Communication Commission's closed captioning rules applicable to it because: **Tele El Salvador does not net more than Three Million Dollars (US\$3,000,000.00) a year.**

OR

3. All programming is exempt from the closed captioning rules under one or more properly attained exemptions. If you are claiming an exemption, please use the space below to specify all exemptions that apply.

I certify that I have been designated Program Network as the official responsible for oversight of compliance with the FCC's Closed captioning requirements and hereby declare under penalty of perjury that the foregoing is true and correct.

This certification is made in good faith and is true to the best of my knowledge.
