FCC EEO AUDIT

Period Covered / February 1, 2005 – January 31, 2006

WNYW FOX 5 AND WWOR MY9 employed an average of 361 full time staff employees during this period.

WNYW FOX 5 and WWOR MY9 have in place an effective mechanism for ensuring compliance with the FCC's Equal Employment Opportunity provisions. It is the Stations' policy to provide equal employment opportunity to all qualified individuals without regard to their race, color, religion, age, sex, marital status and/or disabilities. The Company believes that this program ensures equal opportunities are afforded.

The percentages of minority and female employees in the Stations' workforce with respect to the percentage of minorities and women in the relevant labor market demonstrate that the Commission's guidelines for EEO Performance have been met. More importantly, WNYW FOX5 and WWOR MY9 have successfully maintained recruitment contacts in the communities, sources for minority and women referrals, entry level training programs, sales training programs, internships, community productions and other policies and efforts to ensure that no discrimination occurs in any personnel actions and that equal opportunities are given to qualified candidates in all situations.

The exhibits in this binder are evidence of the Company's efforts and commitment to creating a work environment that provides equal employment opportunity to all qualified individuals.

Our continuing support of the principles and objectives of Equal Opportunity and Affirmative Action are the key elements within our business philosophy. We are committed to complying with both letter and spirit of the law in implementing equal opportunity for all individuals.

Members of our management team are expected to identify problems within their areas related minority and female employment and provide innovative leadership which will contribute to the achievement of our objective. Managers have an additional responsibility to recognize individual talent and identify those employees who have the potential to advance to positions of increased responsibility. Another example of the Company's commitment to this area is the Equal Employment Opportunity policy letter that is sent to each employee **every** year by the CEO of Fox Television Stations, Inc. reaffirming the Company's policy and process.
