Address & Phone #

504 East 9th street Rome, Ga. 30161//706-232-4647

Narrative describing the program

Jim and Bonnie Moore has a daughter with a mental illness. They came to talk about the stigma that mental illness brings to the public. It would be so much better if the general public could be more open minded about mental illness. It is a disease just like any other disease, only it affects the brain. There lies the problem. Many people cannot choose between the name mental illness and illness. It has to be that a person with mental illness is worthless and no use to society. This is not true because people that are mentally ill can get help and live a pretty normal life if they are on medication. Jim and Bonnie are teaching classes to the caregivers, individuals, police depts.. and to those who want to learn more about mental illness. The classes will start soon after the first of the year. There is no charge for these classes.
