Narrative describing the program

Barbara and John have a tremendous knowledge of the Bible. They recalled the story of Jesus and told of the suffering on the cross that still baffles the scientific community .They each had their special moments that were so important in reliving the life of Jesus . They both seemed in tune with each other and told a beautiful story of a man that died for the world's sin. The Christian story is over 2000 years old with little change in the account that we all read in Matthew Mark, Luke and John.

I It is \$20 to register and all donations are appreciated. Ms Thomas and Ms Gardner talked about the stigma that HIV aids has on the general population. It seems there are misunderstandings of the ways HIV is contracted. It is only through body fluids and blood products, such as needle used by someone who has HIV. You don't get it by shaking hands with the person or hugging and even a kiss won't infect you if the person doesn't have bleeding gums or any blood in the mouth. The Alliance does free testing 5 days a week and also helps people to receive the proper treatment if diagnosed with HIV
