NOVA #4003H
RISE OF THE DRONES

DESCRIPTION

A revolution is transforming the armed forces of every nation. In "Drones," NOVA launches an investigation of the explosive growth of airborne UAVs or pilotless drones. During the invasion of Iraq in 2003, the U.S. deployed only a handful; now, it has more than 7,000. Besides the U.S., over 40 other nations are now building or buying these increasingly lethal and costeffective weapons, and it's only a matter of time before a terrorist group turns the technology against Western targets. The latest Predators can track 12 targets at once, trace footprints back to their source and even recognize individual faces. Yesterday's soldiers and pilots put their lives on the line but today, a UAV pilot can "fly" a mission in Afghanistan remotely from a base in Nevada. As one pilot said, after carrying out a strike, "within 20 minutes you can be sitting at the dinner table talking to your kids." That new ability has already saved hundreds if not thousands of U.S. service lives but may make military strikes a more tempting, seemingly risk-free option.

DESCRIPTION

GET OFF YOUR KNEES profiles the compelling and inspirational John Robinson. A congenital amputee, Robinson - who stands just 3'9" tall - overcame major challenges in order to achieve the life of his dreams. Few, including his parents, expected Robinson to find a job, let alone succeed in business or start a family. Yet through his remarkable tenacity, talent and faith, Robinson made his way in a world not designed for those without typical arms and legs - and now leads what many would consider an ordinary life. This "ordinary" life, however, requires Robinson to struggle with what others take for granted, such as driving a car or playing a round of golf.

STAND! UNTOLD STORIES OF THE CIVIL RIGHTS MOVEMENT #000H

DESCRIPTION

STAND! chronicles the key events which led to Dr. Martin Luther King, Jr and the Southern Christian Leadership Conference (SCLC), selecting Birmingham, Alabama as the site for the now famous 'Project C' (Project Confrontation) in 1963. Bringing to light often overlooked and unknown facts about the system of segregation in Birmingham, Alabama, STAND! features the brave men and women who risked all to bring about its demise. STAND! dispels many myths that the Birmingham Civil Rights Movement was all Black, all Male, and led by ministers who rallied in 1963 and liberated a city. In the spring of 1962, a group of students from Miles College led by Frank Dukes, their 31-year- old Student Government Association President, created and launched a Selective Buying Campaign. Supporting the students were Miles College President Dr. Lucius H Pitts, selected faculty, local housewives, and members of Birmingham's White community. These factions brought about significant desegregation before Dr. King's arrival to the city in 1963. STAND! features interviews from heroes and heroines of the movement, who have, until now, been inexplicably unsung. The music of jazz legend Cleve Eaton, who played with Count Basie, Ramsey Lewis and many others, is seamlessly interwoven with hip hop beats from King B Low and gospel music by Nims Gay and Pat Fields. This authentic combination of music gives STAND! the true feeling and power that was the Movement.

DESEGREGATION: A DREAM DELAYED #000

DESCRIPTION

DESEGREGATION: A DREAM DELAYED investigates the failure of school desegregation in East Baton Rouge Parish, Louisiana, the venue of the oldest federal desegregation lawsuit in United States history. The program explores how and why this failure occurred and leads viewers through to the case's recent conclusion. During 45 years of litigation, there was minimal progress in creating a school system that provided quality education to students regardless of their race. Contrary to its intentions, the U.S. Justice Department and the federal judiciary accomplished just the opposite. They had re-segregated a school system that fell far short of the goals and ideals rooted in the U.S. Supreme Court's 1954 Brown decision and other subsequent high court rulings. DESEGREGATION: A DREAM DELAYED attempts to explain the complex and multi-layered reasons behind the long-delayed melding of races and cultures in public schools. This provocative documentary offers a better understanding of the process by which communities unify to provide quality education and social structure for its youth.

@HOME #000H

DESCRIPTION

@HOME journeys through the landscape of a forgotten America, introducing the invisible communities of people living without permanent housing. The one-hour documentary examines the crisis of homelessness through the lens of e-activist Mark Horvath, who harnesses social media's potential to democratize and empower the less fortunate. @HOME follows Horvath on a whirlwind road trip across the country, from Las Vegas to Arkansas to Pittsburgh, as he interviews newly and chronically homeless people in tent cities, under bridges and at by-the-week motels. These individuals challenge stereotypes by sharing their stories and revealing their simple but life-changing wishes for a place to live, a job and the ability to help others. The film also explores the toll homelessness took on Horvath, too, as he shares his fight to rebuild his life while devoting himself to helping others. Horvath experienced the highs and lows of the American dream; he went from a successful career in television to barely surviving, homeless and addicted, on Hollywood Boulevard. He found his voice again when he hit the streets, armed with a digital camera and a smartphone, to talk to homeless people about their experiences. Today, he brings their stories to millions of followers on Twitter, Facebook and YouTube.

ONE NIGHT IN MARCH #000H

DESCRIPTION

ONE NIGHT IN MARCH tells the story of a historic college basketball game that captured the national imagination, influenced a state and helped redefine a sport. Interviews, rare footage and archival photos transport viewers back to a tumultuous time in United States history, just as the Civil Rights movement began gaining momentum throughout the South. In the late 1950s and early '60s, Mississippi State University's powerhouse basketball program earned several conference titles and national rankings. Despite their success, the Bulldogs could not play in the NCAA national championship due to an unwritten rule prohibiting all-white Mississippi collegiate athletic teams from competing against integrated teams. Mississippi State's president, its head basketball coach and their players ultimately risked their safety and their futures by defying this rule not to mention the governor and state legislature in pursuit of a national championship. This award-winning documentary recounts the 1962-1963 season and the events leading up to the team eventually playing in the tournament against the integrated Loyola University (Chicago) club. ONE NIGHT IN MARCH concludes with a return trip to Loyola where the former players from those teams reunite and celebrate the landmark game they participated in 50 years earlier.

EDITOR AND THE DRAGON: HORACE CARTER FIGHTS THE KL #000H

DESCRIPTION

Narrated by Oscar-winning actor Morgan Freeman, THE EDITOR AND THE DRAGON tells the story of Pulitzer Prize-winning publisher Horace Carter (1921-2009) and his bold reporting on the Ku Klux Klan in the pre-Civil Rights era. Carter, the 29-year-old editor of the weekly Tabor City Tribune, stood against the Klan and risking life, livelihood, friendships and his family's safety to protest the Klan's racist rhetoric and vigilantism. His courageous reports and the unwavering integrity of his weekly editorials helped lead to the first FBI investigation of the Klan during that era, and to the arrest and conviction of nearly 100 Klansmen. Archival footage and interviews with Carter, his family, Tabor City (North Carolina) residents, journalists and historians help piece together this dark chapter in American history.
