((LAC))

10/01/22 **48 HOURS: “Death Hits Home: The Hargan Killings”** – a report on the July 2017 murders of millionaire mother Pamela Hargan and her adult daughter Helen who were discovered by police in their Fairfax County, VA home, after Helen's boyfriend in Dallas, TX, Carlos Gutierrez, alerted authorities. Hours after the bodies were found in separate locations with a rifle near Helen, police informed the family and then went public with their murder-suicide theory. Pamela's other daughters, Ashley and Megan - who along with her 8-year-old daughter Molly was living with Pamela and Helen while her husband was in the military - both described Helen as struggling emotionally. Soon, Helen's autopsy report revealed that someone else pulled the trigger, casting doubt on the murder-suicide theory; further investigation revealed that Megan attempted to steal money from Pamela's account to purchase a home by impersonating her over the phone. In November 2018, Megan was arrested in West Virginia. At her trial, the defense argued that the prosecution's forensics were inconclusive and that Helen shot their mother and then took her own life by pulling the trigger with her toe. In March 2022, Megan Harman was found guilty of two counts of first degree murder; the jury recommended a sentence of life in prison on each murder count. **On-screen text graphic:** Megan Hargan and her husband divorced. Their daughter Molly is living with her father in another state. Megan Hargan is scheduled to be sentenced on October 28th. Interviewed: Brian Byerson, lead detective; Julia Elliott, crime scene detective; Michelle Sigona, CBS News; Tami Mallios, former neighbor; Erin Roughneen, Helen's friend; Rebecca Wolfe, Megan's friend; Whitney Gregory, prosecutor; Tyler Bezilla, prosecutor; Iris Graff, crime scene reconstructionist, hired by the prosecution; and Matt Troiano, attorney, hired by 48 HOURS to review the file. 48 HOURS: “The Strange Death of Professor Shockley” – a report on the death of Marianne Shockley, a popular University of Georgia professor. After a day of barhopping, Marianne and her boyfriend Marcus Lillard ended up at the Milledgeville, GA home of former psychologist Clark Heindel, to use his hot tub; all three of them took ecstasy (MDMA). Marcus exited the hot tub and when he returned, Marianne wasn’t breathing. Marcus and Clark delayed in calling the police and attempted to perform CPR on Marianne. Sheriff’s deputies arrived at Clark’s home in the early morning hours of May 12th, 2019; Marianne was pronounced dead at the scene. While deputies investigated, Clark slipped into the house and took his own life. Autopsy results indicated Marianne “died as a result of asphyxia due to strangulation”. Within a day, Marcus was charged with his girlfriend’s murder. Marcus was formally indicted in March 2021 and charged with four counts; he was ordered held without bond. Largely due to the COVID pandemic, the trial was delayed until April 4th, 2022. Prosecutors maintained that Marcus strangled Marianne during sex and they included the testimony of six former girlfriends; the case went to the jury on April 8th, 2022. Marcus was found not guilty on all counts, but the judge found that he violated his probation for his 2015 drug conviction and he was remanded to prison. **On-screen text graphic:** Marcus could remain in prison until October 2030. But it’s likely he’ll be released sooner. Marianne’s children settled a wrongful death lawsuit against Clark Heindel’s estate for \$500,000. There was no admission of liability or fault. This story discusses suicide. If you or someone you know is having thoughts of suicide, please contact the Suicide & Crisis Lifeline at 988. Interviewed: Marcus Lillard; Ayla Crippen, Marianne’s younger sister; Penny Dearmin, creator of “Blood Town”, a podcast about the Marianne Shockley case; Carson Lillard, Marcus’ son; Shakara Maggitt, Marianne’s student; Bill Masee, sheriff, Baldwin County, GA; Matt Tucker, defense attorney; Tammy Coffey, assistant district attorney; and Tyisha Davis, juror #11. 10/22/22

48 HOURS: “The Disappearance of Kristin Smart” (9:00 - 10:00p) – the second updated rebroadcast of a report on the 1996 disappearance of a Cal Poly college freshman that had remained unsolved. On Memorial Day weekend of May 1996, Kristin Smart attended an off-campus party alone after parting ways with a friend. According to witnesses, she became very intoxicated and was helped home by two students. However, the next morning she was nowhere to be found. Her friends reported the college freshman’s disappearance to campus police who were slow to investigate and eventually turned the case over to San Luis Obispo, CA sheriffs. Suspicion turned to Paul Flores, one of the students who helped Kristin home. A witness saw him with a black eye and scratches on his hands the day after Kristin’s disappearance for which he had shifting explanations. Cadaver-sniffing dogs brought to Paul’s dorm room all had a reaction, despite it having been cleaned following the end of the semester. Additionally, Paul had a reputation as being aggressive with women. Kristin’s parents eventually filed a civil suit against Paul, believing him to be behind Kristin’s disappearance and to compel San Luis Obispo sheriffs to look harder at the case. In January 1997, renters of Paul’s mother’s home found a piece of jewelry in the driveway that allegedly resembled what Kristin was wearing in a photo used in billboards about her disappearance. When the Smart family asked to see it, they learned it had been lost by sheriffs. In March 1997 and then again in June 2000, sheriffs searched the home of Paul’s mother, including the yard, but were unable to find Kristin’s body or other evidence. The Smart family was allowed to search the property with ground-penetrating radar in 2007, and likewise did not find anything. In 2011, Sheriff Ian Parkinson took over Kristin’s case. In 2019, he recovered two trucks that had been owned by the Flores family in 1996. In 2020, simultaneous searches at the homes of all Flores family members were executed. Sheriff Parkinson recovered new evidence that he could not publicly disclose as it was still being investigated. 05/08/21 UPDATE: An important tip came in after a February 2020 search of Paul, Susan and Ruben's properties: four nights later, strange activity was seen at Ruben's house and an eyewitness actually documented the fact that throughout the night, there was activity in the area of the underside of the deck. And during that 2020 search of Paul Flores' home, investigators discovered photographs and videos on Flores' computer showing him engaged in sexual activity with at least ten different women, apparently in various states of consciousness. Also found was evidence that a body had been buried there and recently moved. It is alleged that Paul caused the death of Kristin Smart while in the commission, or attempted rape, of Kristin. Because of the statute of limitations, Paul cannot be charged with rape and was instead arrested on first-degree felony murder charges. Paul Flores and his father both pleaded not guilty to all charges at their arraignment. Ruben Flores was released on \$50,000 bail to his ex-wife and is required to wear an electronic ankle bracelet; Paul is being held on no bail. Original on-screen text graphic: The Kristin Smart Campus Safety Act became California law in 1998. It requires campus and local police to have a joint plan to handle investigations of violent crime on campus. On-screen text graphic for the 05/08/21 updated rebroadcast: The Kristin Smart Scholarship has been established by her family to help other college bound women pursue their dreams. **On-screen text graphic for the 10/22/22 updated rebroadcast:** On October 18, 2022, Paul Flores was found guilty of first-degree murder. A jury acquitted Ruben Flores of the charge of being an accessory after the fact. Kristin's body has still not been found. Interviewed: Chris Lambert, host of “Your Own Backyard”, CBS News consultant (former as of 10/22/22 updated rebroadcast); Lindsey Smart Stewart, Kristin’s sister; Anne-Marie Christian, Kristin’s childhood friend; Denise Pearce, Smart family friend; Margarita Campos, Kristin’s college friend; James Murphy, Smart family civil attorney; Garin Sinclair, James Murphy’s wife & office manager; Ian Parkinson, San Luis Obispo sheriff. 48 HOURS (continued)

10/22/22 **48 HOURS: “The Kidnapping of Schanda Handley”** (10:00 – 11:00p) – a report on the August 6th, 2017 kidnapping of Schanda Handley, who was taken from her Lafayette, LA home at gunpoint by two individuals posing as deliverymen. About an hour after the kidnapping, Schanda was rescued near Baton Rouge when Deputy Chad Martin pulled over a suspicious white van after a brief pursuit. The two men inside jumped into the Intracoastal Waterway and disappeared; they were later found drowned and identified as Sylvester Bracey and Arsenio Haynes. Schanda implicated her estranged husband, Michael Handley, as the man behind her kidnapping and informed investigators of their once happy but now tumultuous relationship, which included Michael’s erratic behavior, threats, stalking and violating a restraining order. After a four-day manhunt, Michael was arrested on August 11th, 2017 in Slidell; he pleaded not guilty to all charges and claimed to have hired Sylvester to move furniture. In March 2018, Schanda and Michael’s divorce was finalized. With overwhelming prosecutorial evidence, Michael indicated he was open to a deal hours before the trial was scheduled to start; Schanda accepted his plea of guilty to second degree kidnapping in July 2021. The judge sentenced Michael to 35 years in prison – the maximum penalty – on March 24th, 2022. **On-screen text graphic:** Handley is appealing, saying he was not properly informed of his rights when he pled guilty. 48 HOURS

11/05/22

48 HOURS: “The Psychiatrist and the Selfie” (9:00 – 10:00p) – a second updated rebroadcast on the case against Jacob Nolan, who claims his cousin and psychiatrist, Dr. Pamela Buchbinder, brainwashed him into attempting to kill her former lover, fellow psychiatrist Dr. Michael Weiss, during the time the unmarried couple was going through a custody battle for their son. On November 12th, 2012, Nolan attacked Dr. Weiss in his office with a sledgehammer and a knife. Weiss fought back. After the struggle, while covered in blood, Nolan snapped a selfie. He was arrested and charged with attempted murder. At the time of the attack, Nolan was living with Buchbinder, who was also treating him for depression, anxiety and bipolar disorder. Dr. Buchbinder was also going through a nasty custody battle with Dr. Weiss. Today, Jacob Nolan says that Dr. Buchbinder manipulated and brainwashed him to hate Dr. Weiss and that hatred turned into their plan to kill Dr. Weiss. After the attack, Nolan was in a manic state and taken to the ER. Dr. Buchbinder went to the hospital, but was not allowed to see him. Although there is evidence of Dr. Buchbinder purchasing the sledgehammer, she has not been charged with any crime. Nolan was freed on bail and went to live with his parents in Miami. Dr. Weiss was granted custody of his son. Today Nolan seems rational and insists he was not in control of himself at the time of the incident, and even tried to commit suicide in 2015. In March 2016, the trial began. The prosecution insisted Nolan could have rationalized his thoughts and backed out at any time. The defense argued diminished capacity: Dr. Buchbinder had replaced Nolan’s free will with a cult-like mentality. The verdict: guilty. Nolan was sentenced to nine and a half years in prison. He says he is genuinely remorseful for what happened and still says Dr. Buchbinder needs to take responsibility too. Dr. Weiss is raising his son alone, and his attorney says he still lives in fear. 12/02/17 UPDATE: Five years after the attack on Michael Weiss, the law caught up with Dr. Pamela Buchbinder. She was arrested and charged with second-degree attempted murder and first-degree attempted assault. The Manhattan D.A. says she was the mastermind behind the plot. She has hired two top New York defense attorneys. After the judge heard arguments, he refused to grant bail. A trial date is expected in early 2018. The star witness: Jake Nolan. Original On-screen text graphic: The New York City Police Department says the investigation into the attack on Doctor Michael Weiss is “ongoing”. But a spokesperson would not say whether Doctor Pamela Buchbinder is a suspect. **11/05/22 UPDATE:** Pamela Buchbinder remained on Rikers Island for five years through legal wrangling and the COVID-19 pandemic. During a pre-trial hearing on September 7th, 2022, she accepted a deal. One month later, Buchbinder attempted to withdraw her plea; Judge Thomas Farber would not accept it. Dr. Weiss appeared in court to make a victim’s impact statement. Judge Farber sentenced Pamela Buchbinder to 11 years in prison; he also issued an order of protection for Dr. Weiss. On-screen text graphic for the 12/02/17 updated rebroadcast: Pamela Buchbinder’s attorneys are still trying to get her out on bail from Riker’s Island. **On-screen text graphic for the 11/05/22 updated rebroadcast:** This story discusses suicide. If you or someone you know is having thoughts of suicide, please contact the Suicide & Crisis Lifeline at 988. 48 HOURS: “The Snapchat Clue” (10:00 – 11:00p) – a report on the July 2021 sudden disappearance of Bart and Krista Halderson of Windsor, Wisconsin and how information found on social media would lead investigators to their killer. Investigators immediately turned to family members for information, including sons Mitchell, who was 24 at the time and worked in tech, and Chandler, then a 23-year-old college student living at home. Chandler was excited about a new job offer he said he had with Elon Musk’s SpaceX. Chandler told police his parents had gone to the lakeside family cabin for the July 4th holiday weekend and never returned. Investigators received a tip from the owner of farm outside of town; remains later identified as Bart Halderson were found on the farm, 20 miles from the Halderson home. On July 15th, 2021, Chandler was arrested and charged with lying to the police. Investigators discovered that his parents found out Chandler had lied about his college degree and the job with SpaceX. Chandler refused to cooperate with police, but his girlfriend, Cathryn (“Cat”) Mellender, allowed them to download her phone. A Snapchat screenshot of Chandler by the Wisconsin River on July 1st led investigators to search the area. Remains later identified as Krista’s were found; Chandler was charged with both of their murders. In January 2022, Chandler went on trial for the murder of his parents at the Dane County Courthouse; he was also facing charges for lying to the police and for mutilating and hiding their bodies. He was found guilty on all eight charges. In March 2022, at his sentencing hearing, Chandler made a statement, asking for a lawyer to take an appeal; he was sentenced to life in prison without the possibility of parole. **On-screen text graphic:** Chandler Halderson has a new lawyer but has yet to file an appeal. Interviewed: Barbi Townsend, Krista’s cousin; Adam Duxter, local news reporter, now with CBS station WCCO in Minneapolis, worked in Madison, WI at the time of the murders; Dan Kroninger, Krista’s co-worker and friend; Brian Shunk, detective, Dane County Sheriff’s Office; Sabrina Sims, detective, Dane County Sheriff’s office; and Alex Gravatt, Chandler’s friend and former roommate. 48 HOURS: “The “Unsolvables” Murder of Roxanne Wood” – a report on the rape and murder of 30 year old Roxanne Wood in her Niles, MI home and the work done 34 years later to solve it. In February 1987, Terry Wood came home from a night of bowling to discover his wife Roxanne dead on the kitchen floor. Terry called police; his aggressive demeanor on the phone, behavior during the investigation and the discovery of extramarital affairs by both parties made him a suspect. After a few months, the case went cold. In 1999, the small DNA sample from the crime scene was uploaded to CODIS; no match was returned, but Terry still remained a person of interest. In April 2021, Gabriella Vargas, a consultant for Identifinders looked at the case and was able to create a family tree, which allowed investigators to zero in on a suspect: Patrick Gilham. Michigan State Police surreptitiously collected Patrick’s DNA from a cigarette butt, which matched the DNA from the crime scene. Patrick was interviewed by police in July 2021; he was arrested in February 2022. In April 2022, Patrick Gilham pleaded no contest to second-degree murder and was sentenced to a minimum of 23 years in prison. **On-screen text graphic:** Patrick Gilham will be eligible for release in 2040 with good behavior. 48 HOURS: “What Happened to the Perfect Child?” (9:00 – 10:00p) – an update to “The Perfect Child” (OAD: 02/10/00), a 48 HOURS INVESTIGATION on Americans who adopted children from Russia. This report focuses on what ultimately happened to a 9-year-old girl adopted in 1997 by Crystal and Jesse, a couple from Atlanta, GA. While in Russia, adopting the girl they named Caralee, Crystal and Jesse also adopted a 3-year-old boy they named Joshua. Two years later, the couple came to believe Caralee was dangerous, even capable of murder and claimed she tried to throw her younger brother off a 30-foot-high deck. Troy Roberts, who reported on their story, was present as the American couple returned Caralee to Russia and left her behind in a children’s psychiatric hospital. Over the years, Roberts tried to keep track of Caralee, but was unable to find out what happened to her. Last summer she reached out to Roberts and they reunited in North Carolina, where Caralee, now known as Sabrina Caldwell, lives with her husband and four children. During their meeting, Caldwell explained what happened on the family deck with Joshua, her feelings about Crystal and Jesse, how she left the hospital in Russia and was adopted by new parents in North Carolina, and her family with her husband. This broadcast also includes Roberts’ own experience with adoption: In 2003, he became certified to adopt and learned about a woman in Djibouti (in East Africa) who was hoping to find an American to adopt her 4-year-old son, because she feared for his safety due to his being mixed-race. Roberts and his son, Jonah Gray Roberts, now 23-years-old, discuss their life together. **On-screen text graphic:** Jonah’s mother passed away a few years after his adoption. Interviewed for the 12/04/21 broadcast: Sabrina Caldwell (f.k.a. Caralee); Phil Caldwell, Sabrina’s husband; and Jonah Gray Roberts, Troy Roberts’ son. Also includes archival excerpts from previous interviews with: Caralee (n.k.a. Sabrina Caldwell); Crystal and Jesse, Caralee’s former adoptive parents; Dr. Brian Kennedy, psychiatrist who treated Caralee; and Nina Kostina, Russian émigré who ran the Frank Foundation, an adoption agency. 48 HOURS: “Last Seen in Breckenridge” (10:00 – 11:00p) – a report on the investigation into the January 1982 murders of two young women, Annette Schnee, 21, and Bobbie Jo Oberholtzer, 29, near the resort ski town of Breckenridge, CO. Killed on the same night, detectives were initially able to link the two crimes through an orange sock or bootie found near Oberholtzer’s crime scene on January 7th, 1982 and a matching bootie sock found on Schnee months later, on July 3rd, 1982. The case went cold until investigators ran DNA recovered from evidence through a public genealogy database and got a match in January 2021: Alan Phillips, who had been arrested for a similar crime in 1973. After police surreptitiously acquired a DNA sample from Phillips, he was arrested on February 24th, 2021. In a bizarre turn of events, investigators learned that Phillips had been rescued by a local fire chief from a snow-covered mountain pass the very same night he dumped the bodies of the two women. On August 31st, 2022, Alan Phillips’ double murder trial began in Fairplay, CO. The jury found Phillips guilty on all eight charges on September 15th, 2022; seven weeks later he was sentenced to two consecutive life sentences without the possibility of parole. Alan Phillips maintains his innocence. **On-screen text graphic:** If you have any information about other possible victims who could be associated with Alan Phillips please reach out to the Park County Sheriff’s tip line at 720-248-8378. 48 HOURS (continued)

11/26/22 **48 HOURS: "The Case Against Michael Politte"** – a report on Michael Politte, who was 14-years-old when he was charged in 1998 with murdering his 40-year-old and recently divorced mother, Rita Politte. Rita died after being hit on the head and set on fire in her Hopewell, MO home. In January 2002, Michael went on trial; he was convicted and sentenced to life in prison for the murder, though he maintained his innocence. Michael asked his father, Edward Politte, for help and he refused. Five years after his conviction, the Midwest Innocence Project agreed to take his case and worked on it for years; eventually attorneys Tricia Bushnell, Megan Crane and Mark Emison became involved. Michael spent nearly 20 years in prison before a 2021 bill passed in Missouri made him eligible for parole. On April 22nd, 2022, Michael was released from prison on parole. Now 38-years-old, Michael claims to know who is responsible for killing his mother: his father, Edward, who hired his cousin, Johnny Politte, to murder his ex-wife over the financial terms of the divorce. The investigation into Rita Politte's murder has been reopened. **On-screen text graphic:** Earlier this month, Washington County Prosecutor Josh Hedgecorth lost his bid for reelection. Separately, the Missouri Supreme Court has temporarily halted Hedgecorth's effort to overturn Politte's conviction. 48 HOURS: “The Betrayal of Linda Slaten” (10:19 - 11:18p) – a report on the murder of Linda Slaten, who was sexually assaulted and strangled, and how decades later, detectives and a DNA genealogist were able to catch her killer. On September 4th, 1981, 15-year-old Jeff and 12-year-old Tim Slaten were awakened by Lakeland, FL police and told that their mother had been murdered. Investigators collected a rape kit and lifted a palm print from the windowsill where the killer had entered. They questioned a slew of suspects, including her abusive ex-husband Frank Slaten and a boyfriend, but no one was charged. The case went cold. In 2019, nearly 40 years later, advances in DNA technology and a carefully stored rape kit revealed Linda’s killer: Joseph Clinton Mills, known as Coach Joe. Prior to and after Linda’s murder, Coach Joe would regularly drive Tim to and from football practice. He was a role model for Tim, who proudly hung up his football team photo in his room where Coach Joe stood right behind him. On December 12th, 2019, Joe Mills was arrested and claimed that his encounter with Linda was consensual. To avoid a trial and a possible death sentence, he pleaded guilty to all charges and was sentenced to life in prison without the possibility of parole in February 2022. **On-screen text graphic:** The Slaten brothers often visit their mother’s grave. Jeff burns a candle next to a portrait of his mother every year on the anniversary of her death. Interviewed: Judy Butler, Linda Slaten’s younger sister; Jeff and Tim Slaten, Linda’s sons; Edgar Pickett, former sergeant and fingerprint expert, Lakeland Police Department, subjected to racism during his career; Brad Grice, former detective who worked on the case for 17 years, Lakeland Police Department; CeCe Moore, genetic genealogist; Tammy Hathcock, detective, Lakeland Police Department; and Russell Hurley, detective, Lakeland Police Department. 48 HOURS: “The Tree That Helped Solve a Murder” – a report on the murder of Mengqi Ji, who was reported missing by her husband, Joseph (“Joe”) Elledge, on October 10th, 2019. Elledge told Columbia, MO police that on October 8th, he had gone to sleep with Ji, but when he woke up the next morning she was gone; he believed his wife may have left him and their 1-year-old daughter for a man she had an online relationship with. On October 25th, 2019, police executed a search warrant at their apartment and found a muddy pair of Elledge’s boots; he was arrested on suspicion of child abuse the same day police executed the search warrant. Charges of murder in the first degree were filed while Elledge was still in jail on abuse charges. In March 2021, Ji’s remains were found buried under a juniper tree; Elledge’s boots had several juniper tree needles stuck to the soles; DNA from those needles was linked to the tree directly above Ji’s shallow grave, providing prosecutors with the evidence they needed to convict Elledge of her murder in November 2021; he was sentenced to a term of 28 years. Mengqi Ji’s daughter now lives with Joe Elledge’s mother, but Ji’s parents in China are seeking shared custody of the now 4-year-old. **On-screen text graphic:** If you or someone you know is a victim of domestic abuse, call 1-800-799-SAFE or visit thehotline.org. 48 HOURS: “Chasing Catherine Shelton: Part 1” (9:24 - 10:24p) - For nearly three decades, controversial Harris County, TX attorney Catherine Mehaffey Shelton, now disbarred, has been dogged by mysterious circumstances surrounding the deaths of various men in her life. Never charged with murder, she has been called a murderer, a stalker, a crazy lawyer and more. In 2003, Jenna Jackson produced an edition of 48 HOURS MYSTERY which mainly focused on one of the murder cases linked to Shelton; Jackson has been tracking Shelton ever since. Shelton’s life, as well as her proximity to dead or injured men, has perplexed investigators for decades. Starting in the 1970s, one of Shelton’s former boyfriends, Dr. George Tedesco, was bludgeoned to death and ex-boyfriend Ferris Bond’s apartment was allegedly set on fire. In January 1980, Shelton shot ex-boyfriend Gary Taylor in the back; she admitted to that but claimed self-defense. Tommy Bell, named with Shelton in a lawsuit was found with a bullet in his head; authorities said he was playing Russian roulette by himself. In the years to come, Shelton’s conviction for shooting Taylor was set aside, but she was linked to three more deaths: a young man discovered dead and naked in one of her homes; another man shot dead in his driveway; and another man who died while he was staying with her. Shelton maintains she had nothing to do with any of these incidents. For this broadcast, Jackson and her team reinvestigate many of the allegations against Shelton. (Part two of Shelton’s story will be broadcast 05/07/22.) 48 HOURS: “The Circleville Letters” - a report on the unsolved case of the Circleville letter writer who, beginning in March 1977, terrorized residents in the small town of Circleville, OH. The threatening and anonymous letters, mostly postmarked from Columbus, OH, were received by residents for nearly two decades and exposed alleged secrets about neighbors and friends. The letters first focused on married school district superintendent Gordon Massie and his rumored relationship with school bus driver Mary Gillispie. On February 7th, 1983, Gillispie saw an obscene sign about her 13-year-old daughter on a fence. When she went to remove it, Gillespie noticed it was tied to a string, which led to a box with a gun rigged to go off. The gun was traced to her brother-in-law, Paul Freshour. Freshour’s estranged wife Karen Sue, who did not respond to requests for an interview for this broadcast, told investigators he was also the Circleville letter writer. Never charged with sending any of the letters, Freshour went on trial on October 24th, 1983 for the booby-trap. Found guilty, Freshour was sent to prison, but the letters continued, even though he was kept in isolation and not allowed pen or paper. The Circleville letters stopped in 1994, when Freshour was released. Freshour maintained his innocence and fought to clear his name. He claimed his gun had been stolen and suspected his son Mark, who died by suicide in September 2002. Freshour died June 28th, 2012. **On-screen text graphic:** No one has ever been charged with writing the Circleville letters, but the Pickaway County Sheriff’s office says the case is closed. CBS NEWS SPECIAL

12/28/22

THE GIFT: #KindnessGoesViral (10:00 – 11:00p) – a CBS News special examining how a person’s act of kindness can create a ripple effect that causes real and positive change, often far beyond their own communities. Includes: (1) Katie Steller of Minneapolis, MN, hairstylist and founder of the Red Chair Project, which provides free haircuts and friendship to the homeless; (2) Brittany Berry of DeWitt, IA, on how the financial challenges she faced to adopt a child led to the creation of The Adopted Closet, which helps families that need assistance pay adoption fees; (3) the impact of Big Brothers Big Sisters of America, which began in 1904, including Steve Hartman’s experience as a big brother and a reunion with his former mentee; (4) 15-year-old Ruby Chitsey of Harrison, AR, whose work with nursing home residents led to the creation of a national foundation where young children fulfill the wishes of nursing home residents; (5) a visit to the Dixie Diner in Houston, MS, where a chance encounter in 1971 served as an inspiration for the original “Secret Santa”; (6) Curtis Jenkins, a former Dallas, TX-area school bus driver, on what inspires him to give his students attention they might not get at school or at home and his new career as a leader who motivates others to use kindness to help; and (7) the story of a crime reporter at the *Mansfield News Journal* in Ohio, who reported on a family that was taking their daughter, Lizzy Myers, to an observatory to see the stars before she lost her vision to a genetic disorder and how the public’s reaction led the family to create a foundation to help other children losing their sight. This broadcast also features the work of Peko Hosoi, an MIT professor who agreed to help search for a formula that can quantify what it takes for one act of kindness to spread and change the world. Also includes interviews with: Mary McFee, nursing home resident (4); Joe Miniscalco, executive director, Student Services (6); and Jose Gonzales, Laylah Gonzales’ father (7).
