

**Section III 2021
LOCAL PROGRAMMING**

Section III lists regularly-scheduled and special programs that represent the station's issue-responsive programming providing the most significant treatment of the issues listed above for the calendar quarter.

ISSUE	PROGRAM / TITLE	DESCRIPTION	GUEST	DATE/TIME	DURATION
<p>The cost of caring for a loved one ----- USDA 4th of July Food Safety Tips and Answers to Common Questions About the Grill ----- Federal Public Association and Private Sector Step Up Efforts to Find COVID-19 Treatments ----- Universal Gun Background Checks Expansion</p>	<p>Florida Exclusivo</p>	<p>In the United States, there are approximately 8 million Latinos who provide care for an adult friend or family member. Family caregivers are the backbone of our long-term care system, and they are breaking down under the pressure they experience. Family caregivers face physical, emotional, and financial difficulties. Not only do they spend time and energy caring for a loved one, but most also spends their own money to help with the care. ----- The CDC estimates that foodborne illness causes approximately 48 million people to fall ill, 128,000 hospitalizations, and 3,000 deaths in the US annually, and unfortunately rates of foodborne illness tend to increase during the summer months. ----- The US Department of Health and Human Services (HHS) has created a comprehensive resource to help individuals and healthcare providers fight COVID-19 called "Fight COVID." ----- Deaths from firearms at the highest levels in decades; more than 38,000 Americans die each year; over 240 mass shootings so far in 2021.</p>	<p>Annette Franqui, President of the AARP Board of Directors ----- Clara Yuvienvo The USDA spokesperson ----- Dr. Katya Corado, an infectious disease expert at Harbor-UCLA Medical Center and Leo Parada Jr., a clinical trial participant from San Francisco, CA ----- Debbie Murcasel-Powell Former Congresswoman and Senior Advisor Fiffords</p>	<p>7/4/2021</p>	<p>1hr.</p>

<p>Pharmacists in your area partner with the Ad Council and COVID Collaborative to encourage Americans to get answers to their questions about vaccines</p> <p>-----</p> <p>Which state legislators voted putting everyday Floridians ahead of the special interests of the powerful during the 2021 legislative session, and which ones did not?</p> <p>-----</p> <p>Pet owners facing a diagnosis of cancer in their animals.</p> <p>-----</p> <p>Leche de Florida brings you a complete guide to help you navigate the summer in a healthy and safe way.</p>	<p>Florida Exclusivo</p>	<p>Although the pandemic appears to be coming to an end, recent Ad Council research shows that approximately 1/3 of adults in the United States are not yet vaccinated against COVID-19, and 20% want to know more before taking a decision</p> <p>-----</p> <p>Progress Florida and Florida Watch today released the 2021 report card titled “People First,” which rates legislators based on how they voted on the most prominent bills during the 2021 legislative session.</p> <p>-----</p> <p>The Perseus Foundation is a non-profit organization that provides research assistance, education, and financial assistance to pet owners.</p> <p>-----</p> <p>Summer arrived. And that is synonymous with heat. The higher the temperatures rise, the greater the risk of dehydration. Factors that determine how much fluid you need each day include age, weather, level of physical activity, and general health. Every day you eliminate water by breathing, exhaling, perspiring, and using the bathroom. Your body needs to replenish its water supply by consuming foods and drinks that contain water to avoid dehydration.</p>	<p>Ahmed Velez Regional Director for CVS</p> <p>-----</p> <p>Liza Zayas Communication Director for The Hispanic Community for Florida Watch</p> <p>-----</p> <p>Joshua Emil, spokesperson for The Perseus Foundation</p> <p>-----</p> <p>Tony Castillo, nutrition and fitness expert and spokesperson for Leche de Florida</p> <p>-----</p>	<p>7/11/2021</p>	<p>1 hr.</p>
<p>Prevention and management of suicidal behavior</p>	<p>Florida Exclusivo</p>	<p>Did you know that, although there is no single cause of suicide, one of the risks for suicide is social isolation, and there’s scientific evidence for reducing suicide risk by making sure we connect with one another.</p>	<p>Marlene Silva-Rosabal, Marriage & Family Therapist and Ada Rosabal De Silva Psychiatric and Dr. Yarisa Bonet</p>	<p>7/18/2021</p>	<p>1 hr.</p>

<p>Florida Department of Health encourages safe summer activities during Covid 19 pandemic. Health officials issues blue green algal toxins in some Florida Lakes ----- Climate Change ----- What is new with the protests in Cuba?</p>	<p>Florida Exclusivo</p>	<p>The CDC has issued recommendations to help summer camps and families plan for summer activities, also The Florida Department of Health in has identified the presence of harmful blue-green algal toxins in Lakes around the State. ----- Aside from hurricane threats, the Vogels say they have been following Florida's water quality and the effects of red tide and toxic blue-green algae, all contributing to a higher rate of respiratory issues. ----- These protests are much larger than others we have seen in the past and reach beyond Havana. What are the circumstances that prompted the widespread nature of the protests?</p>	<p>Mirna Chamorro Public Information Officer Florida Department of Health, Seminole County ----- Thais Vogels Spokesperson for Voloy Foundation ----- Dr. Luis Martinez Fernandez Professor for UCF</p>	<p>07/25/2021</p>	<p>1 hr.</p>
--	---------------------------------	---	--	--------------------------	---------------------

<p>Leveraging Evidence-Based Policies to Improve Health, Control Costs, and Create Health Equity</p> <p>-----</p> <p>Tips for Parents to Detect E-Cigarette Use Next Back to School</p> <p>-----</p> <p>Who should take advantage of this Special Enrollment Period and explore options on HealthCare.gov ?</p> <p>-----</p> <p>Diabetes how affects the Hispanic</p> <p>-----</p> <p>Community Oncology Alliance and CancerCare Launch New Campaign Following Major Decline in Cancer Screening, Diagnosis, and Treatment</p>	<p>Florida Exclusivo</p>	<p>America's health crisis requires policy interventions targeting structural racism to improve health outcomes, control health care spending, and create health equity</p> <p>-----</p> <p>Advocates offer advice to parents on how to spot the hottest products, call for a ban on all flavored e-cigarettes</p> <p>-----</p> <p>As we continue to fight the COVID-19 disease, today more than ever, it is important that Americans have access to affordable health coverage. The Health Insurance Marketplace® [1] on HealthCare.gov has a Special Enrollment Period (SEP) now available to all eligible consumers to apply to purchase a Marketplace plan. And, as a result of the ARP, millions of consumers now have access to the newly expanded financial assistance at HealthCare.gov.</p> <p>-----</p> <p>Ways to prevent or delay type 2 diabetes. Partners make it easier for people at risk for type 2 diabetes to participate in evidence-based lifestyle change programs to reduce their risk of type 2 diabetes.</p> <p>-----</p> <p>Millions of Americans delayed their medical appointments and screenings due to the COVID-19 pandemic. According to research from the Community Oncology Alliance, in 2020 there was an 85 percent decrease in breast cancer screenings and a 75 percent decrease in colon cancer screenings. As a result, many were diagnosed with cancer in more advanced stages that led to more complicated treatments.</p>	<p>Marylin Cabrera Spokesperson for Trust For American Health</p> <p>-----</p> <p>Patricia Sosa, Director of the Campaign for Tobacco-Free Children</p> <p>-----</p> <p>Carolina Fortín-García US Department of Health and Human Services.</p> <p>-----</p> <p>Mirna Chamorro Public Information Officer Florida Department of Health, Seminole County</p> <p>-----</p> <p>Dr. Ana Var De Wall Oncologist</p>	<p>07/31/2021</p>	<p>1 hr.</p>
---	---------------------------------	---	--	--------------------------	---------------------

There's help and modern ways to prevent heart deceases ----- Tides are the rise and fall of the ocean's water level. They are primarily caused by the Moon and Sun's gravitational forces and the rotation of the Earth. However, the actual timing and peak of tides are also determined by factors like wind and atmospheric pressure. There are three types of tides that are most likely to affect the beach you visit.</p>	<p>Ahmed Velez Regional Director of CVS Pharmacy ----- Dr. Jean Carlos Speciani Cardiologist and Cardio-Electrophysiologist ----- Jorge Santana Journalist -----</p>	<p>9/4/2021</p>	<p>1 hr.</p>
<p>Health goals</p>	<p>Florida Exclusivo</p>	<p>Setting health goals doesn't have to be complicated (or expensive). These practical, achievable goals could have a long-term impact on your daily habits and help transform your life for the better.</p>	<p>Indra Echeverri Nutritionist Health and Wellness Consultant</p>	<p>9/11/202</p>	<p>1hr.</p>

<p>Sudden infant death syndrome (SIDS) ----- Reinforcing the immune system ----- Don't forget about routine cancer screenings ----- Children living in poverty in the U.S. face their own distinct challenges that leave them struggling with preventable health issues, falling victim to violence and drugs, and failing to receive an adequate education. ----- Cardiovascular disease is the leading cause of death in women worldwide</p>	<p>Florida Exclusivo</p>	<p>Information to prevent Sudden infant death syndrome (SIDS) is the unexplained death, usually during sleep, of a seemingly healthy baby less than a year old. SIDS is sometimes known as crib death because the infants often die in their cribs ----- Unfortunately, we are living in times when the word "virus" sets off global alarm bells. The coronavirus has strained health systems the world over and reinforced a scientific maxim: the importance of prevention and preparing an immune system that is resilient against external aggression. ----- The COVID-19 pandemic led many to delay routine breast and colon cancer screenings. If you haven't already, now is the time to schedule your screening. Early detection saves lives. ----- You may believe poverty in America looks different than poverty in other countries. And while that is true in some ways, our childhood poverty rate is much higher than other developed nations. ----- Cardiovascular disease is also the leading cause of death in women globally and, in the USA, leads to a similar number of deaths in men and women. The failure to recognize the prevalence of heart disease in women and the different set of symptoms in women (feeling generally unwell or unexplained weakness) during a heart attack contribute to delays in women seeking help and the loss of vital time in a cardiovascular emergency.</p>	<p>Mirna Chamorro Public Information Officer Florida Department of Health, Seminole County ----- Ximena Jimenes Nutritionist ----- Dr. Ana Vandewall Oncologist of Florida Cancer Specialist ----- Florencia Gutierrez Annie E. Casey Foundation ----- Dr. Ileana Pina Cardiologist</p>	<p>9/18/2021</p>	<p>1hr.</p>
---	---------------------------------	---	--	-------------------------	--------------------
