STANDUP: 40:20 "here's the good part, the number of stops along the downtown loop won't change at all. You can still catch the train every 15 minutes."THE PLAN IS TO LAUNCH THE L LINE IN JUST TWO MONTHS. "the infrastructure is already in place. We have to add a couple switches downtown, but for actually being able to establish that line - very little infrastructure needed." AND IT'S ESTIMATED IT WILL SAVE R-T-D \$3 MILLION A YEAR IN INCREASED EFFICIENCY. adding a new line is a big deal." MEYER, FOR ONE, IS BANKING ON LIGHT RAIL'S CONTINUED RELIABILITY. "my family has used it for 10 years. And all of us use it. It's very convenient for us." FOR THE NOW DENVER, I'M RUSSELL HAYTHORN
