Quarterly Issues/Programs List
2nd Quarter 2015

July 10, 2015

Issues

KIAK-FM provides its listeners with programming and public service announcements that address issues of concern to our local community. Among the issues determined to be of most concern to the community during the preceding calendar quarter were:

- **Alaskan Archeology:** Professor Ben Potter, UAF Assoc. Professor of Anthropology, discussed the earliest known Alaskans: how they migrated, structured their societies, and how they learned about (the remains of their dwellings and food sources). Also, he talked about what is known about their languages.
- **Environment/Transportation:** Sheng Zhao, UAF, and the Alaska Technical Assistance Program Center, Center for Environmentally Sustainable Transportation in Cold Climates and the Alaska Local Technical Assistance Program Center, hosted a workshop that engaged participants with various topics on transportation infrastructure in a rural and cold environment.
- **Pesticide Safety:** Phil Kaspari, Cooperative Extension, discussed pesticide safety.
- **Public Health/Medical Issues/Child Welfare:** Michael Harris, UAF Film and Native Culture Program, talked about the continued research at the University of Alaska Fairbanks regarding sudden infant death (SIDS).
- **Public Safety:** Officer Robert Hall and his dog Stryker, discussed the role of K9 units in local law enforcement and raising funds for the next dog for the force.
- **Summer Food Safety:** Roxie Rogers Dinstel, Cooperative Extension, talked about summer food safety when grilling and canning.
- **Volunteerism:** the need for volunteers who are supporting local and global non-profit organizations and the amazing work they do.

SYNDICATED PROGRAMMING

ISSUE	PROGRAM /TITLE	DESCRIPTION	DATE/ TIME	DURATION
Meth Addiction/ Suicide/ Gambling Addiction	Steppin' Out	David Parnell spent more than two years as a drug addict and he survived his suicide attempt. Depression set in, like with most meth addicts, and he became suicidal. When his wife said she was leaving with the children, he grabbed an assault rifle, put it under chin and pulled the trigger. Ronnie's gambling issues began later in life when she moved, in her forties, to Las Vegas. She never found the job she wanted, but found the sport gambling to be a distraction. Within a year she was no longer gambling a few bucks, but the car payment.	4/5/15	7:00-9:00am
Alcohol Addiction/ Emotional Instability	Steppin' Out	Gerry Cooney made the leap from amateur boxer to professional prizefighter at age 19. But as quickly as he rose through the ranks of pro-boxing, he fell from greatness into a pit of alcohol. Aaron is an Emotions Addict and was dealing with emotional issues such as rage and depression. Missy is an emotional addict. Her uncontrollable emotion is anger. She couldn't get any help from her sister or parents. Her anger issues would lead to an extreme dislike of other children, and constant depression.	4/12/15	7:00-9:00am
Alcohol Addiction	Steppin' Out	Brian comes from a culture of drinking. He experienced his first blackout at age 13. At 17, he joined the Navy and found himself arrested in Singapore after a drunken bar fight. Rick is one of seven kids. His two sisters are not addicts but his three brothers are. Two have already died due to alcoholism. His first clear moment came when he wound up in prison one night after a night of drinking. He later lost his job. Dorothy has been sober for 25 years, but even today she'll tell you she is an alcoholic. Her alcoholic drinking didn't begin until her college years. She had hoped to become a nurse, and she did, but she would quit her job to stay home & drink.	4/19/15	7:00-9:00am
Meth Addiction	Steppin' Out	Pablo started doing drugs at age 12 with his older brother. He used marijuana and moved on to abusing prescription pills. When he tried meth, he lost his ambition, dropped out of school, and began life spent chasing highs around the country. Adam never used drugs as a child due to a strange desire to always be a "good kid." Entering college years, he and his friends at nightclubs decide to take pills given to them. The	4/26/15	7:00-9:00am

		worst came when trying Crystal Meth with a sex partner and very quickly, he became a daily user of meth. Bob says his use of Crystal Meth stems from a desire to be accepted. As an adult, the booze began to not be enough and that's when he tried amphetamines.		
Nicotine Addiction	Steppin' Out	Bill is a nicotine addict, a former smoker who has quit. He now knows that nicotine provided him with a false feeling of fixing all his problems. By the time he quit for good, he was smoking four packs a day. Linda began smoking out of hopes it could make her look "cool" and "grown up" but that it could also help her stay thin; she would skip meals and substitute them with cigarettes. She avoided becoming an alcoholic like her mother, but would up with a multi-pack per day use.	5/3/15	7:00-9:00am
Alcohol Addiction/ Family Alcohol Issue/ Food Addictions	Steppin' Out	Dina was born into a family of alcoholics. She didn't even contemplate having a problem with alcohol until attending AA meetings with her husband, who also was seeking sobriety. Lacey remembers being an overly anxious child who sought comfort from food. She thinks food was a substitute for alcohol. By the time she was 26 she had been married twice. She had two kids, and not the strength to stop drinking until she saw an ad on tv that showed her she could attend AA.	5/10/15	7:00-9:00am
Alcohol/ Drug Addictions	Steppin' Out	Rose's first drink happened before the age of four. Her drinking led to drug use, including marijuana & hallucinogens. She became a mother at 19, divorced at 22, worked 60 hours a week and still found time to drink. Ray is both an alcoholic and drug addict. He remembered his first drinks at age 13, which caused him to fall in love with the idea of being drunk.	5/17/15	7:00-9:00am
Overeating/ Food Addiction	Steppin' Out	Jill's life focused daily on how much she felt she should or shouldn't be eating. She thinks it started in childhood, when her very thin grandmother would make comments to her about her weight. Joe comes from a background of food. His Italian family revolved around meals. He remembers the adults in his life praising his huge appetite which made him think that eating would earn him praise and love.	5/24/15	7:00-9:00am
Family Alcohol/ Drug Addiction	Steppin' Out	Ananda entered the recovery process via Al-Anon after wanting to end her own life. Her parents were alcoholics and drug-addicted. They used Ananda to traffic the drugs. Irene is a "double winner" – part of a special group of people who are members of the fellowship of both Alcoholics Anonymous and Al-Anon. Both of her parents and her brothers were daily drinkers. She eventually lost her oldest brother to alcoholism. When she her surviving brother decided to get sober, her parents could not understand why they stopped drinking. Dylan grew up in an immediate family in which nobody drank. What he came to learn is that his parents were so damaged by other relatives who were addicts and that they didn't know how to act any differently despite their non-substance abuse. Laura says alcohol has been pervasive in her family; she even recently learned that when her family first arrived in the New World, they operated a whiskey importing business.	5/31/15	7:00-9:00am
