Quarterly Issues/Programs List

KIAK provides its listeners with programming and public service announcements that address issues of concern to our local community. Among the issues determined to be of most concern to the community during the preceding calendar quarter were:

POLITICAL: This has been a robust political year with many seats in Alaska up for election. The incumbent Lisa Murkowski retained her Senate seat, and newcomer Mary Peltola is now Alaska's Congresswoman.

ECONOMY: The permanent fund dividend was dispersed early, in late September and was an increase from previous years which meant a reduction of stress of those needing heating fuel and winterization done on their homes in October. Fuel prices were the highest they've been in many years during Q4.

PUBLIC HEALTH: Mental health concerns are prominent throughout Q4, with the focus on young adults and the negative consequences of isolation & quarantining the past few years.

**Section I
