

Community Issues and Programs on KET that addressed the issue
October - December 2015

1. ENVIRONMENT/LAND USE

Louisville's Olmsted Parks (Half hour) Frederick Law Olmsted designed Central Park in New York City and hundreds of parks nationwide, but you can find what's been called the defining park system of his career in Louisville. Composed of 18 parks and six parkways, Louisville's Olmsted Park system is not only pastoral and full of activities, it brims with historical links and footnotes.

KETKY: November 5, 2015 at 7:30 PM ET

KETKY: November 8, 2015 at 4:00 PM ET

KETKY: November 21, 2015 at 4:00 AM ET

A Kentucky Treasure: A Center for All (Half-hour) Independent documentary that examines the rich history and artistic legacy of The Kentucky Center, the Commonwealth's first and largest Performing Arts Center.

KETKY: December 9, 2015 at 10:30 AM ET

The above programs were either produced, funded or acquired and scheduled by KET. The list does not take into account the educational programs KET airs during the day and overnight. This list also does not take into account numerous programs fed from PBS, many of which cover the topics above. As noted, many of these programs air at various times throughout the week after their original broadcast on the KET network of channels: KET, KET2 and KET KY (The Kentucky Channel).

KET polled its viewers again in March 2015 to find out what issues in the State were of concern to them. The resulting priority list - with the Environment taking the top spot, followed closely by the Education, Health and the Economy - was culled from the results of that poll of over 500 respondents, which took place via online voting and via mail. The priority list differs slightly from previous years in that Health takes over the #3 position from Economy. Viewers will be polled again in March and April 2016 in order to update this priority list and plan productions for future months.

As witnessed by the recent polling, KET continues to see a growing interest in programs about health and we have expanded our health programming, taking on the production of the weekly series "Kentucky Health" and providing more online content.

During this last quarter, KET provided a number of political specials that featured candidates in the November election. Complete Election Night coverage was another part of our coverage which also included interviews with the newly elected Governor and Lt. Governor. A full day of coverage on Inauguration day completed our programming around the November election.

Throughout the fall KET continued to carry various Legislative meetings and sessions the state capitol and several of the topics that were addressed in these meetings were also topics that were covered on subsequent episodes of "Kentucky Tonight."

As part of the national American Graduate initiative from the Corporation for Public Broadcasting and PBS, KET aired a seven hour broadcast on October 3 that examined the work being done to help students graduate or to go back to school. KET continues to do work on increasing graduation rates across the state as well as providing ways for students to return to school.

KET aired a number of specials that were provided by independent producers during this quarter. "Inside Northern Kentucky" is a new monthly series that profiles the events and activities taking place in the top of the state. Other productions included the "Raising Ms. President," "The 2015 Governor's Awards in the Arts," "Game Changer: The Lexington Center Story," and a number of independently produced holiday specials such as "Kentucky Baptists Choirs and Chorales Concert," "The Holidays at Murray State," "An Appalachian Christmas," "Our Gift to You" (from the University of the Cumberland), and "The Night Before Christmas – The Kentucky Ballet Theatre."

KET continues using its statewide digital channel, the Kentucky Channel (KET KY), to feature a diverse variety of programming by, for and about Kentuckians. From live legislative coverage in Frankfort, to Kentucky arts and music programs, documentaries about the history of the Commonwealth, and programs about the issues that affect all citizens, from health to the economy, The Kentucky Channel was designed specifically for the viewers of Kentucky. Utilizing KET's program archives and current production projects, along with productions from independent producers around the state, partnering broadcast entities, and a variety of other sources, the Kentucky Channel provides Kentucky programming 24/7.

Submitted 1/7/2016
Craig Cornwell
KET Senior Director of Programming
