Re: WEZB(FM) New Orleans, LA 97.1MHz-CH 246C0
Facility ID Number: 20346
Notification of Digital Operation

Dear Ms. Dortch:

Entercom New Orleans License, LLC hereby notifies the Commission of the commencement of Digital broadcasting using the iBiquity Digital Corporation's HD Radio™ technology. Combined analog and digital transmissions at -20dBc, or 1% FM power, commenced on WEZB(FM) on April 30, 2010, using a Nautel NV-40 Common Amplification (low level combined) FM+HD transmitter feeding into the authorized WEZB main antenna system, FCC File No. BMLH-20031124APH. This transmission system does not utilize an external combiner. Consistent with the Commission's Rules pertaining to Digital Broadcasting, Entercom New Orleans License, LLC hereby supplies the following information in support of this notification.

Date. Entercom New Orleans License, LLC commenced digital broadcasts on WEZB(FM) on April 30, 2010.

Certification of facilities. Entercom New Orleans License, LLC hereby certifies its facilities conform to the iBiquity Digital Corporation hybrid FM specifications.

Technical reference. In the event of interference, questions should be directed to Entercom New Orleans License, LLC's local technical representative, Mr. Joe Pollet at (504)593-2107.

Transmitter output power: Combined analog and digital power: 26,765 watts
Analog portion of transmitter output power: 26,500 watts
Digital portion of transmitter output power: 265 watts

Certification of ERP. Entercom New Orleans License, LLC hereby certifies that its analog maximum effective radiated power of 100kW has remained unchanged since commencement of digital operations.
