Program 21-14 Air Week: 4/4/21 Studio Production: Jason Dickey Writers/Producers: Reed Pence

SEGMENT 1: ASSESSING THE PSYCHOLOGICAL WRECKAGE OF THE PANDEMIC

Time: 1:50

Duration: 12:14

Synopsis: Many people are relieved that, thanks to vaccines, the COVID-19 pandemic seems to be waning. But the mental health wreckage of the last year will take longer to overcome. Experts discuss how it's showing up and what people can do to get back on track.

Host & Producer: Reed Pence

Guests: Dr. Anna Glassman-Pines, Associate Professor of Public Policy, Psychology and Neuroscience, Duke University; Dr. Robin Gurwitch, Professor of Psychiatry and Behavioral Sciences, Duke University; Dr. Jennifer Plumb-Vilardaga, clinical psychologist, Duke University School of Medicine; Dr. Judith Orloff, Los Angeles psychiatrist and author, *The Empath Survival Guide* **Compliancy issues:** healthcare; public health; mental health; consumerism; self-help; youth at risk; COVID-19 Pandemic

Links:

Duke University Faculty Profile: Dr. Anna Glassman-Pines Duke University School of Psychiatry and Behavioral Sciences profile: Dr. Robin Gurwitch Health Care 6: Dr. Jennifer Carolyn Plumb Vilardaga Judith Orloff M.D. Website

SEGMENT 2: THE BENEFITS OF WRITING BY HAND

Time: 15:06

Duration: 7:42

Synopsis: Today's students often type their assignments, no matter the grade level. Writing by hand is done less frequently, and some students are barely able to produce cursive writing. However, studies show that writing by hand creates a better connection to the brain for learning content. Experts discuss how we might tap this connection in an increasingly tech world.

Host: Nancy Benson

Producer: Libby Foster

Guests: Dr. Danny Oppenheimer, Professor of Decision Sciences, Carnegie Mellon University; Dr. Virginia Wise Berninger, Professor Emerita of Learning Sciences and Human Development, University of Washington

Compliancy issues: healthcare; prevention; consumerism; education; technology; neuroscience

Links:

Carnegie Mellon University Profile: Dr. Danny Oppenheimer Pearson Assessments: Dr. Virginia Wise Berninger Program 21-15 Air Week: 4/11/21 Writers/Producers: Reed Pence Studio Production: Jason Dickey

SEGMENT 1: SURVIVING AN ACTIVE SHOOTER

Time: 1:50

Duration: 12:24

Synopsis: With the recent active shooter incidents in Atlanta and Boulder, Colorado, experts are concerned about a return of mass shootings that had disappeared during the pandemic. Two experts discuss the changing theory of how to survive an active shooter incident through what's called "run, hide, and fight."

Host & Producer: Reed Pence

Guests: Dr. Cheryl Lero Jonson, Associate Professor of Criminal Justice, Xavier University; Dr. Park Dietz, founder and President, Threat Assessment Group

Compliancy issues: mass shootings; public health; public safety; guns and gun violence; police and law enforcement; youth at risk; education

Links:

<u>Google Scholar Profile for Dr. Cheryl Lero Jonson</u> <u>Threat Assessment Group (TAG) profile for Dr. Park Dietz</u>

SEGMENT 2: THE PANDEMIC IN HISTORICAL PERSPECTIVE

Time: 15:16

Duration: 7:21

Synopsis: Plagues such as COVID-19 are nothing new, and this pandemic is far from the worst the world has ever faced. A physician and historian examines COVID in comparison to other pandemics and discusses the lessons that will serve us well in the future.

Host: Nancy Benson

Producer: Polly Hansen

Guests: Dr. Richard Gunderman, John. A. Campbell Professor of Radiology, Indiana University and author, *Contagion: Plagues, Pandemics, and Cures From the Black Death to COVID-19 and Beyond*

Compliancy issues: history, COVID-19 Pandemic; public health

Links:

Allen & Unwin Book Publishers: Contagion

Program 21-16 Air Week: 4/18/21 Writers/Producers: Reed Pence Studio Production: Jason Dickey

SEGMENT 1: GIVING CASH TO THE HOMELESS

Time: 1:50

Duration: 12:56

Synopsis: Homelessness continues to be a stubborn problem despite many well-intentioned programs. A new experimental study finds that giving homeless people thousands of dollars in cash helps get many of them off the streets for good, calling into question many assumptions about the homeless and how they got that way. Experts discuss the new program and its implications for ending homelessness.

Host & Producer: Reed Pence

Guests: Nan Roman, President, National Alliance to End Homelessness; Dr. Jiaying Zhou, Canada Research Chair and Associate Professor of Psychology and Institute for Resources, Environment and Sustainability, University of British Columbia; Rutger Bregman, historian and author, *Human Kind: A Hopeful History*

Compliancy issues: homelessness; economics; poverty; charities; unemployment; alcohol abuse; government; housing

Links:

National Alliance to End Homelessness: Our People

Rutger Bregman Books

University of British Columbia Profile: Dr. Jiaying Zhou

SEGMENT 2: TRACING COVID IN ANIMALS & WATER

Time: 15:48

Duration: 7:06

Synopsis: Scientists are testing hundreds of different kinds of animals as well as waste and storm water for COVID-19, looking for reservoirs for possible mutation. They've learned even pets can possibly harbor the virus but probably aren't a threat. An expert discusses how the knowledge will combat COVID variants.

Host: Nancy Benson

Producer: Libby Foster

Guests: Dr. Vanessa Hale, Assistant Professor of Veterinary Preventive Medicine, The Ohio State University

Compliancy issues: prevention; public health; pets and people; environmental science; COVID-19 pandemic

Links:

The Ohio State University Profile: Dr. Vanessa Hale

Program 21-17 Air Week: 4/25/21 Writers/Producers: Reed Pence Studio Production: Jason Dickey

SEGMENT 1: HOW HIGH DRUG PRICES LEAD TO DRUG MISUSE

Time: 1:50

Duration: 12:51

Synopsis: Millions of Americans cannot afford the medications they've been prescribed. Many skip doses, split pills or don't fill prescriptions at all as a result, with sometimes even fatal consequences. But doctors are often unable to consider cost very well in prescribing, as the same drug often costs patients vastly different amounts due to insurance differences. Experts discuss the problem and what patients can do to save.

Host & Producer: Reed Pence

Guests: David Mitchell, cancer patient, founder and President, Patients for Affordable Drugs; Dr. Stacie Dusetzina, Associate Professor of Health Policy, Vanderbilt University

Compliancy issues: healthcare; economics; insurance; federal government and regulation

Links:

Patients for Affordable Drugs - Our Team

Stacie B. Dusetzina, Ph.D. - Vanderbilt University Medical Center

SEGMENT 2: BRAIN ANEURYSM THROUGH THE EYES OF A SURVIVOR

Time: 15:43

Duration: 7:08

Synopsis: Brain aneurysms—bulging in a brain blood vessel, like an inflated balloon—affect 1 in 50 people and are generally without symptoms until they burst. This occurs in about 30,000 people per year in the US, accounting for 3-5 percent of all new strokes. Here is the story of one survivor in her own words.

Host: Nancy Benson

Producer: Reed Pence

Guests: Janet Sutherland-Madden, brain aneurysm rupture survivor and author, Nose Over Toes

Compliancy issues: healthcare; public health; EMS and emergency response; rehabilitation

Links:

Eckhartz Press - Janet Sutherland-Madden

Brain Aneurysm Foundation

Program 21-18 Air Week: 5/2/21 Writers/Producers: Reed Pence Studio Production: Jason Dickey

SEGMENT 1: BOTTLED WATER AND TRUST IN OUR INSTITUTIONS

Time: 1:49

Duration: 13:17

Synopsis: Bottled water sales have skyrocketed, in part because many people believe it is safer than tap water. Actually, bottled water faces few of the safety regulations that tap water does. The disconnect, according to a new study, comes from society's pervasive distrust in all governmental institutions. The lead researcher discusses how restoring faith in water could begin to restore faith in all American institutions.

Host & Producer: Reed Pence

Guests: Dr. Manny Teodoro, Associate Professor of Public Affairs, University of Wisconsin, Madison

Compliancy issues: public health; local government; infrastructure; drinking water safety; federal government and regulation; politics; environmental science

Links:

Manny Teodoro's Website

SEGMENT 2: COVID AND PTSD

Time: 16:08

Duration: 6:45

Synopsis: Studies show that as many as a third of people who were very ill with COVID-19 later develop PTSD. Caregivers and healthcare workers may be afflicted as well. An expert discusses how this develops and what people can do to get better.

Host: Nancy Benson

Producer: Libby Foster

Guests: Dr. Sanam Hafeez, clinical psychologist, Columbia University

Compliancy issues: healthcare; public health; mental health; consumerism; COVID-19 pandemic

Links:

Comprehend the Mind: Sanam Hafeez, Psy.D

Program 21-19 Air Week: 5/9/21 Writers/Producers: Reed Pence Studio Production: Jason Dickey

SEGMENT 1: THE DISTORTED SMELL OF COVID-19

Time: 1:52

Duration: 12:40

Synopsis: Many of those who've had COVID-19 have suffered from a temporary loss of their sense of smell, but some have had what seems to be an even worse symptom weeks or months later—a distorted sense of smell, where everything, from coffee to flowers, smells sickeningly awful. An expert and a former sufferer discuss how disruptive to life this can be and what people can do to make it through to recovery.

Host & Producer: Reed Pence

Guests: Duika Burges-Watson, researcher and Lecturer in Medical Sciences, Newcastle University; Chrissi Kelly, founder, Abscent.org

Compliancy issues: public health; consumerism; mental health; family issues; COVID-19 pandemic

Links:

Newcastle University Staff Profile: Dr Duika Burges Watson

Life Kitchen: Taste & Flavour Book

Abscent.org

SEGMENT 2: RESEARCH ETHICS NOW VS. THEN: A CASE STUDY

Time: 15:34

Duration: 7:12

Synopsis: In the mid-1960's, many Ivy League and Seven Sister colleges as well as prestigious prep schools allowed researchers to photograph incoming students naked as part of work on a now-discredited theory linking physical characteristics to leadership potential. A former student who went through it, now a physician and writer, discusses how research ethics have changed in the last 50 years.

Host: Nancy Benson

Producer: Reed Pence

Guests: Dr. David Sklar, Emeritus Professor of Emergency Medicine, University of New Mexico, and author, *Atlas of Men*

Compliancy issues: education; research ethics; sexual abuse; informed consent

Links:

David Sklar's website

Air Week: 5/16/21 Writers/Producers: Reed Pence Studio Production: Jason Dickey

SEGMENT 1: THE COVID BABY BUST

Time: 1:50 Duration: 12:26

Synopsis: The US birth rate has been declining since the Crash of 2008, but it took an even larger decline during the pandemic to levels unseen since the Great Depression. Today fertility rates are below replacement levels, which could have big impacts on education, employment, and the tax base years down the road. Experts discuss how people make fertility decisions and the impacts they can have on the nation.

Host & Producer: Reed Pence

Guests: Nell Frizzzell, author, *The Panic Years: Dates, Doubts, and the Mother of All Decisions*; Dr. Philip Cohen, Professor of Sociology, University of Maryland; Dr. Laura Lindberg, Principal Research Scientist, Guttmacher Institute

Compliancy issues: women's issues; family issues; contraception; economics; poverty; education; public health; employment and workforce issues; taxes; federal government; parenting government; childcare; COVID-19 pandemic

Links for more info:

<u>Nell Frizzell's Website</u> <u>University of Maryland Profile: Dr. Philip Cohen</u> <u>Guttmacher Institute: Laura D. Lindberg</u>

SEGMENT 2: THE CHANGING FACE OF COLON CANCER

Time: 15:18
Duration: 7:35
Synopsis: Colon cancer is striking much younger people than it used to, leading experts to lower the age on screening recommendations. A noted colon surgeon discusses screening and treatment options, and the way Covid-19 has changed patients' approach to getting screened.
Host: Nancy Benson
Producer: Reed Pence
Guests: Dr. James McClane, Chief of Colorectal Surgery, Norwalk Hospital, Norwalk, CT
Compliancy issues: healthcare; public health; education
Links for more info:
Castle Connolly Top Doctors: Dr. James M. McClane, MD

Program 21-21 Air Week: 5/23/21 Writers/Producers: Reed Pence Studio Production: Jason Dickey

SEGMENT 1: KEEPING GENERIC DRUGS SAFE

Time: 1:50

Duration: 12:49

Synopsis: Since the 1980's, almost all production of generic drugs has moved overseas, where FDA inspectors have a much tougher time making sure they're following rules for safety. An investigative journalist describes the ways she's found that many drugmakers cut corners, putting safety at risk, and details what consumers can do to protect themselves.

Host & Producer: Reed Pence

Compliancy issues: healthcare; public health; fraud; federal government and regulation; patient safety; consumerism; consumer safety **Guests:** Katherine Eban, author, *Bottle of Lies: The Inside Story of the Generic Drug Boom*

Links for more info: Katherine Eban's Website

SEGMENT 2: COVID AND KIDNEY DISEASE

Time: 15:11 Duration: 6:25

Synopsis: Covid-19 is usually a respiratory disease, but it can affect virtually any organ in the body. The nation's top kidney disease expert discusses how Covid can prompt life-threatening kidney effects in the previously healthy, and how those with kidney disease are more susceptible to severe Covid infection.

Host: Nancy Benson
Producer: Libby Foster
Guests: Dr. Griffin Rodgers, Director, National Institute of Diabetes, Digestive and Kidney Diseases.
Compliancy issues: healthcare; public health; education; COVID-19 pandemic
Links for more info:
Dr. Griffin Rodgers - Staff Profile

Air Week: 5/30/21

Writers/Producers: Reed Pence Studio Production: Jason Dickey

SEGMENT 1: MISSING THE GOAL OF HERD IMMUNITY

Time: 1:49

Duration: 12:21

Synopsis: Since the Covid-19 pandemic began, public health experts have looked to vaccines with the goal of creating "herd immunity," where so many people are vaccinated that the virus stalls out. Now it is clear we will not reach that goal, meaning the threat of the pandemic may drag on for years. One of the nation's leading infectious disease experts discusses how we are missing the target and what it means.

Host & Producer: Reed Pence

Guests: Dr. William Schaffner, Professor of Preventive Medicine and Infectious Diseases, Vanderbilt University Medical School

Compliancy issues: healthcare; public health; ethics; consumerism; vulnerable populations; COVID-19 pandemic

Links for more info:

Vanderbilt University Medical School profile: Dr. William Schaffner

SEGMENT 2: CLINICAL TRIALS AND TRUST IN UNDERSERVED COMMUNITIES

Time: 15:12

Duration: 7:36

Synopsis: People of color are less likely than others to receive timely treatment for medical issues. This is reflected in Covid-19 vaccination numbers, in cancer treatment, and in clinical trial participation. Experts discuss ways to increase participation, especially in clinical trials that might ultimately raise trust in medicine.

Host: Nancy Benson

Producer: Reed Pence

Guests: Dr. Lance Okeke, Assistant Professor of Medicine and Infectious Diseases, Duke University; Dana Dornsife, founder and CEO, Lazarex Cancer Foundation; Mike McDaniel, participant in ACTIV-2 clinical trial

Compliancy issues: healthcare; public health; education; discrimination; minority issues; vaccination; COVID-19 pandemic

Links for more info:

Air Week: 6/6/21

Writers/Producers: Reed Pence Studio Production: Jason Dickey

SEGMENT 1: UNDIAGNOSED MYSTERY DISEASES

Time: 1:50

Duration: 12:32

Synopsis: Hundreds of patients nationally have diseases that have confounded doctors and yielded no diagnosis and no reliable treatment. Today the Undiagnosed Diseases Network, founded and funded by the NIH, helps these patients, but its funding is uncertain beyond 2022. Patients and a physician leader of the UDN discuss the lonely plight of these patients and the hope UDN provides. **Host:** Reed Pence

Producer: Polly Hansen

Guests: Meghan Halley, mother of child with unidentified illness; Troy Evans, patient with unidentified illness; Kimberly LeBlanc, genetic counselor and Associate Dir. of Research Operations, Undiagnosed Diseases Coordinating Center, Harvard Medical School

Compliancy issues: healthcare; public health; ethics; consumerism; federal government and regulation **Links for more info:**

Undiagnosed Disease Network - Harvard University

<u>UDN Peer</u>

SEGMENT 2: TASTY FOOD VS. HEALTHY FOOD: FINDING A BALANCE

Time: 15:24

Duration: 6:57

Synopsis: Many Americans believe that healthy food doesn't taste good, and tasty food isn't healthy. A chef who is also a cardiologist discusses how to find a balance by seeking out healthy ingredients rather than whole categories of foods.

Host: Nancy Benson

Producer: Reed Pence

Guests: Dr. Michael Fenster, Professor of Health Professions and Biomedical Sciences, University of Montana and author, *Food Shaman: The Art of Quantum Food*

Compliancy issues: healthcare; public health; consumerism; diet and nutrition

Links for more info:

Chef Dr. Mike - website

Air Week: 6/13/21

Writers/Producers: Reed Pence Studio Production: Jason Dickey

SEGMENT 1: HOW COVID MASKS HAVE AFFECTED CHILDREN'S LANGUAGE DEVELOPMENT

Time: 1:50

Duration: 12:31

Synopsis: Infants, toddlers, and grade school children use many cues to learn language. Some of them are visual, involving seeing the mouth move. Some depend on clearly hearing speech. Both have been impacted by mask wearing during the pandemic. Experts now studying how far behind children are as a result discuss how language develops in children and how it's been affected in the pandemic. **Host:** Reed Pence

Producer: Libby Foster

Guests: Dr. Stephen Camarata, Professor of Hearing and Speech Sciences, Psychiatry, Psychology, Human Development and Special Education, Vanderbilt University and author, *The Intuitive Parent: Why the Best Thing For Your Child Is You*; Sara Charney, speech pathologist, Mayo Clinic Arizona **Compliancy issues:** education; public health; consumerism; youth at risk; disabilities **Links for more info:**

Stephen Camarata Vanderbilt Profile

Health Care For People: Sara Charney

SEGMENT 2: REFINERIES AND THEIR NEIGHBORS: HOW SAFE IS THE AIR?

Time: 15:23

Duration: 7:06

Synopsis: A recent report shows that more than a dozen refineries around the US are emitting benzene pollution into the air at higher levels than allowed by the EPA. An activist discusses this newly labeled problem and what the agency can do to curb it.

Host: Nancy Benson

Producer: Reed Pence

Guests: Eric Schaeffer, Exec. Director, Environmental Integrity Project

Compliancy issues: air pollution; environmental science; federal government and regulation; public health; manufacturing and industry; minority issues

Links for more info:

Environmental Integrity Project

Air Week: 6/20/21

Writers/Producers: Reed Pence Studio Production: Jason Dickey

SEGMENT 1: SUDC—SUDDEN UNEXPLAINED DEATH OF A CHILD

Time: 2:01

Duration: 12:23

Synopsis: Each year, some 400 US children over age 1, most of them toddlers, die overnight for no known reason. Families, longing for answers, often find that their families, friends, and even pediatricians are unfamiliar with this classification of death, or that they even occur. Family members who have lost a child, a medical examiner, and a research expert who has lost a child discuss SUDC. **Host:** Reed Pence

Producer: Regan Huston

Guests: Estuardo Torres, father of SUDC victim; Dr. Eric Eason, Assistant Medical Examiner, Cook Country, IL; Laura Gould Crandall, research scientist, Dept. of Neurology, NYU Langone Comprehensive Epilepsy Center and mother of SUDC victim; Ron and Jordana Zachara, parents of SUDC victim **Compliancy issues:** youth at risk; public health; parenting; healthcare; child safety **Links for more info:**

SUDC Foundation

Laura Gould Crandall profile at sudc.org

SEGMENT 2: "TONSIL STONES"

Time: 15:26 Duration: 6:31

Synopsis: Some people find that small "stones" are growing on their tonsils. They're an accumulation of skin cells, food, and other debris. While they are not medically dangerous or painful, they often produce bad breath or sometimes pain. Two expert physicians discuss tonsil stones' formation and treatment. **Host:** Nancy Benson

Producer: Morgan Kelly

Guests: Dr. Alter Peerless, otolaryngologist, Mercy Health, Cincinnati; Dr. Lauren Bohm, Assistant Professor of Otolaryngology, University of Michigan

Compliancy issues: health care

Links for more info:

Air Week: 6/27/21

Writers/Producers: Reed Pence Studio Production: Jason Dickey

SEGMENT 1: GROWTH HORMONE FOR SHORT KIDS

Time: 1:50

Duration: 12:23

Synopsis: Thousands of parents take their children to doctors each year seeking synthetic growth hormone to cure their relatively short stature, even though most of these children are merely late bloomers and have nothing wrong with them. Growth hormone also makes less difference in height than parents often imagine. Studies show that short stature generally does not create psychological damage. Experts discuss the issue.

Host & Producer: Reed Pence

Guests: Dr. Laurie Cohen, Director Growth and Neuroendocrine Programs, Boston Children's Hospital and Associate Professor of Pediatrics, Harvard Medical School; Dr. David Sandberg, Professor of Pediatrics, University of Michigan Medical School and C.S. Mott Children's Hospital

Compliancy issues: youth at risk; parenting; healthcare; consumerism; child safety; education **Links for more info:**

Boston Children's Hospital - Dr. Laurie Cohen

Mott Children's Hospital - Dr. David Sandberg

SEGMENT 2: MARFAN SYNDROME

Time: 15:26

Duration: 6:31

Synopsis: Marfan syndrome produces obvious physical symptoms such as extreme height, but its hidden symptoms, especially in the heart and eyes, can be much more serious. Experts discuss its diagnosis and treatment.

Host: Nancy Benson Producer: Scarlett O'Hara Guests: Dr. Gregory Perens, Professor of Pediatrics, UCLA Mattel Children's Hospital; Dr. Simon Fung, Assistant Professor of Ophthalmology, UCLA Medical Center

Compliancy issues: healthcare; consumerism; youth at risk **Links for more info:** <u>UCLA Health: Gregory Perens, MD</u>

UCLA Health: Simon Fung, MD

SEGMENT 1: ENTREPRENEURSHIP IN THE ADULT-USE CANNABIS MARKET

Time: 1:47

Duration: 9:29

Synopsis: New York is the latest to legalize recreational marijuana. This move will create thousands of new jobs and is expected to generate billions of dollars in revenue after a lackluster year in tourism, real estate and business. And New York isn't alone. Each year, more states are voting to allow both adult-use and medical marijuana sales. But, with this, comes challenges. In a fast-growing industry, how do you ensure that smaller entrepreneurs aren't left behind? Or those who've been systemically affected by the war on cannabis are given greater opportunity?

Host: Gary Price

Guests: David Wunderlich, senior attorney, Hoban Law Group; Demitri Downing, founder, executive director, Marijuana Industry Trade Association of Arizona

Compliancy issues: law, business, social equity, career, drug use, government, incarceration

SEGMENT 2: ALPHABETICAL ARRANGEMENT

Time: 13:18

Duration: 9:04

Synopsis: Organizing people or items by A to Z is a common method all over the world. It's used in schools, businesses, libraries and more. But why is this the predominant method today? What are some other systems that people of the past used? Historian Judith Flanders joins us this week to shed some light on the fascinating study of alphabetization.

Host: Marty Peterson

Guests: Judith Flanders, historian, author, A Place for Everything: The Curious History of Alphabetical Order

Issues Covered: language, communication, research, history, literature

Links for more info:

CULTURE CRASH: ZACK SNYDER'S "JUSTICE LEAGUE"

Time: 23:21

Duration: 3:06

Synopsis: The new director's cut of "Justice League" is now out on HBO Max. The action movie clocks in at a whopping four hours. Is it just another overhyped streaming release or something more?

Host: Evan Rook

Issues Covered: culture, film, comics

Program 21-15 Air Week: 4/11/21 Writers/Producers: Amirah Zaveri & Evan Rook Studio Production: Jason Dickey

SEGMENT 1: MANAGING MENTAL HEALTH IN THE MEDICAL FIELD DURING A PANDEMIC

Time: 1:47

Duration: 10:50

Synopsis: Physician burnout is still a very real problem in the U.S. – and the pandemic has only exacerbated these feelings in some of the hardest hit hospitals across the country. We speak with Dr. Greg Hammer at Stanford University about the pandemic's lasting effects on mental health and systems that have been created to better support people working in medicine or in medical school.

Host: Gary Price

Guests: Dr. Greg Hammer, pediatric intensive care physician, anesthesiologist, professor, Stanford University School of Medicine

Compliancy issues: mental health, physician burnout, workplace, career, COVID-19 pandemic, health & medicine

Links for more info:

SEGMENT 2: END-OF-LIFE PLANNING: HAVE YOU GOTTEN YOUR AFFAIRS IN ORDER?

Time: 12:37

Duration: 8:10

Synopsis: About 60 percent of Americans don't yet have a written will in place. People spend a lifetime working hard, saving money, building assets, but often never think about what would happen in case they suddenly passed away. Viewpoints speaks with life planning expert, Abby Schneiderman, about the importance of organizing your life both on paper and online.

Host: Marty Peterson

Guests: Abby Schneiderman, co-CEO, Everplans, co-author, In Case You Get Hit By a Bus: How to Organize Your Life Now for When You're Not Around Later

Issues Covered: death, law, personal finance, aging, personal affairs, relationships

Host: Evan Rook

Issues Covered: culture, music

Program 21-16 Air Week: 4/18/21 Writers/Producers: Amirah Zaveri & Evan Rook Studio Production: Jason Dickey

SEGMENT 1: THE ROLE WE EACH PLAY IN SLOWING CLIMATE CHANGE

Time: 1:48

Duration: 9:34

Synopsis: Despite the pandemic, carbon emissions are at an all-time high, topping records over the past 3.6 million years. For years, scientists have warned of humans approaching a critical tipping point of global warming – and it's here. Sustainability scientist Dr. Kimberly Nicholas joins Viewpoints this week to break down the current climate landscape and explain why turning things around requires a collective effort.

Host: Gary Price

Guests: Dr. Kimberly Nicholas, associate professor, sustainability science, Lund University, author, Under the Sky We Make: How to Be Human in a Warming World

Compliancy issues: climate change, global warming, politics, government, transportation, environment, industry, diet

SEGMENT 2: THE GROWING WEALTH OF THE BILLIONAIRE CLASS

Time: 13:24

Duration: 9:27

Synopsis: We know so much about the men of the Civil War, but the courageous women of this time and their contributions are seldom shown in history books. Historian Karen Abbott decided to change that. She tells the story of several women who helped their respective sides during the Civil War. These women were not just nurses and aides, but endearing female soldiers and spies disguised and embedded in the fight.

Host: Marty Peterson

Guests: Chuck Collins, director, Program on Inequality, Institute for Policy Studies, author, The Wealth Hoarders: How Billionaires Pay Millions to Hide Trillions

Issues Covered: wealth inequality, wage gap, income, poverty, personal finance, investment, economics

CULTURE CRASH: OSCAR-WORTHY FOREIGN LANGUAGE FILMS

Time: 23:51

Duration: 2:36

Synopsis: In recent years, foreign language films have started to be taken more seriously in the top awards categories. Take Parasite winning Best Picture at the Oscars last year. We discuss some of the best international films released over the last twelve months and where to watch them.

Host: Evan Rook

Issues Covered: culture, international film

Program 21-17 Air Week: 4/25/21 Writers/Producers: Amirah Zaveri & Evan Rook Studio Production: Jason Dickey

SEGMENT 1: WHAT HAPPENS TO THE HUMAN BODY IN SPACE?

Time: 1:47

Duration: 11:02

Synopsis: From abrupt changes in gravity to galactic cosmic radiation, astronauts face numerous challenges as they push to explore farther into the unknown. Dr. Emmanuel Urquieta, from the Center for Space Medicine at the Baylor College of Medicine, joins Viewpoints this week to help us understand some of the health impacts of spending time in space and the hurdles that come with longer missions like sending humans to Mars.

Host: Gary Price

Guests: Dr. Emmanuel Urquieta, chief medical officer, Translational Research Institute for Space Health, assistant professor, Center for Space Medicine, Baylor College of Medicine

Compliancy issues: health & medicine, career, technology, innovation, science, space exploration

Links for more info:

SEGMENT 2: THE SKY-HIGH COST OF COLLEGE

Time: 14:51

Duration: 8:11

Synopsis: Today, the average student graduating from a four-year, public university leaves with \$28,600 in student loans. On top of this, students owe interest once payments kick in, and this can range from 3 to 5 percent for federal loans and can go as high as 12 percent for private loans. For some, the large sum of these loans plus interest can take several years to pay off and has a big effect on life decisions like when to start a family or if they can afford to leave a toxic job. This week – we cover the student loan crisis in the U.S. and talk about alternative options and resources that can help lower the current cost of higher education.

Host: Marty Peterson

Guests: James Lewis, president, National Society of High School Scholars

Issues Covered: higher education, personal finance, student loan debt, career, networking

CULTURE CRASH: THE SECOND DEBUT OF TAYLOR SWIFT'S "FEARLESS"

Time: 24:03

Duration: 2:24

Synopsis: Taylor Swift recently re-recorded and released her hit 2008 album "Fearless". We discuss the nostalgic vibes we felt while listening to these old Taylor tracks.

Host: Evan Rook

Issues Covered: culture, music

Program 21-18 Air Week: 5/2/21 Writers/Producers: Amirah Zaveri & Evan Rook Studio Production: Jason Dickey

SEGMENT 1: JIMMY STEWART: THE HOLLYWOOD ACTOR & FIGHTER PILOT

Time: 1:47

Duration: 10:37

Synopsis: The late actor, Jimmy Stewart, gave us some very memorable characters during his time in Hollywood – many very funny; others endearing; and some dark and villainous. Perhaps Stewart's most dramatic role was the one that not many people know about, but that molded his life and his psyche – not to mention his acting – for most of his career: serving as a fighter pilot in World War II. We talk to an author who delved into Stewart's war service about how flying missions over Europe and seeing his comrades die affected the actor and the types of roles he chose to play post-war.

Host: Gary Price

Guests: Robert Matzen, author, Mission: Jimmy Stewart and the Fight for Europe

Compliancy issues: history, war, military science, acting, career, mental health, film

Links for more info:

Amazon: Mission: Jimmy Stewart and the Fight for Europe

RobertMatzen.com

SEGMENT 2: EASY SWITCHES FOR A MORE EARTH-FRIENDLY DIET

Time: 14:26

Duration: 8:43

Synopsis: As more Americans look to decrease their carbon footprints, what's one way to make a big difference? Flipping the narrative on the traditional American diet. Beef is more carbon-intensive to produce than chicken, but did you know that cheese is also worse than chicken? It's this knowledge that can change people's dietary decisions and decrease greenhouse gas emissions, slowing global warming. Paul Greenberg, a food and science writer, joins Viewpoints this week to share how people can adjust their daily eating habits to make a difference.

Host: Marty Peterson

Guests: Paul Greenberg, food & science writer, author, The Climate Diet: 50 Simple Ways to Trim Your Carbon Footprint

Issues Covered: food production, climate change, sustainability, global warming, diet

Links for more info:

CULTURE CRASH: LITERATURE TACKLING RACE & INEQUALITY

Time: 24:09

Duration: 2:19

Synopsis: The perspectives of black authors are vital in understanding why racial bias still plagues our country. We offer up some timely recommendations to add to your 2021 reading list.

Host: Evan Rook

Issues Covered: culture, literature, race

Program 21-19 Air Week: 5/9/21 Writers/Producers: Amirah Zaveri, Polly Hansen & Evan Rook Studio Production: Jason Dickey

SEGMENT 1: THE REDUCE, REUSE, RECYCLE CONUNDRUM

Time: 1:46

Duration: 12:05

Synopsis: How often do you buy an item from the store that's packaged in a plastic container or wrapped in plastic? Daily decisions like these add up and are feeding into the global plastic crisis. Scientists estimate that there's anywhere between nine to 16 million tons of plastic on the sea floor, polluting the environment, harming species and releasing harmful microplastics into every corner of the planet. Two experts on plastic join us this week to shed some light on the problem and how we can each make a difference by changing our consumption habits and calling on leaders to craft stricter laws on waste management and manufacturing.

Host: Gary Price

Guests: Jennie Romer, attorney, author, Can I Recycle This? A Guide to Better Recycling and How to Reduce Single-Use Plastics; Kate Melges, plastics project leader, Greenpeace USA

Compliancy issues: trash pollution, health & medicine, recycling, consumption, waste management

Links for more info: <u>GreenPeace.org: Kate Melges</u> <u>Congress.gov: H.R. 5845</u> <u>EPA: How Do I Recycle?: Common Recyclables</u> <u>Harvard University: 14 Million Tons of Microplastic are on the Ocean Floor</u> <u>NOAA: What are microplastics?</u>

SEGMENT 2: THE MIND-BENDING MIGRATION OF THE MONARCH BUTTERFLY

Time: 15:28

Duration: 6:51

Synopsis: In 2017, Sara Dykman biked more than 10,000 miles, following the path of the annual Monarch migration. Along her route, she stopped to educate and raise awareness about the beauty and fragility of the butterfly. Dykman joins us this week to teach us about the insect's unique migration patterns across North America and how individuals can help this dwindling species.

Host: Marty Peterson

Guests: Sara Dykman, writer, author, Bicycling with Butterflies: My 10,201-Mile Journey Following the Monarch Migration

Issues Covered: endangered species, wildlife migration, environment, land development

Links for more info:

Workman: Bicycling with Butterflies

<u>Beyond A Book</u> <u>The National Wildlife Federation: Monarch Butterfly</u> <u>Monarch Joint Venture: Monarch Migration</u> <u>GuardenGuide.com: How to Grow Milkweed for Monarch Butterflies</u>

CULTURE CRASH: BACK TO THE THEATER

Time: 23:39

Duration: 2:50

Synopsis: As more Americans get vaccinated, the light at the end of the tunnel shines a little bit brighter each day. We discuss the slow return of theater-released movies and some of the future films we're most excited for.

Host: Evan Rook

Issues Covered: culture, film, movie business

Program 21-20 Air Week: 5/16/21 Writers/Producers: Amirah Zaveri, Polly Hansen & Evan Rook Studio Production: Jason Dickey

SEGMENT 1: THE RISE OF CRYPTOCURRENCY

Time: 1:47

Duration: 9:32

Synopsis: The cryptocurrency that started it all, Bitcoin, is now valued at around 1.6 trillion dollars. And in just the last month, another, newer form of crypto, Dogecoin has skyrocketed in popularity across the Internet, sharply driving up the price per token. We explore the fascinating and fast-evolving world of cryptocurrency and the future of traditional financial systems as digital currency gains ground across the globe.

Host: Gary Price

Guests: Dr. David Yermack, professor, finance, NYU Stern School of Business

Compliancy issues: currency, technology, banking, investment, cybersecurity, finance, investment

Links for more info:

SEGMENT 2: WHY AREN'T MORE WOMEN FINANCIALLY INDEPENDENT?

Time: 13:21

Duration: 9:33

Synopsis: The U.S. workforce is now more than 50 percent female, yet many women today still have little knowledge on financial planning and how to make their income work for them rather than the other way around. Executive and financial expert Jennifer Barrett joins us this week to shed some light on the importance of becoming financially autonomous and advocating for yourself in your career, relationships and beyond.

Host: Marty Peterson

Guests: Jennifer Barrett, financial expert, Chief Education Officer, Acorns, author, Think Like a Breadwinner

Issues Covered: personal finance, financial independence, retirement, relationships, career, personal growth

CULTURE CRASH: REVIEWING HBO'S "MARE OF EASTTWON"

Time: 23:54

Savvy Ladies

Duration: 2:32

Synopsis: A modern take on the classic detective/thriller genre is exactly what we need right now and the "Mare of Easttown" does not disappoint. We explore this new series starring Kate Winslet.

Host: Evan Rook

Issues Covered: culture, film, movie business

Program 21-21 Air Week: 5/23/21 Writers/Producers: Amirah Zaveri, Polly Hansen & Evan Rook Studio Production: Jason Dickey

SEGMENT 1: THE CYCLE OF FOOD WASTE

Time: 1:47

Duration: 9:24

Synopsis: The average person ends up trashing 25 percent of the food they buy from the grocery store. This can mean fresh produce, expired dairy, stale bread – the list goes on and on. This cycle of food waste across households, grocery stores and restaurants adds up, resulting in more than 81 billion pounds of fresh, edible food being thrown away each year. What's the solution? Two food experts join us this week to offer some answers.

Host: Gary Price

Guests: Dr. Elena Belavina, associate professor, operations management, Cornell University; Jenna Harris, senior manager, donor relations & supply chain, City Harvest

Compliancy issues: food production, waste management, climate change, food insecurity, business, pollution

Links for more info:

SEGMENT 2: THE 40TH ANNIVERSARY OF THE NASA SPACE SHUTTLE

Time: 13:12

Duration: 9:54

Synopsis: The birth of the space shuttle in 1981 marked a new era of space travel. For the first time ever, NASA had a spacecraft that could launch into space and come back to earth and land like an airplane. While the shuttle had many successful flights, there were also some big catastrophes that ultimately led the program to cease operations in 2011. Former chief historian of NASA Roger Launius joins Viewpoints this week to tell the story of this era of American space history.

Host: Marty Peterson

Guests: Roger Launius, space historian, former chief historian, NASA, author, NASA Space Shuttle: 40th Anniversary

Issues Covered: government, history, space exploration, invention, technology, engineering

CULTURE CRASH: THE LOVE STORY OF "LITTLE FISH"

Time: 24:06

Duration: 2:21

Synopsis: The movie, "Little Fish" is an intriguing story of a world ravaged by a virus that erases people's memories. It's a gripping film that hooks your attention from the get-go and is worth the watch.

Host: Evan Rook

Issues Covered: culture, film

Program 21-22
Air Week: 5/30/21
Writers/Producers: Amirah Zaveri, Pat Reuter & Evan Rook
Studio Production: Jason Dickey

SEGMENT 1: THE DEBATE ON INVASIVE SPECIES

Time: 1:47

Duration: 8:11

Synopsis: Many people are worried that non-native plants and animals are invading the U.S. and preventing native species from thriving. Each year, a lot of money and time is spent trying to rid the land of these aliens - often to no avail. But, are these species present because they're the only ones that can exist in that environment? Are some plants and animals actually helping to create a more diverse and robust ecosystem? And are some native species really native to the U.S.? Our guests offer up a different perspective on the invasive species debate.

Host: Gary Price

Guests: Fred Pearce, science journalist, researcher, author of The New Wild: Why Invasive Species Will Be Nature's Salvation; Tao Orion, permaculture educator, author of Beyond the War on Invasive Species: A Permaculture Approach to Ecosystem Restoration

Compliancy issues: invasive species, biodiversity, ecosystem management, ecology, science

Links for more info:

<u>New York Times: Invasive Species Aren't Always Unwanted</u> <u>PBS: Native or invasive species? The distinction blurs as the world warms</u> <u>Resilience Permaculture Design LLC</u>

SEGMENT 2: THE WEDDING PAGES

Time: 14:27

Duration: 8:40

Synopsis: The first New York Times wedding announcement was published in 1851. It was one sentence long and covered a young, white couple who had just married in New York. Today, the wedding and engagements section at the paper and other media outlets across the country look a lot different. We explore how this unique page has evolved over the years and the rat race some couples go through to get an announcement published at a prominent paper like The New York Times.

Host: Marty Peterson

Guests: Cate Doty, former journalist, engagements and wedding section at The New York Times, author, Mergers and Acquisitions: Or Everything I Know About Love I Learned on the Wedding Pages

Issues Covered: relationships, communication, tradition, history, culture

CULTURE CRASH: THE LATEST RELEASE BY ACCLAIMED AUTHOR JOHN GREEN

Time: 24:07

Duration: 2:20

Synopsis: Author John Green is best known for young adult novels like The Fault in Our Stars, but his latest release heads in a completely different direction. It's called The Anthropocene Reviewed and it's hooked our attention.

Host: Evan Rook

Issues Covered: culture, film

Program 21-24 Air Week: 6/13/21 Writers/Producers: Amirah Zaveri, Pat Reuter & Evan Rook Studio Production: Jason Dickey

SEGMENT 1: THE ENVIRONMENTAL EFFECTS OF STAGGERING PALM OIL PRODUCTION

Time: 1:48

Duration: 9:59

Synopsis: In the U.S., most Americans commonly use vegetable or olive oil when cooking. While we don't often hear about palm oil, it's in many of the products that we buy at the grocery store, including everything from food to personal care products. And abroad, palm oil is widely used in cooking and frying. Last year, global consumption reached 72 million tons. However, this ingredient is not being produced sustainably and has led to widespread deforestation in Southeast Asian countries. What's being done to curb the palm oil crisis?

Host: Gary Price

Guests: Jocelyn Zuckerman, journalist, author, Planet Palm: How Palm Oil Ended Up In Everything and Endangered the World; Dr. Patricio Grassini, associate professor, agronomy & horticulture, University of Nebraska-Lincoln

Compliancy issues: business, environment, pollution, deforestation, wildlife protection, food production, agriculture, sustainable farming

Links for more info:

CULTURE CRASH: STEPHEN KING: THE MASTER OF STORYTELLING

Time: 22:45

Duration: 2:41

Synopsis: Stephen King is globally recognized as the master of horror – but how does he create each masterpiece? We break down what sets his works of literature apart from all of the other authors across several genres.

Host: Evan Rook

Issues Covered: culture, storytelling, literature

Program 21-26 Air Week: 6/27/21 Writers/Producers: Amirah Zaveri & Evan Rook Studio Production: Jason Dickey

SEGMENT 1: THE TOP ONE PERCENT & THE ACCRUAL OF BILLIONS IN WEALTH

Time: 1:47

Duration: 9:10

Synopsis: The 50 richest families in the world have a combined net worth of \$1.2 trillion dollars. The Koch family, the second richest name on the list, is worth a staggering \$100 billion dollars. Could you imagine having that amount of money? It's definitely enough to sustain several generations to come. How does one accumulate so much wealth? For many families, it isn't just about success and business growth, but the business of building wealth through loopholes like philanthropy and loose taxation laws.

Host: Gary Price

Guests: Chuck Collins, director, program on inequality, Institute for Policy Studies; Dr. Ray Madoff, professor, Boston College Law School

Compliancy issues: wealth inequality, politics, government, taxation, inheritance law, philanthropy

SEGMENT 2: THE CAREGIVER CRISIS

Time: 12:57

Duration: 9:56

Synopsis: The Bureau of Labor Statistics reports that employee turnover at nursing homes in an average year is 74 percent. With high rates of turnover and not enough new workers entering the caregiving field, the U.S. is deep in a senior care crisis that's only set to get worse. This week – two senior care experts join Viewpoints to discuss why no one wants these jobs and how this lack of infrastructure and funding in certain areas is creating chaos amongst seniors and their families who need help.

Host: Marty Peterson

Guests: Amy O' Rourke, senior healthcare expert, professional care manager, author, The Fragile Years; Susan Chapman, professor, social & behavioral sciences, University of California San Francisco School of Nursing

Issues Covered: aging, healthcare, infrastructure, government, senior care, health & medicine
