Listener Comments

1/10/20 - Listener email: My name is Nelson and I grew up in Glendale. Although I do not live in California anymore, I try to listen to KPCC as often as possible whenever I am back in the SoCal area. I wanted to congratulate you on your program Airtalk. I don't always agree with everything I hear from your guests, but I do always learn. And that is what's important for me. You keep the discussions focused and balanced, and that is truly admirable. Your shows must be working because I find myself looking forward to the next one every time. Keep it up. Airtalk is a valuable contribution to the local LA airwaves.

1/26/20 - Twitter: @imxvi "@ERIKGEEE Kobe meant nothing to me. I recognize the absolute talent. But your piece personalized it in such a way that I'm reminded of the community that sports create, and the unique opportunities it gives for children to bond with parents. There is depth here. Thank you"

2/28/20 - Listener Voicemail: "Listening to Kyle Stokes report on voting in LA convinced me to use my mail-in ballot! In this age of coronavirus, why would anyone want to use communal headphones to listen to the prompts on the ballot? I hope that the polling stations will consider providing wipes, or perhaps you might mention to listeners to bring their own to the polling sites. Thanks for all that you ALL do. I have used your voter guides each election and am a sustaining member who truly appreciates the services you provide."

3/4/20 - Voicemail from Linda in Pasadena: "I loved LAist's voter guide. It's great! Just wanted to call in to say thank you and keep up the good work."

3/24/20 - Email from mendycine@gmail.com: "Just wanted to say thank you. I like your reporting. It's helpful, accurate, provides live broadcasts, and feels less BS or partisan than CNN and Fox. Thanks guys."
