Pastor Weeks serves a local congregation, but for a number of years has spent time on the road, both in the United States and abroad to teach about prophecy for the local congregation. Pastor Weeks will be in Connecticut in the latter half of June and will share some of what he will bring on the WIHS Journal. Saturday: On this month's WIHS Healthline with Lou Carta, the issue is acupuncture. Many people have an image of acupuncture as being a treatment from China or somewhere else in the Far East, using needles that seemingly have little to do with the part of the body with a problem. As acupuncture practitioner Amy Calandrucchio points out, acupuncture has been used successfully for many years and has a demonstrated track record of helping the patient. Hear the WIHS Healthline with Lou Carta today at 3:15am; also at 12:15 & 5:10pm here on WIHS Middletown—Live and Local 24/7!
