After the tremendous success of our event last year, the Professional Pharmacy Student Alliance (PPSA) is back with our 21st Annual Spaghetti Feed & Auction! We will be continuing our record success for last year and we want you to be a part of it! The Spaghetti Feed, Raffle and Auction is an annual fundraiser event put on by the Idaho State University College of Pharmacy students. This event helps the students raise necessary money to fund their rural community patient outreach projects, for which they have received national recognition. Recognizing the importance of community stewardship, the pharmacy students donate at least 25% of the proceeds from the Spaghetti Feed Auction to a Make-A-Wish child.

Our donation last year to the Make-A-Wish Foundation completely funded the wish of our 2013 event beneficiary, Jason, a 9-year-old boy with Duchenne Muscular Dystrophy. Jason and his family were able to have an adventurous vacation to Hawaii. This year, our Make-A-Wish child is Yadira, an 18-year-old girl who was diagnosed with leukemia several years ago. When asked about her wish Yadira said, "Many people want to go somewhere or meet someone but all I want to be is someone. Someone I would be very proud to know." Leading to her wish of "assistance with college tuition." The time has finally come for Yadira's wish as she recently graduated in May 2013. Any kind donations or attendance will go a long way to help support pharmacy students in the local community and fulfill the wish of a local child!

We received your voice mail and e mail and appreciate you promoting this worthy cause. I have included a statement he made recently that you can use however you wish.

“Agriculture is a way of life in this community; the Association is trying to do everything they can to keep the prices up so the kids coming up can make a living in agriculture,” Gaylen Stucki, President of the Bonneville Cattle Association said. “It’s getting harder and harder to keep kids interested in the family business when it’s so difficult to make a living.”

He said supporting area 4-H youth is important because it teaches responsibility and builds character. “4-H is a big deal to us; we see these kids grow and become involved and the funds will help them out,” he said.

Paces for Payton is a benefit 1 mile walk, 5k and 10k being held at Snake River Landing in Idaho Falls. This race is to help a local Idaho Falls family and their daughter, Payton. At the age of 7 months, Payton began exhibiting symptoms of heart failure and had to be transported via life flight to Primary Children's Medical Center in Salt Lake City, Utah. It was determined that she had idiopathic dilated cardiomyopathy. Her little heart was failing. Payton's case was so severe the only way to save her life was to receive a heart transplant. Associated costs for her care are approaching \$2 million and are growing. All proceeds from this great event will go toward medical expenses not covered by insurance.

Organizers are also using this race to bring awareness to our great community of the importance of organ donation and organ donation registration. Payton's family is forever grateful for the donor family. During their time of loss, they saved lives by deciding to donate the organs of their loved one. Without this difficult decision, Payton and others wouldn't be alive today. \$15, \$20 or \$25
