Our History

Establishment

In November, 1970, MISS DIG System, Inc. was established as a pilot program in Oakland County by five major Michigan utility companies (Consumers Power, Detroit Edison, GTE, Michigan Bell, and Michigan Consolidated Gas) in an effort to reduce damages to their underground facilities, prevent injuries, and save lives. The participating utilities included underground telephone and telegraph, gas, and electric.

Protection of Underground Utility Facilities

With the enactment of Public Act 53 of 1974 by the Michigan State Legislature for the Protection of Underground Facilities, the need for a statewide one-call service grew. By 1975, the MISS DIG System one-call service was available throughout Michigan's Lower Peninsula. By 1976, MISS DIG System's one-call service was also available in the Upper Peninsula. In 2004 the one-call

MISS DIG System began its transformation to the MISS DIG Notification system, by incorporating Remote Ticket Entry via the World Wide Web. Currently MISS DIG receives over 45% of our locate requests via the web by either our single address e-Locate ticket or the Remote Ticket Entry (RTE) Program which is primarily for excavator's, municipalities and utilities. 2013 was the latest change for the MISS DIG System, PA 174 was enacted in November of 2013, with an effective date of April 1, 2014. PA 174 of 2013 replaced PA 53 of 1974 and added definitions and enforcement as key parts of the protection of underground utilities.

Overhead Electric Assistance

Between 1977 and 1979, the MISS DIG System service expanded to include a statewide overhead electric line assistance program. At the request of the excavator, overhead electric line assistance may be provided by an electric utility if the excavator's equipment will be used near overhead electric lines.

Incorporation

On December 15, 1994, the MISS DIG System officially incorporated as a Michigan non-profit corporation. A seven member Board of Directors was created to set company goals and objectives for the one-call utility notification center.

Expansion

In 1996, the MISS DIG System opened a northern office in Escanaba to assist the Pontiac office in fulfilling its projected long-term growth and disaster recovery goals. Currently MISS DIG has two facilities; our administrative office and call center in Auburn Hills and our primary call center in Gladstone.

Foster Care

Approximately 13,000 Michigan children are in foster care at any given time. We need your help to provide a safe, nurturing home for these children until they can be returned to their families. When children cannot be returned to their homes, foster parents are often asked to provide permanent homes.

5 Easy Steps to Become a Foster Parent

- 1 CALL A NAVIGATOR.** Call our Foster Care Navigators at **855-MICHKIDS** to get started. Navigators are experienced foster parents who can answer all of your questions, help you find an agency near you and provide guidance along your journey to becoming a foster parent. Use our Agency Checklist as a guide to choosing an agency that's right for you.
- 2 ATTEND AN ORIENTATION.** The comprehensive orientation will not only review guidelines, but help illustrate what you can expect as a foster parent. Agency representatives will be happy to answer all your questions during the orientation.
- 3 COMPLETE THE APPLICATION.** After orientation, the agency you selected will provide you with a licensing application packet. In general, the application steps are:

 - Schedule fingerprinting with your licensing agency. Complete the Licensing Record Clearance Request BCAL-1326 form and take it with you to get fingerprinted.
 - Complete the foster home licensing application.
 - Submit your application and fingerprinting clearance form to your licensing worker.
 - Complete medical records for the entire family.
 - Complete any other requested paperwork with your licensing worker.

4 PARTICIPATE IN A HOME EVALUATION. Before welcoming a foster child into your home, you must pass an on-site home evaluation performed by the licensing agent. The agency you selected will meet with your family several times for on-site home visits and interviews. After you attend orientation and submit your application, your agency will schedule your first home visit.

5 ATTEND FREE TRAINING. Agencies will help you schedule PRIDE training. PRIDE, or Parent Resources for Information Development and Education, offers valuable information to make sure you are ready to become a foster parent. Every licensed foster parent needs to complete 12 hours of PRIDE training. Once you are licensed, you have 18 months to complete an additional 12 hours of PRIDE training.

Foster children need caring individuals who can provide a safe and nurturing home. The primary goal during foster care is to reunite the child with his or her parents. This can take some time - we need caring adults who are willing to provide stability and safety for children in their care.

Foster parents should be committed individuals who are:

- Willing to work with the child's birth parents.
- Supportive of efforts to return the child home.
- Able to work with children who have emotional and behavioral needs.
- Able to encourage teens toward independent living.
- Willing to provide a permanent home if necessary.

Understanding the Foster Care Program

Foster Care identifies and places children in safe homes when they cannot remain with their families because of safety concerns. Foster families provide these children with the consistency and support they need to grow.

Our main goal is to return children back to their homes when it is safe. If a return home is not possible, adoptive families are needed.

Check out our Foster Care Frequently Asked Questions for more details.

Check out the Michigan Adoption Resource Exchange for details on foster children available for adoption.
