Gen Media uses a proprietary system called Rapid Rate to effectively and efficiently communicate with our station partners about pending opportunities for their market. Attached, please find a new agency avail request for (market). We want all of our stations to know about all of the opportunities for their area, whether or not they are a perfect fit based on points planned or demo, so if appropriate, please consider the attached specs and your stored rates on file. NOTE- This Rapid Rate request WILL NOT replace a phone call or email strategy session with your rep. This request simple outlines the agency's details in a consistent and simple way and tracks the opportunity.

By clicking the link above, you'll see all the specs of the avail. Please fill in the blanks (or chose to use historical rates on file), hit submit and expect a call or email from us shortly. If you have any questions, please email me:
(Leta.Mork@GenMediaPartners.com)

When submitting your rates, please make sure to supply agency Gross rates. We are acting as your sales rep on this account, and are to be paid 15% of the net to station, just like if one of your local AEs were calling on an agency.

Thanks,
Roger.Rafson@GenMediaPartners.com
