Hi Corey

Thank you for contacting the FCC to share your concerns about program material that you find offensive. The FCC licenses over-the-air radio and TV broadcast stations. It is against federal law for a licensed television or radio station to air obscene programming at any time, or to air indecent or profane material during the hours of 6 a.m. to 10 p.m. The FCC is charged with enforcing the law that governs the broadcast of such material.

For the FCC to consider whether a licensee has violated our rules, a complaint must relate to particular programming, rather than express a general opinion about program material. In addition, to consider a complaint, we must have specific information, including the station that aired the programming material, the date and time of day of the broadcast, and a recording, transcript or description of the material broadcasted. This information will allow us to determine whether the material is obscene, indecent or profane. Below is a link to information that discusses the law with respect to indecent, profane and obscene broadcasts and our enforcement procedures.

Good Morning FCC..

I lament that 3-5 sentences ain't gonna cut it, sorry.
Please bear with as I try to be concise ...

No prude here.. a long serving Urban HS teacher . This complaint is NOT about artistic license nor creativity, though it is importantly about FCC Broadcast licensee responsibility for promoting content, explicit~implicit and purportedly SERVING local communities ..

To wit, I am compelled to wonder OUT LOUD, JUST HOW Radio Station WINS PD/GM,
Cumulus Media itself in the broad field of available taste and selection, KWIN 97.7 may

find merit, on Saturday morning May 1, to broadcast this set @ 7AM, j u s t barely expletive~squashed (not deleted , nor alt "clean version"), which would not really make a real difference in content ! :

Jack Harlow ~ Already best friends

(sic: " menage et trois ... f---f--fuuu her , give me head)

Right Thurr ~ Chingy

(sic: Look at her legs, ain't she stacked?

I sure wouldn't mind hittin' that from the back

I like it when I touch it 'cause she moan a lil' bit)

Gas Pedal ~ Sage the Gemini

(Nigga .. B--tch . wiggle like you wanna make your a-- fall off)

Cry Baby ~ Megan thee Stallion

(sic : She ain't gave me none of that pussy in a while..She got her hands on her knees with

her ass in the air...Ooh, that lil' bitch a player..If her friends ain't around to record it.. She

bend over, shake that lil' ass in the mirror, like

Goddamn, what a nigga gotta do for your number?)

We'd better not attune with kids... or ultimately, in this race to the bottom, intend to teach them media lit in this setting...

Well, good morning to you too ~~WINS~~ and Cumulus..

... how do they, we, FCC choose as a community /society /agency to rather

protect~educate young people and children from sexiporn, exploitation at retail corner

brick and mortar, some media and otherwise B R O A D C A S T same in P U B L I C

Airwaves .. allowing media conglom~corps with no real interest, only superficial stake, in

the local community to scandalize, titillate, demean, objectify both Women and otherwise

caricaturize Men, Black Men? hypersexualizing BOTH ..

Pardon me please ...Cumulus needs to, I beg your indulgence here, Wake the

UFCK~UP! and with all due respect, FCC enforcement~guidance can use a firm shape UP..

Masqaradeing on paper as R + B .. this is WAP + D .. maybe don't ask me ...

I called the Station and voice messaged much the same sentiment, and requested a call back by TODAY from PD or GM ... to discuss this matter before I dispatched this complaint.

WINS management did NOT take me up on it .. maybe the FCC will ..

Best Always .. toward higher ground and sound ...

Thank you for your consideration and filing this in WINS public file
