Educational Programming

10-01-17 to 12-31-17

WGEN-FM is a 24/7 automated programming system as we seek local volunteers to train and work to launch our website coming online in November 2017 and streaming in January 2018. Volunteer applications will be available. A Christmas program has been submitted and being implemented into programming.

We are actively seeking volunteers and programming suggestions from the community. A few musical programs have been under consideration.

Currently rehearsing and recording public domain children's stories for literacy programs.

The morning with Georgia Lee is doing live reads of community announcements and news of the Will County and Chicagoland area.

Public service announcements both local and national have been added to the program schedule.

Other educational programming is being discussed.
