Non-vacancy Specific Recruitment Activities completed in this reporting period are ...

Periodic announcements for interns are listed on the Oklahoma Association of Broadcasters and both The House FM and The House of Praise website. During the reporting four high school students served as paid interns learning, to varying degrees, the inside workings of a radio station. To alert students at the local colleges and high schools to the possibility of working with a local broadcaster, we attend career fairs in the spring and fall semesters.

Station personnel conducted numerous tours for students from Christian schools and other guests with a brief explanation of broadcast careers.

Six on-air personalities and staff members spoke at three different schools and seven Vacation Bible Schools in the listening area, speaking on making positive choices, and informing young people about the field of broadcasting reaching over 1,100 students.

Station personnel participated in three career fairs. Personnel whose primary job is off-air support have been given opportunities to build a variety of skills marketable in the communications industry, and all full-time staff members participated in a one day fundraising training presented by a nationally-recognized, professional fundraising coaching and training company. While three full-time staff members participated in a three day fundraising training presented by a nationally recognized, professional fundraising coaching and training company in Nashville.
