Quarterly Issues Programs List

Station: KLAQ-FM

April 1, 2023 through June 30, 2023

Section I. Issues

KLAQ has identified the following topics as significant issues facing our community in this quarter:

- A. **Children's Advocacy:** The number of children living in El Paso declined by more than 20,000 between 2010 and 2020 according to the U.S. Census Bureau. Continuing to focus on the El Paso Matters article noting possible factors and ramifications, experts are encouraging better services and more recreational programs to help improve quality of life for families, as a means to combat the declines.
- B. **Children's Charities:** The cluster helped promote the partnership of 600 ESPN El Paso and the A&A All The Way Foundation. The second annual Celebrity Charity Softball game took place 6/29 at Southwest University Park. This is the combined efforts of El Paso NFL Brothers Arron and Alvin Jones, to fundraise for underserved (multiple lesser profile) youth organizations.
- C. **Fighting Hunger:** The El Paso Food Bank struggled to keep up with demand both from local family needs, as well as organizations trying to assist the families legally arriving but forced to live on the streets as part of the migrant surge.
- D. **Immigration:** This was the biggest and hub issue for numerous spokes this quarter. For a period El Paso was featured on most national newscasts as one of the hotbeds of the Migrant Crisis ahead of the expiration of controversial Title-42. The subject became very politicized which amplified the coverage and intensified the discussion.
- E. **Politics –** El Paso held an election of a number of community initiatives and programs in May.
- F. **Public Safety –** Yet another issue related to the Migrant crisis as stories abounded this quarter about people illegally entering the country and dashing through traffic along both the Border Highway and Paisano.
