TAHS Quarter 1 Show Descriptions and Broadcast Dates: 2020

January 2020

05 Lynn Loo, Director, Andlinger Center for Energy and the Environment, Princeton University. Discussion of Renewable Energy alternatives, real world nanotechnology applications, and the advancement of Science.

12 Leta Hong Fincher, Author, "Betraying Big Brother" & Research Scholar, Columbia University #1 Part 1 of the story of how women in China have banded together to promote

women's rights, consistent with the Chinese Constitution but contrary to the control over women exerted by the Chinese Government.

19 Leta Hong Fincher, Author, "Betraying Big Brother" & Research Scholar, Columbia University #2 Part 2 of the series.

26 Nicholas Epley, Psychologist, University of Chicago #1 The John Templeton Keller Professor of Behavior Science and Faculty Director of the Center for Decision Research at the University of Chicago Booth School of Business discusses his concept, "Mindwise," which examines decision-making processes and how we perceive how other people think and feel.

February 2020

02 Nicholas Epley, Psychologist, University of Chicago #2 Part 2 of the series.

09 Agnes McKeen, Founder, Just Talk Suicide Prevention. McKeen discusses solutions to suicide and how she is using her own experience with the suicide of her son to help others. The show has numerous poignant moments which address what realistically can and cannot be done to address the challenge of those contemplating suicide.

16 Darrell Kirch, President Emeritus, Association of American Medical Colleges #1 In Part 1 Dr. Kirch addresses the need for more physicians in America along with a variety of solutions to the Health Care crisis in our country, including innovative ways to cut costs without reducing the quality of medical services and health care.

23 Darrell Kirch, President Emeritus, Association of American Medical Colleges Part 2 of the series.

March 2020

01 Sarah Hemminger, Founder & CEO, Thread Ms. Hemminger reveals the background of the foundation of "Thread" and how she was able to involve multiple high schools in Baltimore to successfully address the needs of at-risk students by incorporating their families' needs into the program.

08 Lori Gottlieb, Psychotherapist & Author, "*Maybe You Should Talk to Someone*" Gottlieb reveals the background and motivation for her personal story about the loss of a relationship during her practice as a psychotherapist --- giving her extraordinary insight into why the relationship failed. Her story resonated so much it now is being made into a television series for ABC.

15 Eric Topol, Executive Vice President, Scripps Research & Author, "*Deep Medicine*" #1. Topol describes in detail how Artificial Intelligence will greatly advance medical science and what we can expect in the coming years.

22 Eric Topol, Executive Vice President, Scripps Research & Author, “*Deep Medicine*”
Part 2 of the series.

29 Jennifer Eberhardt, Psychologist & Professor, Stanford University & Author, “Biased” #1
Professor Eberhardt reveals her key research findings when it comes to subconscious racial bias
in law enforcement and discusses the agencies she successfully worked to address these issues.
She also emphasizes research which demonstrated how police forces have overcome racial bias
through training --- creating mutually beneficial outcomes for communities and the officers who
serve them.
