This certification is provided for the following digital program service(s) distributed on cable television systems: The Hillsong Channel\*, SMILE\*, TBN Enlace\*, and PosiTiV\*.

This certification is true and correct, to the best of my knowledge and understanding, and is made this 28<sup>th</sup> day of January 2022.

Signature D'MAL

David Adcock, National Sales Director

<sup>\* &</sup>quot;The Children's Television Programming Rules Order, FCC 19-67 (released July 12, 2019), deleted the obligation for station's that multicast to air three (3) hours of digital Children's CORE programming for each multicast channel. The primary signal of a station may complete its Children's CORE obligation by airing either (i) three (3) hours per week (as averaged over a six-month period) of CORE Programming, or (ii) 156 hours of CORE Programming annually, including at least 26 hours per quarter of regularly scheduled weekly programming of at least 30 minutes in length and up to 52 hours annually of CORE Programs of at least 30 minutes in length that are not aired on a regularly scheduled weekly basis, such as educational specials and regularly scheduled non-weekly programming, and/or other non-regularly scheduled programming and short-form programming, such as PSAs and interstitials. In retaining the existing three (3) hour per week (on average) requirement the FCC also expanded CORE Programming hours to be between 6 a.m. to 10 p.m. local time, and allows stations to also air thirteen (13) hours per guarter of the regularly scheduled weekly CORE programming on a multicast stream. Accordingly, stations need to air at least two-thirds of their total annual CORE Programming hours (i.e., 104 hours) on their primary streams and no more than one-third of their total CORE Programming (i.e., 52 hours) hours on a multicast stream. All Core Programming that is not regularly scheduled weekly programming must be aired on a station's primary stream. TBN and its affiliated stations provide three (3) or more hours of CORE programming on the primary signal, and provide additional Children's Programming on its multicast channel SMILE 24-hours per day. Further, TBN's multicast channel, Enlace (a Spanish language service), also provides additional Children's Programming.

#### Certification of Compliance: FCC Children's Television Requirements for the Year 2021

On behalf of the Trinity Broadcasting Network (TBN), this is to certify that the program services named below comply with the FCC's children's television programming and commercial time limit obligations specified in FCC Rules 73.671 and 73.670 (47 CFR 73.671 and 73.670), respectively.

<sup>\* &</sup>quot;The Children's Television Programming Rules Order, FCC 19-67 (released July 12, 2019), deleted the obligation for station's that multicast to air three (3) hours of digital Children's CORE programming for each multicast channel. The primary signal of a station may complete its Children's CORE obligation by airing either (i) three (3) hours per week (as averaged over a six-month period) of CORE Programming, or (ii) 156 hours of CORE Programming annually, including at least 26 hours per quarter of regularly scheduled weekly programming of at least 30 minutes in length and up to 52 hours annually of CORE Programs of at least 30 minutes in length that are not aired on a regularly scheduled weekly basis, such as educational specials and regularly scheduled non-weekly programming, and/or other non-regularly scheduled programming and short-form programming, such as PSAs and interstitials. In retaining the existing three (3) hour per week (on average) requirement the FCC also expanded CORE Programming hours to be between 6 a.m. to 10 p.m. local time, and allows stations to also air thirteen (13) hours per quarter of the regularly scheduled weekly CORE programming on a multicast stream. Accordingly, stations need to air at least two-thirds of their total annual CORE Programming hours (i.e., 104 hours) on their primary streams and no more than one-third of their total CORE Programming (i.e., 52 hours) hours on a multicast stream. All Core Programming that is not regularly scheduled weekly programming must be aired on a station's primary stream. TBN and its affiliated stations provide three (3) or more hours of CORE programming on the primary signal, and provide additional Children's Programming on its multicast channel SMILE 24-hours per day. Further, TBN's multicast channel, Enlace (a Spanish language service), also provides additional Children's Programming."

# HBO CERTIFICATE OF COMPLIANCE WITH COMMERCIAL LIMITS FOR CHILDREN'S PROGRAMMING

I, Toni Millner, in my capacity as Associate General Counsel and Vice President – Kid Vid Compliance for Warner Media, hereby certify that for the period from January 1, 2021 to December 31, 2021:

- 1) I am familiar with the statutory limits of the Children's Television Act of 1990 (the "Act") and the FCC regulations implementing those limits (no more than 12 minutes per hour of commercial matter may be broadcast during children's programming\* on weekdays, and no more than 10 ½ minutes per hour on weekends).
- 2) As a standard practice, Warner Media formats any children's programming (as defined under the Act) within the commercial limits set forth in the Act to the extent the FCC regulations are applicable to the programming.
- 3) To the best of my information, knowledge, and belief, no children's programming aired in the period noted above on HBO or any of the HBO-branded television networks with a limited exception for the HBO Family network, which aired some children's programming as defined under the Act during the morning.
- 4) To the best of my information, knowledge, and belief, these children's programs on HBO Family were formatted within the commercial limits set forth with the Act when telecast (particularly given that HBO Family is a premium subscription cable network that is not ad-supported and has limited (if any) promotional announcements on the network).

Certified by me this 28th day of January, 2022.
