Public Radio from Fordham University**

**Quarterly Issues and Programs Report
January, February, March 2023**

This report was compiled by Robin Shannon, Director/News and Public Affairs and Student Training, Sports Director Bobby Ciafardini and Assistant Program Director Eric Gottlieb. It was supervised and submitted by Director of Technical Operations George Evans. Below is an example of what WFUV's music and news departments broadcasts in response to community needs, issues and challenges.

STRIKE A CHORD – WFUV is committed to supporting community organizations that are doing good work in the New York metropolitan area. As a way to bring important issues into focus, we spotlight a particular issue every quarter. There are news series that address issues. There are also public service announcements for local organizations dealing with the issues. There may also be events or forums that WFUV co-sponsors. WFUV hopes to help make a difference by focusing our time and resources on a theme. It runs once a quarter. <https://wfuv.org/strieachord>

ONE ON ONE is New York's longest-running call-in sports show, Saturday nights from 11pm-2am on WFUV 90.7 FM and <https://wfuv.org/sports>

NY SLICE - Every weekday at Noon, WFUV connects music lovers and our region's community of artists. Host Alisa Ali shares a "slice" of new music from a diverse array of independent artists. NY Slice showcases a vibrant range of styles and brings the city's vital, local music scene to a wider audience. <https://wfuv.org/nyslice>

COMMUNITY ADVISORY BOARD: The Community Advisory Board meets on a quarterly basis and is composed of people who are reasonably representative of the diverse needs and interests of the communities served by WFUV. Board members serve a renewable three-year term and must be willing to regularly attend board meetings. The CAB is designed to review the impact of the programming goals, community service and significant policy decisions established by the station. The CAB is instrumental in determining the local issues addressed by WFUV's "Strike A Chord" public service campaigns. The board's role is strictly advisory and it has no authority over the daily management or operation of the station. There is no financial compensation for service, and there are no fundraising responsibilities. Employees of WFUV and Fordham University may not serve.
