

QUARTERLY LIST OF PROGRAMMING PROVIDING THE MOST SIGNIFICANT TREATMENT OF COMMUNITY ISSUES

JULY 1 – SEPTEMBER 30, 2023

The following issues were identified as significant and addressed by WMTV in order to serve the community and act in the public interest as set forth by the Federal Communications Commission:

- 1. Education** – Class sizes, Connectivity, Teacher Retirements, School Referenda and Student Safety. They’ve long been issues of importance to our local viewers. Because of the pandemic, we’ve branded our commitment to these issues as “Navigating School”.
- 2. Politics** – This will include issue-based stories from all levels, with an emphasis on local and state, and the Presidential and Congressional elections.
- 3. Local Business and Tourism** – This is for coverage of events bringing tourism dollars into the viewing-area and what may affect turnout. (*Fairs, festivals, sporting events, parks, playgrounds, activities, accommodation, etc.*)
- 4. Consumer Concerns** - We’ve renewed our commitment to investigative journalism and other consumer-driven stories (scams, recalls, problem solving). Stories branded under the “NBC15 Investigates” franchise will be targeted to this category unless they fit another category better.
- 5. Severe Weather and Preparedness** – for First Alert Days, our Weather Radio programming events, and other stories where we’ve assigned additional resources to cover storms (on approach, during and the aftermath).
- 6. COVID-19** – This category is to detail coverage of the decisions and impact of decisions made by our legislative leaders, the toll on and also research being done at our local health care facilities, as well as impact on the workforce.
- 7. Crime and Public Safety** - Increased gang activity, violent crimes, stolen vehicles, home break-ins, and gun control.
- 8. Agriculture** -- Wisconsin, dubbed America’s Dairyland, currently leads the nation in farm bankruptcies. Farmer mental health and access to resources is a concern amid growing suicides. The state’s governor has also prioritized initiatives and legislation to help our ag industry. Millions of dollars were also earmarked to help farmers impacted by COVID-19 and to help get food to the hungry. *NOTE: This category will include legislative proposals and action.*
- 9. Community Impact/Outreach** - This will be for stories re: personal appearances made by NBC15 Staff. It will also include the NBC15 School Shout Out (where classrooms wish our viewers good morning) AND our hallmark Share Your Holidays Campaign to raise funds for Second Harvest Foodbank of Southern Wisconsin.
- 10. Social Justice** – This explores race relations, homelessness and human rights within our communities.
