

Ascertainment Issues Reporting, Second Quarter 2018

KMUW has addressed the following topics through local news coverage for Wichita and Kansas. Our participation in the Kansas News Service for public radio stations has increased that commitment even further. Our news department of seven (7) covers these issues in the community for broadcast and makes digital versions available online with photos and links for every story. Additional coverage occurs online at [www.kmuw.org](http://www.kmuw.org) for the many stories that we cannot fit into the broadcast schedule.

The topics were gathered from residents at survey conversations held around Wichita as part of a project to determine the community's direction for the next ten years. KMUW hosted one of the meetings in the stations lobby and had productive conversations on each of the issues. KMUW has covered each of these areas appropriately.

- Agriculture
- Community Concerns
- Crime/Courts
- Education
- Environment
- Energy
- Financial/Economy
- Government
- Health
- History
- Immigration
- Religion
- Politics
