Attached Reports Represent Q3, 2018

ECB Radio Stations WLBL (AM/FM), WHAA (FM), WHAD (FM), WHBM (FM), WHDI (FM), WHHI (FM),
WHLA (FM), WHSF (FM) and WHWC (FM) are affiliates of the WPR Ideas Network
ECB Radio Stations WERN (FM), WHWA (FM), WHND (FM), WHRM (FM), WHSA (FM), WPNE (FM),
WSSU (FM), and WSSW (FM) are affiliates of the WPR News and Classical Network

During the period, this station, as part of the network that makes up Wisconsin Public Radio, has served the public interest by producing and broadcasting diverse content which addresses national, statewide and regional issues. The following is a list of some of the produced or acquired programming or news stories aired in response to areas of concern to listeners served by Wisconsin Public Radio.

ISSUES OF COMMUNITY CONCERN:

- AGRICULTURE
- ECONOMY
- EDUCATION
- ENVIRONMENT
- HEALTHCARE
- POLITICS

NPR/Classical Music Network Quarterly Issues and Programs List October to December 2018		
AGRICULTURE	PROGRAM	DATE
It's been one week since the Farm Bill expired. Some Wisconsin agriculture groups are starting to worry about what the delayed bill means for farmers. (Duration: 49 sec)	Morning Edition	10/8/18 @ 7 am
Wisconsin farmers are expected to harvest a record amount of soybeans this year. But challenges throughout the growing season could mean a decline	Morning Edition	10/23/18 @ 5 am

in growers' profits. (Duration: 47 sec)		
A report from the Federal Reserve Bank of Minneapolis found the number of farm bankruptcies in the upper Midwest has more than doubled in the last four years. Wisconsin ag experts expect that number to continue to climb in 2019. (Duration: 45 sec)	All Things Considered	11/29/18 @ 4 pm
The US Department of Agriculture is expected to release a second round of tariff relief aid for farmers in coming weeks. But some Wisconsin experts say the first round of payments haven't helped struggling farmers. (Duration: 46 sec)	Morning Edition	11/30/18 @ 6 am
Wisconsin agriculture leaders say they're relieved Congress is taking action on the 2018 farm bill. A look at how the farm and food policy legislation passed by the Senate could impact Wisconsin farmers. (Duration: 48 sec)	Morning Edition	12/11/18 @ 5 am
ECONOMY	PROGRAM	DATE
When you think about startup hubs, does Madison come to mind? A new report from the Center for American Entrepreneurship suggests it should. (Duration: 43 sec)	Morning Edition	10/8/18 @ 5 am
U.S Senator Ron Johnson met with business leaders representing Wisconsin's manufacturing, hospitality and farming industries in Waukesha. The meeting focused on the Trump administration's trade policies. (Duration: 46 sec)	Morning Edition	10/25/18 @ 6 am
Supporters of the state's proposed incentive package for consumer products company Kimberly Clark argued their case before state lawmakers. But the plan still faces opposition - even from some employees of the company. (Duration: 45 sec)	BBC Newshour	11/14/18 @ 3 pm
Tight inventory continues to make it harder for buyers to find homes. Home sales in Wisconsin declined slightly in October and prices rose more than six percent across the state. (Duration: 44 sec)	All Things Considered	11/19/18 @ 5 pm
A quarterly survey of Wisconsin employers finds a slightly greater percentage are looking to hire in the first three months of 2019, compared to the same time last year. The percentage of companies looking to hire in Wisconsin is at a 12-year high. (Duration: 42 sec)	All Things Considered	12/11/18 @ 4 pm

EDUCATION	PROGRAM	DATE
Schools throughout Wisconsin got their state test results back. Students in grades three through eight and 11 take the tests in the spring. The newest scores are largely the same. (Duration: 40 sec)	Morning Edition	10/1/18 @ 6 am
Fewer international students are choosing to go to graduate school in the United States. UW-Madison, however, is bucking the trend. (Duration: 39 sec)	BBC Newshour	10/5/18 @ 3 pm
Voters across Wisconsin approved more than 90 percent of school funding requests they saw on their ballots. Sixty-one school districts asked voters to increase taxes or borrow to pay for construction projects and operating costs. (Duration: 43 sec)	Morning Edition	11/12/18 @ 5 am
UW-Stevens Point is eliminating six majors including history, geography and French to address a budget deficit. Campus officials are planning to reorganize the university to make it more responsive to community needs. (Duration: 42 sec)	BBC Newshour	11/12/18 @ 3 pm
As UW-Madison moves forward with the restructuring of its two-year colleges, system officials say maintaining staff at the campuses has become a concern. (Duration: 50 sec)	All Things Considered	12/7/18 @ 4 pm
ENVIRONMENT	PROGRAM	DATE
The Department of Natural Resources will not cite a frac sand mine that spilled 10 million gallons of wastewater in order to save a trapped worker. (Duration: 37 sec)	Morning Edition	10/2/18 @ 5 am
A report by United Nations scientists says steps must be taken soon to avoid more severe heat, drought and flooding as temperatures rise. Local governments in Wisconsin are looking at ways to address and adapt to climate change. (Duration: 47 sec)	Morning Edition	10/10/18 @ 8 am
The Kohler company is known for its sinks and resorts. But its plan to build a new golf course on rare wetlands and part of a state park is now being challenged in the courts. The controversial project pits business interests against the environment. Former DNR staff say the agency did not follow state standards when it approved the golf course. (Duration: 3 min, 29 sec)	Morning Edition	11/12/18 @ 5 am
A new report says the number of deer hunting licenses sold in Wisconsin has dropped about six percent in the last two decades. The state relies heavily on license sales to fund conservation work. (Duration: 44 sec)	BBC Newshour	11/14/18 @ 3 pm

The state Natural Resources Board has approved an emergency rule for commercial fishing on Lake Superior. The decision puts into practice a new agreement between the state Department of Natural Resources and two Native American tribes. (Duration: 48 sec)	All Things Considered	12/12/18 @ 4 pm
HEALTHCARE	PROGRAM	DATE
Hospitals in Wisconsin and around the country are seeing more unpaid bills. In Wisconsin, uncompensated medical care topped a billion dollars. (Duration: 48 sec)	Morning Edition	10/1/18 @ 6 am
With opioid deaths still rising, the state's health department is trying new ways to help people find local treatment option. (Duration: 45 sec)	Morning Edition	10/22/18 @ 6 am
The Jennie-O Turkey Store in Barron is recalling 91,000 pounds of ground turkey products that the U.S. Department of Agriculture says may be associated with an outbreak of Salmonella. (Duration: 39 sec)	All Things Considered	11/16/18 @ 4 pm
Sign ups for health plans sold in Wisconsin on the Affordable Care Act marketplace are down from this time last year. (Duration: 45 sec)	Morning Edition	11/29/18 @ 6 am
There are more cases of Legionnaires Disease at UW Hospital. At least 11 people have contracted the disease. (Duration: 47 sec)	All Things Considered	12/7/18 @ 4 pm
POLITICS	PROGRAM	DATE
The race for the 23rd State Senate District of western Wisconsin is attracting national attention from major donors hoping to keep the seat and ultimately the Senate under Republican Control. (Duration: 44 sec)	All Things Considered	10/18/18 @ 4 pm
President Trump held a rally in Mosinee to boost support for U.S. Senate Candidate Leah Vukmir and Governor Walker just two weeks before the general election. (Duration: 46 sec)	Morning Edition	10/24/18 @ 6 am
Democrat Tony Evers claimed victory early Wednesday morning over Governor Walker in a hotly contested governor's race. (Duration: 47 sec)	Morning Edition	11/17/18 @ 5 am
GOP state lawmakers are moving forward with plans to return to the Capitol in a so-called "extraordinary session." One of their proposals could curb early voting in Wisconsin. (Duration: 42 sec)	All Things Considered	11/30/18 @ 4 pm
Governor Walker broke his silence on several of the measures passed during last week's extraordinary	BBC Newshour	12/11/18 @ 3 pm

session. (Duration: 47 sec)		
-----------------------------	--	--

Ideas Network Quarterly Issues and Programs List October to December 2018		
AGRICULTURE	PROGRAM	DATE
Gasoline with a higher percentage of ethanol could soon be coming to a pump near you and stay there. Learn the details of the plan, the impact it could have on states like Wisconsin and the potential benefit it creates for farm state Republicans in an election year. (Duration: 9 min, 30 sec)	The Morning Show	10/10/18 @ 6 am
As harvest season ramps up, we learn how Wisconsin drivers can safely share the roads with a greater number of large, slow-moving tractors and farm equipment. (Duration: 9 min, 28 sec)	The Morning Show	10/11/18 @ 6 am
Farmers in rural Wisconsin often struggle with access to healthcare due to lack of providers, distance to facilities and the unaffordability of health insurance. The Rural Health Initiative was formed in 2004 to address some of those barriers. (Duration: 12 min, 46 sec)	The Morning Show	10/23/18 @ 7:20 am
The U.S. Food and Drug Administration is considering cracking down on plant-based products that use the word "milk" in their name, like almond milk and soy milk. But what is milk? We learn how the FDA defines the term and discuss how dairy milk stacks up to its plant-based alternatives. (Duration: 21 min)	The Morning Show	10/24/18 @ 6 am
Farmers haven't been allowed to grow hemp in Wisconsin for almost 50 years. That changed last year when Gov. Walker lifted the ban, and since then interest in growing the crop in order to extract lucrative cannabidiol, or CBD, has flourished. (Duration: 10 min, 15 sec)	The Morning Show	11/15/18 @ 7:45 am

<p>The nation has an oversupply of Wisconsin's official state fruit, the cranberry, which could result in 25 percent of this year's crop being dumped. Learn what this means for the our state, the nation's leading producer of the fruit, and what can be done with the excess. (Duration: 12 min, 16 sec)</p>	<p>The Morning Show</p>	<p>11/19/18 @ 7:30 am</p>
<p>From risings tariffs to uncertainty over a new farm bill, Wisconsin's agriculture industry is facing some serious issues. But our guest says overproduction is actually what's harming farmers most. Learn how we got to this state of overproduction and what governments and farmers can do to reverse the trend. (Duration: 20 min, 57 sec)</p>	<p>The Morning Show</p>	<p>11/27/18 @ 6 am</p>
<p>Global warming threatens crops everywhere — including the ones key to brewing beer, hops and malting barley. Scientists and farmers are trying to figure out what making beer might look like in the future, with hydroponics and even synthetic hops made from genetically engineered yeast. But it's also been projected that beer prices could double as farming becomes more difficult. We take a look at what beer brewing might look like in an age of warmer temperatures and more frequent droughts. (Duration: 11 min, 30 sec)</p>	<p>The Morning Show</p>	<p>11/6/18 @ 6:15 am</p>
<p>A revamp of the Farm Bill has been stalled for months in Congress. Learn about the latest updates lawmakers are considering. (Duration: 11 min, 49 sec)</p>	<p>Central Time</p>	<p>12/7/18 @ 4:30 pm</p>
<p>For almost 20 years, one man in Alma has been working to promote a better cultural understanding between dairy farmers and their workers by arranging trips to the homes of farm hands in Mexico. (Duration: 10 min, 28 sec)</p>	<p>Central Time</p>	<p>12/12/18 @ 3:30 pm</p>
<p>ECONOMY</p>	<p>PROGRAM</p>	<p>DATE</p>

<p>One of the nation's largest companies is raising its minimum wage for all of its workers. Starting next month, Amazon will pay all its American employees \$15 an hour, which is more than double the federal minimum wage. But will other companies follow suit? (Duration: 43 min, 35 sec)</p>	<p>The Morning Show</p>	<p>10/3/18 @ 7 am</p>
<p>A look at what the United States-Mexico-Canada Agreement means for big tech companies like Google and Facebook. (Duration: 11 min, 22 sec)</p>	<p>Central Time</p>	<p>10/4/18 @ 4 pm</p>
<p>Cooperatives, or co-ops, can be found all over the state. These are organizations equally owned and controlled by their members. While many associate co-ops with agriculture, places like your credit union or health care provider may also be one. A look at the range and impact of co-ops in the state and what they can bring to a local economy. (Duration: 9 min)</p>	<p>The Morning Show</p>	<p>10/5/18 @ 6 am</p>
<p>Widespread flooding in August and September caused \$37.2 million dollars in damage, according to an assessment from FEMA. The extent of the flooding prompted Gov. Walker to request a federal disaster declaration from Pres. Trump. (Duration: 9 min, 31 sec)</p>	<p>Central Time</p>	<p>10/5/18 @ 3 pm</p>
<p>The Foxconn deal could see some changes once Governor-elect Tony Evers takes office in January. Evers has been critical of the multi-billion, Walker-led deal with the Taiwan-based electronics manufacturer, citing a low return on investment for Wisconsinites and environmental concerns. (Duration: 10 min, 12 sec)</p>	<p>Central Time</p>	<p>11/8/18 @ 3 pm</p>
<p>After applications from hundreds of cities and offers of public incentives worth billions, Amazon chose New York City and the Washington D.C. area to host its new headquarters. A look back at the "HQ2" contest and ask if there are better ways for states and cities to compete for potential jobs. (Duration: 22 min, 45 sec)</p>	<p>Central Time</p>	<p>11/20/18 @ 4 pm</p>

<p>With Black Friday and Cyber Monday now in the rear view mirror, the holiday shopping season is in full swing. For retailers, it's the most crucial season of year. But as the retail landscape continues to change, and once beloved stores go out of business, there's more pressure than ever on the remaining traditional retailers to get it right. Learn about what's at stake for these stores and businesses this holiday season. (Duration: 20 min, 58 sec)</p>	The Morning Show	11/28/18 @ 6 am
<p>General Motors announced sweeping cuts to its North American staff which means the likely elimination of thousands of jobs. An auto industry reporter discusses what brought the company to this point and what it says about the industry as a whole. (Duration: 21 min, 52 sec)</p>	Central Time	11/29/18 @ 3:30 pm
<p>According to new data from the Census, household incomes are rising and poverty saw a small decline in Wisconsin. The Census also looked at internet accessibility for the first time in the report. (Duration: 6 min, 8 sec)</p>	Central Time	12/7/18 @ 3:15 pm
<p>The Environmental Protection Agency is planning to lift carbon emission standards for new coal power plants, which the industry had argued were inhibiting new development. An expert on the U.S. energy market discusses how the Obama-era guidelines affected the coal industry and what the future holds. (Duration: 11 min, 24 sec)</p>	Central Time	12/11/18 @ 4:30 pm
EDUCATION	PROGRAM	DATE
<p>This November, Wisconsin taxpayers will decide whether to pass more than \$1 billion in additional funding for public schools in the form of referenda. Meanwhile, referendums are on the rise in the state, according to a new policy report. (Duration: 43 min, 47 sec)</p>	The Morning Show	10/4/18 @ 7 am

<p>In the 2017-18 school year, roughly 40 percent of Wisconsin students scored as proficient or higher on reading, math and science assessment tests. That number hasn't changed much in the past few years. A look at what the numbers mean and what this looks like from teachers' point of view. (Duration: 21 min, 37 sec)</p>	<p>The Morning Show</p>	<p>10/9/18 @ 6:30 am</p>
<p>Nineteen percent of high school students in Dane County say they've vaped in the past month — three percent more than three years ago, according to a new assessment. Learn about what schools and retail stores are doing to address the problem. (Duration: 12 min, 12 sec)</p>	<p>The Morning Show</p>	<p>10/15/18 @ 6:35 am</p>
<p>Gov. Walker says if re-elected, he plans to restore state funding for schools to two-thirds their total cost. Meanwhile, Tony Evers says he'll work to cut middle-class taxes by 10 percent. Learn about the latest proposals in the race for governor. (Duration: 11 min, 53 sec)</p>	<p>Central Time</p>	<p>10/16/18 @ 3 pm</p>
<p>This isn't your typical history class. By the time you've completed the course, your mom may have admitted to having a bell bottom obsession and dancing at the discos and your dad may have confessed to having a small interest in Bruce Springsteen. Hear from a UW professor that teaches a course called "The History of Your Parents' Generation" focusing on not only the big political and historical events, but also what the interests of people growing up and entering adulthood in the 70s and 80s. (Duration: 12 min, 8 sec)</p>	<p>Central Time</p>	<p>10/29/18 @ 4:15 pm</p>
<p>A new series from the Milwaukee Journal Sentinel looks at how high rates of student turnover affect children, parents, teachers and administrators. In the third installment, a look at how the issue plays out in rural schools and those in smaller urban areas. (Duration: 21 min, 57 sec)</p>	<p>Central Time</p>	<p>11/1/18 @ 4 pm</p>

Wisconsin's colleges and universities are seeing a shrinking pool of in-state high schools graduates. Hear about the challenges facing higher education in the state and what colleges are doing to attract students to their schools. (Duration: 9 min, 53 sec)	Central Time	11/2/18 @ 3 pm
A University of Wisconsin-Milwaukee program recently received \$1.1 million to address the shortage of teachers in the American Indian Community. Learn about the shortage and how the program aims to show American Indian students what's possible. (Duration: 10 min, 13 sec)	The Morning Show	11/5/18 @ 6:45 am
In our ongoing look at student turnover, a mom and her eighth-grade twin boys share what it was like switching schools between second and third grade. They suggest what parents, teachers and administrators can do to help ease that transition. (Duration: 14 min, 46 sec)	Central Time	11/22/18 @ 3 pm
You probably remember a book or two you read or had read to you growing up. Books can have lasting impressions on kids. The educator at the anti-defamation league recommends some titles for different age groups. (Duration: 13 min, 2 sec)	Central Time	12/3/18 @ 3:15 pm
ENVIRONMENT	PROGRAM	DATE
Global temperatures are expected to rise by seven degrees Fahrenheit by 2100, according to a report released by the National Highway Traffic Safety Administration in July. The 500-page write up was released to justify President Trump's call to free fuel-efficiency standards for cars built after 2020. (Duration: 21 min, 14 sec)	Central Time	10/2/18 @ 4:30 pm
The Wis. Department of Natural Resources is requesting funding renewal for the Knowles-Nelson Stewardship Program which is set to expire in 2020. (Duration: 9 min, 30 sec)	The Morning Show	10/3/18 @ 6 am

<p>Ten years ago, President George W. Bush signed the Great Lakes Compact into law. The goal of the agreement was to manage how water would and could be removed from the lakes. Since then, some towns and businesses have requested access to their lakes for their own use. (Duration: 21 min, 53 sec)</p>	<p>Central Time</p>	<p>10/3/18 @ 3:30 pm</p>
<p>Milwaukee's Urban Ecology Center got its start in a double-wide trailer in Riverside Park, a neglected urban green space during the early 1990s. Now it's a flourishing environmental education and nature center attracting youth from nearby neighborhoods to explore science through hands-on experiences and mentorship. (Duration: 40 min, 48 sec)</p>	<p>The Larry Meiller Show</p>	<p>10/24/18 @ 11 am</p>
<p>UW-Green Bay is leading a project to seed wild rice in several locations with the hope of restoring habitats for fish and migrating birds. Learn about how wild rice grows and why it's so important to Wisconsin's wildlife. (Duration: 11 min, 17 sec)</p>	<p>Central Time</p>	<p>11/6/18 @ 3:15 pm</p>
<p>Just three percent of the water on Earth is freshwater, and the Great Lakes hold 20 percent of that supply. What are the specific stressors that face our Great Lakes today and what are we doing about it? (Duration: 34 min, 26 sec)</p>	<p>The Larry Meiller Show</p>	<p>11/13/18 @ 11:45 am</p>
<p>Governor-elect Tony Evers' environmental policies are likely to be drastically different from his predecessor's. While Gov. Walker cut science positions from the Department of Natural Resources and joined a group of states suing the federal government over the Clean Power Plan, Evers has said he'll give more power to the DNR and prioritize issues like pollution and climate change. But in order to do that, he'll have to get past a Republican controlled legislature. (Duration: 9 min, 29 sec)</p>	<p>The Morning Show</p>	<p>11/14/18 @ 7 am</p>

The number of deer hunting licenses sold in the state has declined by 6 percent since 1999, according to a new report from the Wisconsin Policy Forum. This has raised concerns about how some state conservation efforts will be funded in the future if the trend continues. (Duration: 9 min, 13 sec)	Central Time	11/15/18 @ 3 pm
As we move closer to winter, we talk about this year's deer hunt, how the weather is affecting wildlife and get some holiday gift ideas from our guest wildlife expert. (Duration: 22 min, 32 sec)	The Larry Meiller Show	12/5/18 @ Noon
New rules are coming to the Great Lakes Compact and the changes will have an impact on how communities outside of the watershed are able to withdraw water from the lakes. Learn about the guidelines and some of the controversies surrounding the multi-government agreement. (Duration: 6 min, 56 sec)	Central Time	12/7/18 @ 3 pm
HEALTHCARE	PROGRAM	DATE
Accessibility is something that people with disabilities have to consider while planning their travels — but that information isn't always available. Our guest is developing an app to help fix that. (Duration: 9 min, 29 sec)	The Morning Show	10/1/18 @ 6 am
What role can employers play in keeping down health care costs? (Duration: 11 min, 52 sec)	Central Time	10/4/18 @ 3:15 pm
An outbreak of the Ebola virus in Africa between 2014-16 killed more than 11,000 people and threatened to become a global catastrophe. A look at the worldwide response to the outbreak and what it can teach us about responding to deadly diseases in the future. (Duration: 12 min, 22 sec)	Central Time	10/5/18 @ 3:15 pm
Age-related macular degeneration is an eye disease that afflicts more than 9 million Americans and can cause serious vision loss. We talk with an ophthalmologist about the condition and possible treatment breakthroughs on the	The Larry Meiller Show	10/8/18 @ 11:45 am

horizon. (Duration: 34 min, 23 sec)		
According to the Centers for Disease Control and Prevention, 77 percent of Americans don't get enough exercise. Now a new study says not exercising may pose a greater risk to one's health than smoking, diabetes and heart disease. (Duration: 11 min, 39 sec)	Central Time	11/2/18 @ 3:15 pm
The Food and Drug Administration announced last week that it would move to ban menthol cigarettes and flavored cigars - two products that have disproportionately harmed African Americans. Learn why some think the proposal is long overdue and how it could substantially lower smoking rates in black communities. (Duration: 12 min, 49 sec)	Central Time	11/19/18 @ 3:15 pm
New data from the Centers for Disease Control and Prevention show the U.S. infant mortality rate has not significantly changed since 2011. A look at some of the reasons why, what the problem looks like in Wisconsin, and what's behind some of the racial disparities seen in the state and nationwide. (Duration: 11 min, 42 sec)	Central Time	11/19/18 @ 4 pm
Mealtime can be a battle for some families. We learn why some kids are picky eaters and look at ways to help your child develop positive eating habits. (Duration: 37 min, 46 sec)	The Larry Meiller Show	11/29/18 @ 11:45 am
Researchers at the University of Wisconsin, Madison are developing a new bandage that aims to reduce the time it takes a wound to heal. We talk to one of the lead researchers of the project. (Duration: 6 min, 40 sec)	Central Time	12/6/18 @ 4:15 pm
A recent report from the RAND Corporation sheds light on a method of treating heroin addiction that has had some success abroad: using prescription heroin. Learn about the merits of the approach, and some of the challenges	Central Time	12/10/18 @ 4:30 pm

with bringing it to the U.S. (Duration: 9 min, 18 sec)		
POLITICS	PROGRAM	DATE
In the days and weeks leading up to the 2016 election, many polls showed Hillary Clinton clinching an easy victory. As we all know, that didn't happen. Now, as we approach the midterm elections, another round of polls are coming out...but should we trust them? (Duration: 9 min, 29 sec)	The Morning Show	10/1/18 @ 8 am
Absentee ballots cast by Wisconsin voters have more than doubled between the 2004 and 2016 elections. What's behind the soaring number of ballots and what's the future of this type of voting? (Duration: 9 min, 29 sec)	The Morning Show	10/5/18 @ 8 am
A recent poll showed Gov. Walker with a slight lead in support, but another released the next day showed his Democratic challenger Tony Evers with as much as a 10 point lead over Walker. We'll talk to a polling expert about what to do when poll results say drastically different things. (Duration: 9 min, 9 sec)	Central Time	10/12/18 @ 3 pm
Political groups have already spent millions of dollars to influence voters choosing Wisconsin's next governor. Hear from a political reporter who's following that money and watching the strategies gubernatorial candidates are using on the air. (Duration: 34 min)	The Morning Show	10/15/18 @ 7:15 am
When the Census Bureau counts people in prison, it doesn't always count them as residents of their home districts. Instead, it counts them as residents of the district where the prison is located — even though most states place voting restrictions on prisoners. Learn the import of these laws and the consequences for democracy. (Duration: 20 min, 57 sec)	The Morning Show	11/5/18 @ 6 am

<p>Voters across the country are angry, and with an election just around the corner, they'll likely be taking that anger with them to the polls. While political anger is nothing new, many feel like it's being amplified in the age of Donald Trump. An anger expert discusses how the emotion is being used by both candidates and voters these days, what all this political anger is doing to us, and what, if anything, can be done about it. (Duration: 34 min)</p>	<p>The Morning Show</p>	<p>11/5/18 @ 7:15 am</p>
<p>A look at the results of the national races: voter turnout, what the new makeup of Congress means for policy, President Trump's response and more. (Duration: 21 min.)</p>	<p>The Morning Show</p>	<p>11/7/18 @ 6 am</p>
<p>The new Democratic House of Representatives majority met to vote on leadership. We discuss the results with a political scientist and find out how the opposition to Nancy Pelosi played out. (Duration: 9 min, 29 sec)</p>	<p>The Morning Show</p>	<p>11/29/18 @ 6 am</p>
<p>State Republicans are getting ready to take up several proposals - some of which are designed to weaken the power of incoming Gov. Tony Evers. Learn what's being considered and how the measures are being received on either side of the political aisle. (Duration: 10 min, 38 sec)</p>	<p>Central Time</p>	<p>12/3/18 @ 4 pm</p>
<p>Gov. Walker addressed the public in Green Bay and signed three bills into law that were passed during a extraordinary session. Learn what the bills mean for the Wisconsin Economic Development Agency, the Kimberly Clark Corporation and more. (Duration: 20 min, 58 sec)</p>	<p>The Morning Show</p>	<p>12/17/18 @ 7 am</p>
